

# THE BOTTLE THAT COMFORTS

It would be hard to find anything that will afford the comfort that a good hot water bottle will.

## WARMING COLD FEET

is but a small part of their mission. Wherever there is pain, they will relieve.

The hot water bottles we carry are the all rubber kind. Some are pure Para gum, others cloth insertion with reinforced seams. All are reliable no matter what the prices. We have one, two and three quart sizes and face bags.

## THE CHARLOTTETOWN GUARDIAN

FRIDAY MORNING, JANUARY 11, 1907.

### THE DUTY OF THE PROVINCIAL GOVERNMENT.

We have given more emphasis to the discussion of our relations with the Dominion of late because the gravity of the question is greater than ever before. It is greater now than it was in the winter of 1905, when both the people at large and the Government and Legislature sent delegates to Ottawa demanding another winter steamer and the construction of the Tunnel. It is greater now, since two years have elapsed with nothing done or attempted to be done to remedy our grievances. It is greater in gravity because what was then promised us has not been performed; because the resolutions of our Government and Legislature and of the People's Convention have been set at naught by the Government at Ottawa. It is greater because in three years so many of our Island people have migrated to other lands never to return; because our country is fast becoming depopulated owing to the shameful neglect of the powers to whom in an ill-fated moment we intrusted the destinies of this Province.

What is, what has been, the duty of the Government of the Province under circumstances such as these? Is it, has it been their duty to rest supine, or to remonstrate? Certainly a due regard for the interests of the Island, if not a due regard for their own self-respect, should have bound them to take official notice of the neglect and breach of faith at Ottawa. Has such notice been taken? Has any remonstrance been forwarded to the Federal Government? Has a demand been made upon that Government for payment of the damage since incurred by the Province? If not, then we feel bound to say that our trusted representatives have failed in their duty, have slept upon our rights and are deserving of censure. No doubt when the Legislature shall meet the matter will be inquired into and the correspondence called for.

If the Provincial Ministers have not taken the action which the urgent circumstances so clearly indicated as necessary, they cannot too quickly and energetically move to repair the fault, as the question of winter communication is likely to be very much at the front in the months to come. And the Guardian is very much disposed to keep it there till justice shall be done. The Government did well to take the action they did two years ago and this journal commended them for so doing. It was their clear duty to follow up and give effect as far as possible to the resolutions then adopted. The resolutions of the Legislature were then unanimously passed and the Opposition joined with the Government in adopting them. The fact is recalled to show that this was by no means a party question. It was treated as a question far above all mere considerations of party. It was treated as an expression of the profound and earnest conviction of the whole body of our citizens that the matters recommended were of the greatest urgency.

When the delegation was appointed, May 8th, 1905, to carry to Ottawa the unanimous resolutions of our Legislature, the Guardian asked that the Leader of the Opposition be made a member of the delegation, because we thought that such a course would add weight to representations made on behalf of both parties and of all the people. The Government did not accept the suggestion. They appointed Premier Peters, Hon. Peter McNutt, the late Hon. George Simpson and Hon. F. E. Hazzard to go to Ottawa. They thus assumed the responsibility to speak, not only for themselves and for the Liberal party of this Province, but for the Opposition as well. They were thus doubly bound not only to make the demand for the additional winter steamer and the Tunnel, but to follow up that demand, to resent any delay, to refuse any compromise, and to confront the denial and breach of promise that have since occurred with an instant and determined assertion of the rights of the people of Prince Edward Island. How have the Provincial Ministers discharged this solemn trust and this great responsibility? This is surely a pertinent and timely inquiry.

The people of Prince Edward Island are today more in earnest on this matter and more exasperated than they were two years ago. The broken promises and disappointed hopes, the bungled management of the winter service, the exorbitant freight rates exacted, the supercilious official disregard of the people's wishes and needs, have produced a feeling that recalls the days when men took up arms in defence of their rights. It breeds ill for the permanence of our relations with Canada, if the wrongs so grievously felt, so long endured and so deeply resented are not speedily redressed. We believe the Provincial Government is not without some concern in this matter, but we greatly fear that they have been neglectful of their full duty in the premises. The political barometer is falling and a heavy ground swell around our shores indicates a coming storm!

### WITHOUT TELEGRAPH NEWS.

One of the oldest telegraph cables lies at the bottom of the Straits of Northumberland, pulseless and dead. The newspapers, the business men, the people of Prince Edward Island are shut off from telegraphic communication with the world since Saturday the 5th instant. Present prospects are that the deprivation will last for months, perhaps till spring.

What is the Ottawa Government doing to supply the loss? They have a Marconi station at Cape Bear on the southern shore of this Island. The two winter steamers are equipped with the wireless electric service and operators. The Government refuses to send a press message or a business message by their wireless system, in such an emergency!

Why is this? The Government organ here, The Patriot, tells us. It is because the Anglo American Telegraph Company which owns the broken cable, claims a monopoly. We will amend that plea. It is because the Government of Canada, in the hour of the Island's need, chooses to recognize a claim to a monopoly that does not exist!

Nearly ten years ago the Guardian quoted the contract and proved therefrom that the Anglo American Company had no monopoly. Some years later Sir Louis Davies, then Minister of Marine and now a Judge of the Supreme Court, speaking from his place in Parliament, with the authority of a Minister of the crown, and of a counsel learned in the law, affirmed that the Company had no monopoly. Later, Hon. Donald Ferguson in the Senate, in a well reasoned argument demonstrated that the monopoly claim was baseless.

Now, with the cable broken and telegraphic communication shut off, with the Marconi appliance at hand, the Government sets up the claim of the Company's monopoly. It is an outrage!

### THE TRAIN SERVICE.

It will be remembered that last year the summer train service was continued till the 4th of January. This year the winter arrangements went into effect on 31st December, so that the first week of the New Year contained four days on which greater numbers of trains were run than

this year. Notwithstanding this fact, the Guardian understands the number of passengers carried during the week was 50 per cent in excess of last year. This is one of the facts that go to show the present winter time table, considering the number of trains, is the best the Province has ever had. But it is far from satisfactory in regard to the service into this city from the west.

We must again ask Superintendent Sharp whether he cannot improve this feature, and either have a train leave Summerside each morning for Charlottetown returning each evening; or to run the Cape Traverse train each morning into Charlottetown as an express, returning in the afternoon; or at least, falling both these proposals, to run the Cape Traverse train into Charlottetown on Mondays, Wednesdays and Fridays each week—the three days on which it is now impossible to reach the City by rail from the west and return the same day.

The Examiner proposes to end all our troubles by restoring the Conservative party to power at Ottawa. But in the name of all that's federal what did they do for us when they were in power!

### Losing Muscular Power?

The First Sign of Mental Decay—The Warning of General Break-Down.

Changes in the nervous system manifest themselves slowly. They show first by muscular weakness—a feeling that threatens paralysis, or by a stiffness in the head that indicates approaching apoplexy.

It seems like stiffness but you soon discover there's a lack of power—that the endurance of this or that muscle is not what it ought to be.

Your friends may notice a slight thickening of speech or that your memory is decidedly failing.

These symptoms may grow worse very quickly if they are not treated by Ferronose. You must build up the nervous system. This can be accomplished in no other way as thoroughly and permanently as by the use of Ferronose.

This remarkable remedy, which has cured tens of thousands of Canadian people, increases enormously the digestive power, stimulates the formation of blood, the rich, red kind that puts new life into the nerves.

The first result of these changes is increased strength. Natural circulation quickly follows, and that fullness in the head so disturbing and alarming, too, quickly passes away.

These changes are wrought in a natural way, for the reason that Ferronose treats the causes that excite these troubles.

For the aged and weak who need strength—for those run-down and thin—for the sickly and nervous who lack staying power—nothing compares with Ferronose.

No tonic gives such lasting good health; try it yourself. Sold by all dealers in 50c bottles.

### THE STORY IN A NUT SHELL—DAINTY FROCKS.

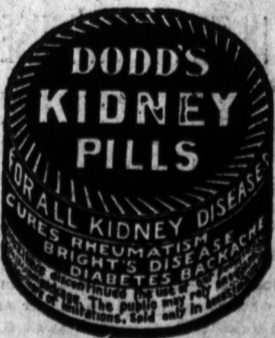

Christmas and New Year's now over sewing time will soon be here. Mothers are anxiously looking about for dainty stuff for little wad-dresses for their little girls. We have hundreds of pretty patterns in wash goods and materials for warm school dresses—the odds and ends of show sellers. Many of these are the best short lengths from the best sellers of 1906 goods. Others are the old-timers show sellers—some are anything but pretty others two high in price for ordinary trade—all are out in suitable lengths and the price cut in too. Jas Paton & Co. 1-104d.

"The Doctor," Ralph Connor's new book, another lot of 50 copies just received from the publishers. This book is considered the best yet written by this popular Canadian writer. Send for a copy, strongly bound in cloth, price \$1.25, by mail postage paid. Address Carter & Co., Ltd., Booksellers & Stationers, Charlottetown. 1-114d.

If you are run-down, nervous, have no ambition or appetite and lack energy take Hughes' Digestive Tonic and improvement will follow the first few doses. It is a wonderful appetizer, nerve food and invigorator. Price 25c per bottle. See E Hughes Apothecaries Hall. 1-104d.

### IMPORTANT

The Charlottetown Guardian is the only Prince Edward Island newspaper that places its circulation figures before the public. Prospective advertisers are invited to call and investigate the Guardian's circulation statement before placing their advertising elsewhere.

## REMNANTS! REMNANTS! REMNANTS!

P. E. Island Pharmaceutical Association Examinations.

The board of examiners of the P. E. Island Pharmaceutical Association will meet for the purpose of examining candidates offering for registration on Jan. 31st, 1907. Every candidate for examination shall satisfy the Council that he has served as assistant in a drug store for not less than four years and at least two of these years has been employed in the dispensing of prescriptions.

Candidates must give notice to the Secretary-Registrar in writing of their intention to present themselves for examination at least fifteen days before the date fixed for the examination. Such notice must be accompanied by examination fee of \$5.00, and by certificate to the satisfaction of the Council that the candidate possesses the qualifications above described. Any person entering his name and not presenting himself at the time and place fixed for the examination shall forfeit his fee to the Association.

R. M. JOHNSON, Secretary-Registrar.
