Springhill Iron Dukes Retain Intermediate Title By Defeating S'side 9-4

(C.P. By Guardian's Special Wire) SPRINGHILL, N. S., Oct. 17 — Springhill Iron Dukes won the Maritime Intermediate Baseball Championship for the second consecutive year today, defeating Summerside All Stars 9-4 in a sudden death match for the title.

Playing in crisp fall weather, the visitors snapped into action early in the game and nearly had the miners discouraged by scoring one run in the first and two in the fifth.

The Iron Dukes got down to business in their half of the fifth, however, and completely routed the All Stars, piling on nine consecutive hits for eight runs. They added another in the sixth and proceeded to hold their comfortable margin. All Stars had brought their total up to four in the first half of the sixth but never really threatened to overtake the defending champions.

A sudden death match was decided upon after the teams had failed to come together for their scheduled three-game series, because of weather and other difficulties. The Springhill outfit qualified to meet the All Stars by defeating the Bathurst team, champions of New Brunswick.

Summerside's first run today was scored on four errors. Four hits and an error gave them two runs in the fifth and they seemed to be having things their own way until the Iron Dukes sprang into action.

Jimmy Wilson, the bespectacled Summerside writer, who had limited the hard hitting Dukes to one lone single in four innings, weakened as the Iron Dukes came to bat in the fifth. Merritt, the first man up, went out short to first and then things started to happen. Crawford poked out to centerfield and C. Ward led trying to field the drive as Crawford went clear to third.

Then the Dukes started to hit the ball into the open spots and the visitors became discouraged. The whole team batted, including Merritt who came up for a second time. Errors by Dadds and C. Ward helped to roll up the score.

The visitors had a conference but Wilson stayed in the box, because there was nobody to relieve him. Finally Dukes were retired after 13 batters had faced the pitcher.

The Dukes made three hits in the sixth, but a timely double play held them down to one run. Again in the seventh the All Stars executed a pretty double killing and three more Springhill hits went for naught.

ENFIELD WINS HANDICAP IN RECORD TIME

Second Successive Year For American Owned Horse to Win Cesarewitch.

(C.P. By Guardian's Special Wire) NEWMARKET, England, Oct. 17 — In one of the most dramatic runnings of the famous handicap, Marshall Field's Enfield today won the Cesarewitch over the two-and-a-quarter mile route.

The 6th renewal of the event was marked by surprises. It was the second year in succession an American-owned horse had won. Enfield's time of 3:48 1-5 set a new record. And it was the first time since the war a favorite had won.

Enfield started at 7 to 1. Second half a length back came Sir Abe Bailey's Shining Clover at odds of 20 to 1. J. B. Joel's Penny a Line was third, another half length back, and was quoted at 33 to 1.

Last year the famous long-distance handicap was won by J. E. Widener's Seminole. Not since 1916 when Sanctum, starting at odds of 8 to 4, won the race, had the favorite finished first.

Heavy mist shrouded the field and added to uncertainty as to the outcome. So closely were the horses bunched that half a mile from the finish practically every horse stood a chance. It was a remarkable effort for Enfield, carrying a 10-pound impost for a victory in the Newbury Cup event recently.

Among other distinctions, Enfield also claimed the honor of being the first horse since 1921 to win both the Newbury Cup and the Cesarewitch in the same year. Yutold did it in 1921.

Jockey Sirett rode a great race on the winner, trained by Captain Boyd Rochfort. Regret was felt in racing circles that Marshall Field at present was in the United States and unable to see Enfield's triumph. It was Sirett's first win in the Cesarewitch.

Nine horses finished, with Dejazombs, a handsome grey and one of the four French challengers, finishing fourth. Training Dejazombs were Solar Boy, Polly Stephens, Rising Sun, Soliman's Feast and Dusty in that order.

Twenty-seven horses ran, with Dejazombs, a handsome grey and one of the four French challengers, finishing fourth. Soliman's Feast, fifth, Polly Stephens sixth, Rising Sun seventh, Soliman's Feast eighth, Dusty trailed the field.

Leading Miler Dean Boys Weary Of Publicity

(By Edward J. Nell, Associated Press Sports Writer) NEW YORK, Oct. 17 — Those Dean Boys, who are about as silly as a certified cheque, have finally broken under the strain of the parade of triumph.

"Boy," sighed big Diz wearily today as he swept into Manhattan with 11 brother Paul, "if we wasn't dizzy, we sure are in a whirlwind now!"

They've been on a dead run ever since they conquered Detroit Tigers four times in the World Series and rocketed into sudden fame Manhattan would do but they tour the land pitching in exhibition ball games. And are they weary.

Paul has a sore arm and a doctor in Philadelphia told him he mustn't throw a ball for two months. Diz is weary right down to his soul.

"When this is over," he said, "ah'm goin' down to Bradenton, Florida and lock every darn door in mah house. They're goin' to have to shove mah fish into me through a sieve pipe."

"Me too," said Paul, though he's going visiting first to Houston, Tex. But tired, or not, they're the same Dean boys, grinning and happy, voluble, quaint as ever, born showmen — big Diz doing the talking, brother Paul agreeing in between.

"Ah'm getting to shudder every time ah see a camera," said Diz as the flashlights flared. "Ah'm so sore ah can't bend."

"Me too," said Paul. winter prospects, so far as can be judged, are good.

Facts Reassuring Mr. Hungerford declined to be drawn into any expression of opinion as to the general progress out of the depression. He preferred to deal with facts. And the facts, so far as the Canadian National Railways are concerned, are that gross earnings since the first of the year have aggregated about \$13,000,000 more than during the same period last year, while the net earnings have increased by about half that amount. About one-half of the increased earnings have been absorbed in increased expenses.

SEES HOPE OF MARITIME WIN IN YACHT RACE

OTTAWA, Oct. 16 — If the rest of Canada would join in a subscription to buy a yacht, a Maritime seaman would sail it in quest of America's Cup, and he believed successfully the Premier L. P. D. Tilley, of New Brunswick, stated in an interview here tonight.

"I'm too busy to start the subscription campaign myself but why doesn't some one take up the idea?" asked Mr. Tilley. "We should be able to win that cup for Canada."

Mr. Tilley arrived in Ottawa with the two other Maritime premiers, Hon. Angus MacDonald of Nova Scotia and Hon. Dr. W. J. P. MacMillan of Prince Edward Island. They will be in the capital for several days in connection with the sittings of the commission on Maritime claims.

LEAFS WILL CHANGETACTICS Toronto Team to Play Defensively on Road Trips.

(C. P. By Guardian's Special Wire) TORONTO, Oct. 17 — Wide-open and crowd-popping hockey hockey to be displayed by Toronto's Maple Leafs on their road trips will be abandoned this coming season, Connie Smythe, managing director of Toronto's entry in the National Hockey League, said here today.

At a get-together luncheon Smythe told directors, players and newspapermen that while the Leafs would continue to please their home-town patrons with their open and speedy play their type of play on the road would likely be much different.

Smythe said he expected the Leafs to be much stronger defensively this coming season and if, while the Leafs were on the road, the home teams played defensive hockey, the Leafs would do likewise. He hinted that heretofore the Leafs had paid too much attention to the offensive on their road trips, much to their own disadvantage in the matter of games won and lost.

The majority of the team left for Galt, Ont., today where the Leafs will do their pre-season training.

BRUINS GATHER QUEBEC, Oct. 17. — (C.P.) — Four players, the vanguard of the Boston Bruins of the National Hockey League arrived in Quebec today. The quartette consisting of Johnny Gagnon, Blake, Dahstrom and Brett registered at a local hotel to await the coming tomorrow of the balance of the Bruins' squad who are to do pre-season training here.

Visit to Summerside At Summerside the party was met at the station by Mr. J. P. Hogan, station agent, Mayor Lidstone, Senator MacArthur, B. W. Robinson, President of the Board of Trade, A. E. MacLean, M. P. L. R. Allen, M. L. A. J. F. Ames and others. After looking over the railway property, the party were driven round the town and then paid a visit to the new municipal airport at the invitation of Mr. A. R. Brennan, President of the P. E. Island Aviation Club. They considered the airport very well equipped and a great advantage to the town from the view point of tourists.

Dependable Snipers Sought To Take Advantage Of N. H. L. Penalty Rule

MONTREAL, Oct. 17. — National Hockey League coaches busy at their pre-season training camps throughout the country are casting about for the most dependable snipers on their clubs to make full use of the new penalty shot rule. The new rule, reminiscent of soccer's free shot, was last month as a penalty for tripping a player to prevent him scoring a goal.

Final terms and conditions of the new regulation are being overhauled preparatory to the opening of the season on November 8. The rule is designed to punish a defending player who trips or otherwise fouls an attacking player to prevent him getting a clear shot at the goal, when the attacker has eluded all players but the man who fouls him.

The offence calls for a free or penalty shot to be taken at the offender's goal by any player of the opposite team not serving a penalty at the time. All other players but the player making the shot and the defending goal keeper must retire to the side of the rink. The puck will be placed on a spot in the centre of a 10-foot circle. The centre of the circle will be 38 feet out from the goal mouth.

RY. HEADS (Continued from Page 1) which the party has made, covering all sections of Canada. Not a Prophet Asked by a Guardian representative as to the prospects for continued improvement in railway earnings, President Hungerford replied: "Your guess is as good as mine." He added, however, that the percentage increase in earnings since the first of the year has been greater in the Atlantic Region than in any other section, which indicates greater business activity both in freight and passengers. The train left at 3:30 for the mainland.

SPORT JOTTINGS

The Nomads of the football turf have about taken all the kinks out of their system in the last few days and are all set to take on the red and black warriors of P. W. C. Saturday afternoon. The boys are full of enthusiasm and under the eagle eye of Lou Campbell have developed a fast hard tackling outfit.

Typical of the enthusiasm displayed by the newcomers to keep football on the map heretofore is the case of Fred Jenkins who pedals no less than six miles each evening to attend practice.

With the announcement of the "Big Four" lineups each club has been materially strengthened with Saint John and the Abbots undergoing the greatest change. Many newcomers from Upper Canada and the West will be campaigning in the Maritimes and it looks as if one of the hottest seasons in hockey is in the offing.

St. F. X. Wins From Acadia Ruggers 6-0

(C. P. By Guardian's Special Wire) WOLFVILLE, N. S., Oct. 17 — Led by a fighting Cape Breton trio, St. Francis Xavier University defeated Acadia University today 6-0 to jump into the lead in the semi-final series for Nova Scotia intercollegiate rugby supremacy.

Acadia, present leaders of the Halifax City League, were completely outplayed the whole way, and had only one chance to play. Playing without the services of five regulars, they did not seem to possess their usual punch.

St. Francis-Xavier's score was made of two unconverted tries scored within ten minutes of each other in the first half. Leo Topabee completed a 25-yard run to make the first tally while Horace Mulholland got the final marker when he picked up a loose ball and dashed through centre.

NEW HAVEN, Conn., Oct. 17 (A.P.) — Mike Fratini, Italian welterweight champion, and Arvy Callahan of Boston, New England welterweight champion fought 10 furious rounds to a draw here tonight. There were no knockdowns. Fratini weighed 147, Callahan 147.
