Connie Mack's Philadelphia Athletics pushed over 10 runs in one inning to defeat Chicago Cubs in a world series game at the Quaker City 10 years ago today. Down 8-0 going into the seventh inning, the A's clubbed out 10 hits for all their runs and won the game 10-8. They went on to win the series as well.

Strong S. D. U. Fifteen Leave Saturday For Games With U. N. B. And Mt. A.

Starting their second season as members of the Maritime Intercollegiate League, western section, a section that embraces Mt. Allison, U. N. B. and the local University, S. D. U.'s rugby warriors leave here Saturday morning next for their trip around the circuit, playing Mt. Allison at Sackville on Saturday afternoon and meeting U. N. B. at Fredericton on Monday afternoon. After the Mt. A. game the team will travel as far as Moncton where they will stop over night resuming the journey to Fredericton on Sunday and thereby will have plenty of rest before tackling the Fredericton University fifteen. 17 players, in addition to Coach Rev. Walter McGuigan will make the trip.

Saints this year are every bit as formidable as the squad that last year made such a fine showing in their initial start in the intercollegiate ranks. They are a bit heavier than last years' team and also a little faster and although being held to a tie in their first start this year against a surprising Army team, nevertheless considering the weather conditions, with a field soaked with rain and drizzle falling all through the match their performance was such that the spectators immediately placed their stamp of approval on this year's edition of the Red and White squad. For a team that depends almost wholly on a fast passing attack their performance on that occasion was remarkable considering the heavy greasy ball they were forced to handle.

Just glancing over the squad one finds that the average weight of their forward line is 168; the halves average 162; the three quarters 147 1-2, with the team's average weight being 159 pounds, pretty well distributed over the entire lineup.

Following are the players with their weights in brackets who will make the trip and it is expected that a large delegation of local fans will accompany the boys and take in the Mt. Allison game on Saturday as said fans will be able to return to the City that same evening.

The only doubtful starter on the regular lineup will be fullback Chisholm who suffered a severe hip injury against the Army team Chisholm however will make the trip and if the injury is sufficiently healed will be in his regular position.

The players and weights.

Fullback:

Chisholm (170)

Three Quarters:

Connors (156).
Smith (156).
Murnaghan (148).
J. Trainor (152).
J. Coyle (134.)
J. O'Shea (140).

Halves:

Forwards:

Connolly (166.)
Mooney (172)

Local Players Signed With C. B. Squad

SYDNEY, N. S., Oct. 11—Sydney Millionaires of the Cape Breton Senior Hockey League announced today they expected to obtain Bill Dickie, who goaled Saint John Beavers to the Maritime title last year. Dave Evans, who tended nets as Sydney won the Nova Scotia title crown last winter, has been released.

As understudy to Dickie, Millionaires have signed Keith Langille of Charlottetown.

Others to line up this year will include playing coach Bill Gill, Tarky Whitlock, Charlottetown junior; Bun McLenahan, Fredericton, N. B.; and Jack and Doug Fritz.

New Job For 'Old Iron Hoss'

NEW YORK, Oct. 11—Lou Gehrig, a hero of athletic youth of the United States and the mould of form at first base for New York Yankees until his semi-invalidism, has a new job. The ailing, graying "iron man" of 36 will put his talents to the correction of the errant and wayward.

By appointment today of Mayor Laguardia, he becomes a city parole commissioner at $6,000 a year and already is deep in the study of penology and human correction.

"I believe," said the Mayor, "that he will not only be an able, intelligent commissioner, but that he himself will be an inspiration and a hope to many of the younger boys who have gotten into trouble.

"Surely the misfortune of some of the young men will compare as trivial with what Mr. Gehrig has so cheerfully and courageously faced. He expects to devote his life to the public service."

Thus the retiring captain of the perennial world champion Yankees ends a career in baseball that carried him through 2,130 consecutive games, from the day early in the 1925 season, when he took over first base from Wally Pipp, until the day early this last season when he voluntarily benched himself and went to the Mayo Clinic to learn that he had a form of paralysis that demanded conservation of his muscular energy.

Noted Montreal Writer Says Moncton-born Goalie Has Makings Of Greatness

"Claude Bourque of Moncton will be an outstanding goalie this winter in the National Hockey League" was the prediction made yesterday by the noted sportswriter Elmer W. Ferguson of the Montreal Herald in an article appearing in the Moncton Transcript to which city Mr. Ferguson had gone to spend Thaanksgiving with his mother.

We reproduce from the Transcript part of Ferguson's article in which he sums up briefly the hockey situation also.

Says Mr. Ferguson:

"Claude Bourque of Moncton will be an out-standing goaler this season in the National Hockey League, in my opinion. Not everybody appreciates what this little fellow did, or the gap he bridged at a single leap, in hopping from amateur ranks, to face such bombers as Charlie and Roy Conacher, Jackson, Schriner, Barry, who not only fire terrific shots, but are superb stickhandlers, just as far in advance of the amateur craftsman as the professional is ahead of the amateur in practically everything. The only preparation Bourque had for this long leap forward was an occasional morning practice with Canadiens, plus coaching by Wilfie Cude. It is the intention of the team management this year to have Bourque as first-string goaler. With the experience he had last year, he will be out-standing, and he is a kid with plenty of fight who will thrive under competition."

"Summing up the hockey situation I believe amateur hockey will be terrific in Montreal this season, following the glory trail which Royals hit to the finals last spring; that one of the Laprades will star for Rangers, making the jump right from Port Arthur Bearcats; that Boston Bruins and Rangers will again fight it out for the National Hockey League title but that Bruins will lose considerable driving force through the absence of Eddie Shore. By and wide Shore was the greatest hockey player I ever saw. He had skill, superb courage both physical and mental, terrific aggressiveness, solid qualities of leadership. Bruins will miss Shore. In our time we saw probably the most durable hockey players who ever lived—Shore and Joliat. Complete contrasts, these two. Shore, big burly, strong, depending on power. Aggressive, truculent, almost murderous in his early stages, when his eyes used to burn with that queer red light. Joliat, pale, scrawny, sickly-looking and really sickly, because he never was physically quite well, but with amazing judgment of pace, perfect rhythm and control, ability to turn on a dime and one of the great all-time stick handlers. For durability, and other qualities hockey won't know their contrasting like again."

Whitlock To Play With Sydney Team

News of "Tarky" Whitlock's signing with Sydney Millionaires in the Cape Breton League will come as no surprise to hockey fans on the Island. After the slim centre's sensational performance last winter climaxed with his brilliant work against Perth Blue Wings there was never any doubt but that Whitlock would be picked up mighty quick.

Entering his first year of senior hockey Tarky should make his presence felt on the lineup of last year's runners-up for the Maritime title. A prolific scorer, with loads of grey matter between his ears Tarky has been improving every year since he first made his appearance as a Midget-Ranger. Last season was by far his greatest and his host of local followers will be pulling for him to make good as he steps into senior ranks.

Another junior Keith Langille will be with Sydney. Langille a product of the junior ranks also is a capable goalie and last year played with St. Michael's College of Toronto.

Use Minard's for aches.

Status Of Hartnett With Cubs Undecided

CHICAGO, Oct. 11—(AP)—P. K. Wrigley, owner of Chicago Cubs today said he was "undecided" on the managerial status of Gabby Hartnett for 1940. But, he added, pitcher Dizzy Dean could stay with the club, if he wanted to—after a likely slash in salary.

Wrigley also was definite on another point—his dissatisfaction with the 1939 club—"save for occasional spells, they didn't look like a real team. They didn't seem to operate as one unit. . .I would like to find out why and correct the trouble."

"As to Hartnett's return," he said, "I am undecided. Whatever is for the best interests of the team, I am for naturally. His contract runs into December."

Ball Clubs Go Shopping As Trade Winds Blow As Aftermath Of World Series

(By Sid Feder, Associated Press Sports Writer)

NEW YORK, Oct. 11—The trade winds that are bound to follow the World Series drifted across the baseball world today and all the way from New York Yankees down Philadelphia Phillies, every club was shopping, ready to trade or sell, buy or barter.

First basemen, particularly, were being placed on the counters to see what sort of offers they could lure. Babe Dahlgren of the Yankees, big Hankus-Pankus Greenberg of Detroit Tigers, and Zeke Bonura of New York Giants received prominent mention in trade talk.

One of the managers receiving special attention is Frankie Frisch, who returns to the game as manager of Pittsburgh Pirates. Brooklyn, the Giants, and one or two others are interested in some of the stock at Pittsburgh, notably the Waner brothers, shortstop Arky Vaughan, rookie outfielder Morris Van Robays and pitcher Truett Sewell.

Most clubs seem set to let the rumor foundry operate three shifts daily between now and the winter meeting in Cincinnati in December. Part of the situation seems to shape up this way;

Yankees—The Yankee front office watched Lou Gehrig on first base so long, anyone with less ability is unsatisfactory. So, they're going to pass Babe Dahlgren, who did better than an average job this year, over to St. Louis Browns for the heavier-hitting George McQuinn.

Cincinnati Reds—No 1940 player contracts have been offered yet, and a house-cleaning, particularly in the outfield, seems in order.

Detroit Tigers—Seem set on getting rid of Greenberg. One report is that Hank will wind up in Washington in exchange for shortstop Cecil Travis, southpaw pitcher Ken Chase, and a bundle of cash. Another whisper says Travis will go to the Tigers in exchange for Rudy York.

Brooklyn Dodgers—The Dodgers are looking at the pennant for '40. They've made bids for Joe Medwick, and Larry MacPhail will offer second-sacker Pete Coscarat for Paul Waner; would like shortstop Arky Vaughan from Pittsburgh, too.

Are Making Good Showing In Tryout

QUEBEC, Oct. 11—(CP)—George Bell and Harold Ingram of Moncton, N. B., have been making "very good" showings in pre-season practices here with Springfield Indians of the International-American League, coach Johnny Mitchell said tonight.

Bell, a rightwinger and Ingram, a leftwinger, are among the 25 or more players trying for position with Indians, who recently were purchased by Eddie Shore, stellar defenseman of Boston Bruins. Selection of players for this year's team is expected to start next week.

New Forward Trio For Red Wings?

DETROIT, Oct. 11—A new major league forward line is in the making at Detroit Red Wings' training camp here as 66 veterans and rookies battle for berths on the National Hockey League team.

Manager Jack Adams has Cecil Dillon, Don Deacon and Jack Keating working together, hoping the line will solve one of his problems.

Adams hopes the line, especially the Deacon-Dillon combination, will produce rich scoring dividends. Deacon, who set an International-American League record at Pittsburgh last season with 65 points, never has clicked in expected fashion whenever he was brought up to the N. H. L. by the Wings.

School Best Since First Says Patrick

WINNIPEG, Oct. 11 —(CP) — New York Rangers' 1939 amateur hockey school was termed "the best since the first one" by Manager Lester Patrick following the third session, at the Winnipeg ampitheatre today.

From the first amateur school in 1934, 14 of the 22 who attended have made good in professional hockey. Five of them—Babe Pratt, Mac and Neil Colville, Alex Shibicky and Lynn Patrick —are with the National League Rangers now.

The 27 hand-picked stars were drilled in two shifts, each scrimmaging for an hour and a half, and after the last group left the ice Patrick said he might have to withhold the school's breakup another day to select the players most likely to fit into the Ranger chain.
