THE QUEEN'S COUNTY GUARDIAN

Head Offices in New Prowse Block--Charlottetown.

R. Lawson, Geo. H. Brennan and Heath Coombs, Sydney, is visiting in this City.

W. H. Semple, Toronto, and Chas. Rogers, Quebec came to the City by the mail special Saturday.

On Friday evening next an all Canadian concert will be given in St. James' Hall by the Y.M.C.A.

A bright carnival was held at the McDonald Consolidated School last week which was largely attended.

Rev. J. T. Robertson and Mrs. Robertson, who made so many friends during their stay in this Province last year have arrived safely at Lahore India.

On Saturday The Guardian had a pleasant call from Jonathan Smith of Kingston. Mr. Smith, who was born in 1828 will celebrate his 80th birthday on Feb. 14th. Mr. Smith is in excellent health and could easily pass for a man of sixty five or seventy years.

The rain of Saturday, and the very mild weather accompanying it removed a lot of the snow from the City streets. It has excited the hopes of horsemen and skaters, who hope for a frost to succeed in making good glib ice on the river, so that each can enjoy his favorite pastime.

On another page there is a rather good letter on the Co-operation Dairying problem, to which The Guardian directs the attention of readers. In it the writer sizes up the situation tersely and it must be confessed with much humor and common sense. What he advocates should receive thoughtful consideration and earnest support, at any rate his letter should be carefully read, and should stimulate those interested to action in the matter.

The funeral of the late Mrs. Jas. R. McKie, City, took place Saturday afternoon at Sherwood Cemetery. Very many friends attended to pay a last tribute of respect to one who was dearly beloved. The floral offerings were beautiful. Rev. H. E. Thomas conducted the services. The chief mourners were the five sons and husband, while the daughters were Robert Bearfoot, F. H. Bear, Joseph Clark, Frederick Rowe, John Collings and Harry Stetson.

Rev. Benjamin Chappell is now briefly in this country says the New York Advocate after eighteen years in Japan as a missionary. He is an ardent advocate of international peace and a member of the Japan Peace Society, which, besides missionaries, includes many eminent Japanese in civil life. The American Peace Society, 31 Beacon Street, Boston, has issued a leaflet by him on the peace movement in Japan, which we would recommend to Jingo editors. Mr. Chappell is a native of this City.

Teachers of the Eastern Inspectorate having pupils who desire to correspond with the school children in other parts of the Empire, should apply to Inspector McCormac for opening letters. Mr. McCormac has recently received three batches of letters written by children in the rural schools of Wales as well as a number of letters written by pupils of the old historic town of St. Alban's England. Through the kindness of the Tourist Association, Mr. McCormac is enabled to supply neat attractive letterheads for the use of Island children in corresponding with pupils in other parts of the Empire.

At his home in De Gros Marsh on Jan 31 at the early age of thirteen years and nine months there passed from earth to eternity, the soul of a gentle pious boy, in the person of Francis McPhee. Deceased was ill only one week and from the first moment of his illness he bore his suffering with the greatest patience, till the Almighty called him to himself. Being always of a kind and quiet disposition, and most exemplary character, he gave an example worthy of imitation. His remains were followed by a large concourse of friends and relatives to St. George's Church. Afterwards the body was taken to the adjoining cemetery and laid to rest there to await the glorious resurrection. He leaves to mourn a sorrowing father and mother and two sisters Bessie and Gertrude. Com.

Minard's Liniment Co., Limited. Some time ago I had a bad attack of Quinsy which laid me up for two weeks and cost a lot of money. Finding the lump again forming in my throat, I bathed freely with MINARD'S LINIMENT, and saturating a cloth with the liniment left it on all night. Next morning the swelling was gone and I attributed the warding off of an attack of Quinsy to the free use of MINARD'S LINIMENT. G. P. WORDEN. St. John.
