

FALL a good time to paint

If your buildings show the need of paint, have them painted now--this Fall. The Fall is just as good a time to paint as the Spring--in fact it there are worn spots on your house or barn it is not wise to leave them exposed to the rain and damp that will strike them during the coming winter. S. W. P. will give the best protection to your buildings and last so long that it is the most economical paint you can buy. Ask your dealer for

THE MORNING PAPER.

Some Reasons Why It Makes the Best Advertising Medium.

A woman's curiosity to know about society, marriages, births, deaths, forces her to read it. The Morning Paper is before her all day long, and it is when she is doing her household duties, arranging and improving the appearance of her home, that the missing and necessary curtains or other necessities, show up the plainest and there could be no more opportune time for a dealer to tell about his new designs, the new styles and the bargains offered, for the day or week.

In a majority of homes the news paper is practically the bulk of the articles of furniture, rugs, carpets, reading matter, and the long, all-day life from 5 a. m. to 10 p. m. of The Morning Paper gives not only the housewife but every member of The Morning Paper is read at the breakfast table, again at home at noon, on the trains, in the restaurants. It is read in doctor's offices, professional offices, clubs, hotels, cafes, barber shops. It is read by daylight everywhere you go by both influence and national reputation are exceptions, the papers with editorial. It is a known fact that throughout the world, possibly with a half-dozen Morning Papers.

Carterhall, Mfd. Minard's Liniment Co., Limited.

Dear Sirs,--While in the country last summer I was badly bitten by mosquitoes, so badly that I thought I would be disfigured for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected, a few applications completely curing the irritation, and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the mosquitoes.

Yours truly,

"A man's early fall overcoat wants 'I want style.' And you're right. It is style in clothes that shows the peasant. A smart, spic-and-span, stylish fall overcoat is a business asset. All the striking new features are here, as well as the more conservative cuts--every one in exact--the right fashionable lines. But best of all, this style and shapeliness is tailored into each garment--it will have that stylish appearance until it is worn out. The man who buys his overcoat here will get both style and service at such modest over--the difference between the price and coat prices as eight, ten, fifteen, eighteen and twenty dollars.
