Kryptok glasses give to the eyes the natural eyesight of youth—enables you to see both near and far objects with equal keen vision. Yet in appearance they are just like single vision glasses. That is why they are universally known as "the invisible bifocals." Do you fuss with two pairs of glasses—one pair for near vision, the other pair for far vision? If you do—you need KRYPTOK glasses.
Ask us about them!—superior EYE SERVICE.

The safe has already been installed and the permanent teller's cage erected and it only needs the completion of the manager's office to make it ready for opening. Needless to say it promises to be a splendid piece of work and the employees are to be congratulated on their efficient workmanship. We feel sure that this institution will meet with the success it deserves. G.

Quite a number of soldiers have returned looking well, although there are still some overseas yet, it is remarkable that every one from this vicinity escaped with only a slight wound and quite a number without a scratch although being in the thick of the battles.

Girls! Draw a Moist Cloth Through Hair Double Its Beauty
Try this! Hair gets thick, glossy, wavy and beautiful at once.
Immediate?—Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous, and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil; and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few weeks use, when you see new hair, fine and downy at first, but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents.

*GLEN MARTIN.—The school is progressing favorably under the skillful management of Miss Belle Bruce. He anticipates an enjoyable trip. Mr. Sam MacPherson, of Glen Martin, has been busy storing ice for the summer tourists who have cottages here. The many friends of Mr. Chester Martin are glad to see him around after his recent illness. Mrs. Mary MacPherson and Miss Mary McLean spent the week-end visiting friends here. The many friends of Mr. Hugh Gillis are sorry to learn of his intended departure for Lewes, where he has purchased the valuable property generally known as the McKinnon property. This being one of the best and most convenient farms in Lewes, having a beautiful risin; stream of water passing through it, and also a fine growth of hard and soft wood, would be a fine place for duck farming. Mr. Gillis is to be congratulated on his purchase. Mr. Dan McDonald, Glen North, is visiting friends in Murray River and vicinity. John Alfred McDonald, provincial land surveyor, is expected here shortly. The many friends of

Mr. Jack McKenzie are glad to inform around again after being confined to his home most of the winter through the effects of lumbago. Mr. James Matheson spent the week-end visiting friends in Bellevue. Mr. Wm. McKenzie has been mentioned as a possible candidate in the coming election. Mr. McKenzie is a popular and talented young man, having a great grasp of all the public questions of the day, and being an eloquent platform speaker, he would certainly be a strong candidate. It is not known definitely, however, whether Mr. McKenzie would accept the nomination if it were tendered him. B
