

**COLDS, HEADACHE, SOUR STOMACH?
REGULATE YOUR BOWELS--10 CENTS**

You men and women who get a cold easily—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy stomach.

Are you keeping your bowels clean with Cascarets—or merely dosing yourself every few days with salts, pills, castor oil and other harsh irritants? Cascarets immediately cleanse and sweeten the stomach, remove the

sour, undigested and fermenting food and foul gasses; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

A Cascaret tonight straightens you out by morning—a 10-cent box keeps your heart clear, stomach sweet, liver and bowels regular and you feel buoyant for months. Don't forget the children.

NO FURTHER ARMS.—It is understood that the Military Department at Ottawa has prohibited the issue of any small arm ammunition to any rifle club of association in future until the war is over.

DONALDSTON.—Following is the standing of Donaldston School for September:—Grade VII.—1, Stella Morris. VI.—1, May Morris. Grade V.—1, Laura Court. Grade IV.—1, Vera Caveller. Grade III.—1, Annie Bowlan. Grade II.—1, Thomas Dougan. Grade I.—1, Fred Lynch. Joseph Devereaux, Teacher.

W. M. S. MEETING.—The Thanksgiving meeting of the W. M. S. was held in Grace Church schoolroom last evening. A very large congregation gathered to hear an address by the American Consul, Dr. Mayer. His address was greatly appreciated as was evidenced by the standing vote of thanks accorded him. Miss Millican gave an appropriate reading; Mrs. Andrew Ritchie sang a song and the Sunday School orchestra gave a selection, all of which were thoroughly enjoyed by the audience. A collection on behalf of the W. M. S. was taken up which, the Guardian understands, was very satisfactory.

The Egmont Bay and Mount Carmel Exhibition, which was held yesterday, was a great success. The attendance was very large and the number of exhibits was greater than usual.

The judging was done by Prof. Ross, Reid and Tennant and Mr. J. A. Clark, Superintendent of the Experimental Farm. The number of horses out was greater than usual, and some of them were of excellent quality. In cattle the Ayrshires were superior. In the class for aged bulls of this breed three extra good ones entered the ring. After considerable inspection the red tickle was awarded to the club bull from St. Chrysostom, a large deep-bodied bull of excellent quality, six years old.

In the class for aged cattle a large and deep-bodied cow, owned by Stanislaus Gallant, of St. Chrysostom, came first. Mr. Gallant also showed a very fine heifer out of this cow. In Holsteins some fine cows, heifers and bulls were shown. Shorthorns were not up to the mark. A very excellent yearling bull, purchased last spring by the farmers club at Maximville from Professor Ross, came into the ring. He should make a great improvement in the shorthorn cattle of the district.

Both sheep and pigs were better than usual. Very little poultry was shown, and the quality was not extra. In the building the exhibits were excellent. There were eleven exhibits of large smooth swede turnips and five of soft. The potatoes were large, some of them much too large. In two baskets every potato weighed over a lb. The pumpkins too, were very large, and there were fourteen entries of beans. The women's department was also well filled, and some good samples of fruit were shown.

The Fair was formally opened by His Honour the Lieutenant-Governor at 2 p.m. He congratulated the people on their splendid exhibition and then addressed them on the needs of the war.

Prof. Ross dwelt on the value of the exhibition in stimulating every farmer to do his very best. He pointed out that 153 out of the 200 institute members had taken advantage of their opportunities and made entries, and some of them had entered in many sections. The largest exhibitor was Joseph H. Arsenault, who made 41 entries. Mrs. Joseph Le Clair, H. H. Darby, L. A. Arsenault and E. E. Arsenault were also large exhibitors. Much credit is due Rev. Dr. Boudreau for the success of the Fair. He was on hand all the time and gave much assistance to those directly in charge of the departments.

Among the visitors were His Honour the Lieutenant-Governor, Rev. P. P. Arsenault, Rev. J. A. Macdonald, Rev. Father McLean, Hon. A. E. Arsenault, Mr. H. D. Dobbie, M.L.A., John Grady, of Summerside, and many others.

The Fair was a success in every way, and was a great credit to the people of Egmont Bay and Mount Carmel.

To Grow Hair on A Bald Head

BY A SPECIALIST.

Thousands of people suffer from baldness and falling hair, who, having tried nearly every advertised hair tonic and hair-grower without results, have resigned themselves to baldness and its attendant discomfort. Yet their case is not hopeless, the following simple home prescription has made hair grow after years of baldness, and is also unequalled for restoring grey hair to its original color, stopping hair from falling out, and destroying the dandruff germ. It will not make the hair greasy and can be put up by any druggist; Bay Rum, 6 ounces; Lavender Compound, 2 ounces; Menthol Crystals, one-half drachm. If you wish it perfumed, add 1 drachm of your favorite perfume. This preparation is highly recommended by physicians and specialists, and is absolutely harmless, as it contains none of the poisonous wood alcohol so frequently found in hair tonics.

ANOTHER ISLANDER.—Among the many island boys who volunteered for the front was Corporal Walter McLean, son of Mr James McLean, Georgetown, who has been in Winnipeg for several years and is now in England.

RESPECTED CITIZEN PASSES AWAY.—Many will learn with deep regret of the death of Mr James Howard, carriage builder and painter, of Kensington, P.E.I. The deceased had not been very well for some time. There are left to mourn their sad loss, besides—a widow, three daughters and four sons as follows:—Mrs. Wm. Cohen, Mass.; Miss Addie, Exchange manager of the P.E.I. Telephone Co. at Kensington, and Miss May at home; John and Lorrens of New Brunswick, Archie of Summerside and William of Margate. Mr. Howard was one of those men who was loved and revered by all with whom he came in contact, and his loss will be sadly felt in the community. The funeral which was largely attended, took place on Wednesday at 2 o'clock p.m. to St. Marks Cemetery, Kensington.—Y.

SUDDEN DEATH.—The death occurred at Haverhill, Mass., on Oct. 14, 1914, of Mrs. William Daly, aged 22. The late Mrs. Daly was a daughter of Mr and Mrs Patrick Stewart of this city, who received a telegram yesterday announcing her unexpected death, but giving no particulars. Beside her husband and two small children, there are left to mourn her father and mother and six brothers and six sisters:—John Stewart, Daniel, William, Martin, James and Joe. The sisters are Mrs. James Gillan, Mount Stewart; Mrs. John McInnis, Mrs. Thos. Griffin, Charlottetown; Mrs. Clarence Stonefield, of Newbury, and Florence at home and Mrs. Wallace McNeill of Haverhill, all of whom will have the sympathy of a wide circle of friends in this the first break in their family. The remains, accompanied by Mr. Daly, are expected to arrive in this city Friday night. Funeral notice later.

"A few years ago I had my doubts as to the black fox business, I must confess that my last visit to the island has convinced me that it is as permanent an industry as any we have." Thus spoke a Pictonian, who returned recently from a vacation spent on the Gem of the Gulf. He told us that the war did not seem to have affected the fox business at all. The prices remained where they had been options were being taken up freely, and good dividends were looked for from the majority of the companies. It gives us a number of instances of Islanders who had made big money in foxes, men we had heard about before. One man expected to receive \$12,000 in dividends this year, another had made \$12,000 in the business, and so on.

Speaking of conditions in general on the Island our informant said that they had never been better. A grand crop had been harvested and the black fox dividends, were simply the rich clotted Devonshire cream on top of prime milk. He did not believe that there was a place on the face of the earth where the people were as well off as they were on the Island. There was practically no poverty. As to whether their increasing wealth had made them more generous there was a question. We mentioned the gift of 100,000 bushels of oats by the Island to the Empire. "Yes," said our friend, "but you must remember that the oat crop on the Island is 500,000 bushels greater than it was last year, so that after giving the 100,000 bushels the Islanders are still 400,000 bushels better off than they were last year, and they were then well off." Pictorial Advocate.

A GOOD MOVE.—The Guardian is informed by Dr. Pethick that meat and meat food products, intended for the relief of the Belgian sufferers will be allowed export without meat inspection certificate or marking, provided in view of the quantity of some cured, and consequently non-inspected, meats that are being contributed by the farmers throughout the province.

A CONCERT.—A patriotic concert was held in Vernon Bridge Hall, Wednesday evening last and an excellent program was rendered before a large and appreciative audience. Great credit is due to all the local talent who participated in it, making this the most successful entertainment of the number, but special mention is due to Mr. H. Irving Beers, who, while being on a short visit home, kindly gave readings from Kipling and Robert W. Service. The rendition of these were splendid, showing the aid of a gifted elocutionist coupled with long and careful training. This most efficient help by Mr. Beers is greatly appreciated by all. The hall was artistically decorated with British flags which greatly enhanced the patriotic fervor of the occasion. The following is the program:—Chorus by Ladies' voices—Red, White and Blue. Recitation—Rolling round the flag—Master Robert Ennals. Solo—Heart of Oak—Master Herbert Brown. Recitation—Bravo! Master George Tweedie. Solo—O Canada—Miss Lavenia Ross. Throwing a Stone Into a Pond

produces a series of ripples in ever-widening circles that stretch out and out until they finally reach right up to your own feet at the water's edge.

Every time you purchase something "Made in Canada" you start a ripple of prosperity—reaching out in ever-widening circles, through shopkeeper, wholesaler, manufacturer, farmer, right back to yourself; for no matter what you yourself produce, what occupation you are engaged in, your individual prosperity is dependent on the general prosperity of the country—on keeping every Canadian busy.

Dollars spent for Canadian-made goods help to do this; some of the dollars spent for Canadian-made goods are bound to come back to you—all of the dollars spent for imported goods are gone—are starting a ripple in someone else's pond.

Start a Ripple of Your Own by Saying "Made in Canada"

CHOIR PRACTICE.—Mrs. Keth Rogers will preside at the organ of St. James on Sunday next. The choir is requested to meet for a special rehearsal this evening at eight o'clock.

ALEXANDRA SCHOOL.—The following is the standing of the pupils of Alexandra School for the month of September:—Grade VIII.—1, Oledine Wood; 2, Florrie McKinnon; 3, George McKinnon. Grade VI.—1, Susie Burhoe; 2, Jenny Robertson; 3, Chester Burhoe. Grade V.—1, Doris Judson; 2, Anita Wood; 3, Athol Judson. Grade IV.—1, Walter Burhoe; 2, Hedley Burhoe. Grade III.—1, Gay Judson; 2, Forden Judson; 3, Wilbur Wood. Grade II.—1, Winnie Burhoe; 2, Bernice McCabe. Grade I.—1, Helen Wood; 2, Beatrice Judson.

INTERESTING.—A Thanksgiving Service was held in the Pownall Methodist Church on Sunday evening. The church had been previously beautifully and artistically decorated with flowers and vines from the garden, sheaves of golden grain and the various kinds of roots from the field, fruit from the orchard, and beautifully tinted branches from the forest, each and all, as silent witnesses of God's goodness. The Rev. Mr. Weeks preached a most appropriate sermon from Heb. 13th, 15th and 16th verses. There are two kinds of thanksgiving, tangible and intangible. Praise to God as in the text, "The fruit of the lips," when sincere is acceptable to God. But the tangible "to do good" was far more acceptable. The large congregation listened with evident appreciation. Appropriate hymns and Thanksgiving Anthems by the choir contributed to an enjoyable Thanksgiving Service.

FOX NOTES.—Business in the fox industry is still brisk, and the Roy. Investment Exchange has received applications for stock from Providence and New York, in both cases substantial amounts being invested. The Exchange has been receiving enquiries as to the state of the industry, etc.

RIFLE MATCH.—The final matches of the York Rifle Club will be held on the York Rifle Range on Wednesday, Oct. 21, and Saturday, Oct. 31, commencing at 12 o'clock sharp. The annual prize shooting will be held in conjunction with the competition on Oct. 31. It is important that every member be present.

NO NEWS.—One of the P. E. I. contingent in Sydney, writes to relatives in Charlottetown stating that the soldiers have all been "lectured" on the seriousness of giving away uncensored letters in information regarding the military work of the men, etc., and have been warned that anyone who is found disregarding the injunction will be dealt with severely.

WOMEN'S INSTITUTES.—Mrs. Dunbrack and Miss Stearns met the ladies of Murray River on the evening of the 13th and organized an Institute in that section with the following officers: Pres., Mrs. Albert Horton; Vice-Pres., Mrs. McLure; Secy., Mrs. B. Koenan; Mrs. Walter Carney; Mrs. Cudahy; Mrs. Robert Whiteway; Auditors, Miss Agnes Carney and Miss Edith Whiteway. This Institute will include the school districts of Murray River, Dover and Gladstone. The regular meetings will be held at seven o'clock in the evening of the first Friday of each month. Walsh, representing the Canadian Oil Co., Halifax, was in Victoria, Saturday. Mr. Charles F. Miller, Victoria, was in Charlottetown on business on Saturday. Mr. and Mrs. E. H. Wright, Victoria, were visiting in Summerside, Friday and Saturday. Miss Dorothy Clark and Messrs. Harry Lea and Lorne Lea, students at Prince of Wales College, spent their Thanksgiving holidays at their homes in Victoria. The many friends of Mr. Jack Lea, Victoria, are pleased to see him able to be out after his recent severe illness.—Y.
