Through good times and bad the PRINCE EDWARD ISLAND FUR POOL LIMITED maintains the same solid, sound and responsible business organization which has enjoyed the CONFIDENCE of so many ranchers in the past.

— Business Integrity —  
— Financial Responsibility —  
— Years of Experience —

This combination provides silver fox ranchers with a marketing service which last season secured for its patrons slightly over \$20.00 in average per pelt (including all low grades, pieces and culls) this being 10% above the average price received the previous year. Each year our average return for pelts has been higher than through any other channel.

To maintain this high standard we continue to retain the same PERMANENT management and staff who have always fully appreciated their responsibility to each patron. No expense is spared to place our offerings on the most profitable markets and last season 95% of our entire shipments were to London where through the facilities of the Auction Houses there and the activity of our London representative, who has had over twenty years experience in the international fur trade, we have received net prices substantially above those available in other markets.

Since organized in 1930 over 90% of our volume has been received from Maritime ranchers—75% from Prince Edward Island ranchers where we are best known.

higher education at McGill and to promote fellowship among students already at the University. The officers elected for the current year are as follows:  
Honorary President, Hon. Dr. Cyrus Macmillan; Honorary Vice-President, Dr. G. R. Brown; President, H. Lloyd Henderson; Vice-President, Frank A. MacMillan; Secretary, Dorothy Bentley; Treasurer, Tom D. DeBlois.  
Membership in the Club is restricted to Students of McGill University holding from Prince Edward Island, though honorary membership is provided for Professors and others who are interested in the Club.  
The Club plans, among other activities, an "Island Banquet" for the December meeting. The executive expects to have prominent Islanders address the Club and hopes to hear in the near future L. M. Montgomery, prominent author; J. A. MacLeod, President of the Bank of Nova Scotia; Dr. A. H. Gordon and others.  
At the meeting held last night the executive presented the Constitution and By-Laws which were approved by the Club. These along with the Budget are to be submitted to the Students' Executive Council for its approval.

## Has Own Ideas About Business

JOHNSTOWN, N.Y., Nov. 11 (CP)—A photograph plays "Boss America" and workers trooping into the apocryphal white-walled factory since an accomplishment. The mink stops, machines begin an all-day chatter and ends as the workers chorus out the National Anthem.

It's not a cutting from an American light opera. It's the Johnstown genuine plant of Mrs. Charles E. Knox. "I don't have any special philosophy of life or any contrived formula about business other than hard work and plenty of good common sense. Industry the nearly 30-year-old woman industrialist. "But I think we need to show a little more patriotism right now."

For a person who hasn't any particular philosophy or business theory, the gray-haired, alert Mrs. Knox conceded she has done at least "fairly well" since she took over the textile manufacturing business on the death of her husband in 1909.

"But—no philosophy? No business theory? You have to use common sense—horse sense—to succeed in business," asserts the woman industrialist, "who barely reaches five feet in height."  
"Live and let live," she said when asked how she managed to avoid labor difficulties in her factories. "Don't expect to take it easier because you're a woman. Don't try to compete with men but do your job in a womanly way."  
To boys and girls undecided on what line of work to follow, she urges: "Take an inventory of yourself. Find out your strong points. Then push and push hard. You must have something to sell these days."

## Catholics In Poland In Great Need

VATICAN CITY, Nov. 11—(AP)—A speaker on the Vatican City radio said today "Catholics in Poland are in great need of the prayers of the Catholic world for help in their trials."

In making the statement, the speaker took issue with a Spanish newspaper which he quoted as saying religious conditions in German-occupied Poland and the government-general (unannexed Germans co-operating in rebuilding churches.

The broadcaster said that since last March 6 the use of the Polish language, the only one a large majority of the people understand, has been forbidden in at least part of German-occupied Poland. He added that priests and other religious workers still are being arrested.

Catholic action, lay organization of the Catholic Church, has been suppressed and its headquarters in Warsaw taken over by the Germans and the bishop is having much difficulty in keeping seminaries intact, the speaker said.

## LEAVE IT TO CHURCHILL

MELBOURNE, Australia. — (CP)—"If mothers would concentrate on their babies and not worry so much about Mr. Churchill's affairs, it would be far better for they are then doing the best possible national work," Dr. Vera Scantlebury-Brown told the Society for the Health of Women and Children here.

## MORELL EAST W. I.

The annual meeting of the Morrell East W. I. was held at the home of Mrs. Gordon Hooper on November 11th. Ten members re-elected to the roll call by paying the membership fee. The minutes of the previous meeting were read and approved. The annual report was also read and audited.  
It was moved and seconded that the present officers act for the ensuing year, and Mrs. Michael Tobin was appointed director to fill a vacancy. Re-elected were, president, Mrs. John E. Hughes; vice-president, Mrs. Ven Ranganathan and secretary, Mrs. Johnny Cobb.  
The sick committee reported several calls made and Mrs. Ven Ranganathan and Mrs. Wm. Ranganathan were re-appointed. Miss Helen Thompson and Mrs. Johnny Cobb were asked to visit the school and discuss with the teacher the advisability of installing shelves in library. Mrs. Ralph Dingwell invited the members to her home for the next meeting. Roll call is to be a "delicious exchange."  
A delicious lunch was then served by the hostess and the singing of the National Anthem brought the meeting to a close.
