Gas consumption Must be cut

TORONTO, July 28—(CP)—G. R. Cottrelle, federal oil controller, said he is satisfied with the slight reduction in weekend traffic but warned that motorists must realize "the gasoline isn't here and we can't get it."

However, he added, "some persons seem to think the restrictions don't apply to them, that they can go running around burning up fuel as they did before The regulations can't prevent people using gasoline. It is up to the people how this thing works out. If what we are doing doesn't reduce the consumption of gasoline, something else will have to be done."

36 tobacco Firms fined

EDMONTON, July 28 — (AP) — Thirty-three of 36 Canadian tobacco manufacturers, wholesalers and jobbers were ordered to pay fines totalling $219,000 when Mr. Justice S. J. Shepherd sentenced the firms and individuals convicted on combine charges by an Alberta Supreme Court jury

On Thursday three individuals absent from the court today will be sentenced. The jury reached its verdict Saturday after one of the longest trials in Western Canada's history—one which started last April.

The fines imposed ranged from $25,000 for some manufacturing corporations to $250 for two smaller Alberta jobbers.

The heaviest penalties—$25,000—were inflicted on Imperial Tobacco Company of Canada, Limited, Montreal; Imperial Tobacco Sales of Canada, Limited, Montreal; Tuckett Limited, Hamilton, Ont.; and the Tuckett Tobacco Company, Limited, Hamilton. From there the fines ranged from $15,000 down to $250.

Each of the firms was convicted on all six charges laid under the Combines Investigation Act. The charges alleged that they operated a combine detrimental to the public interests by lessening competition within the trade, enhancing prices and providing general control of the industry.

At least 34 of the 36 convicted planned immediate appeals.

Mother is stranger To child war guest

TORONTO, July 28—(CP)—Separated from his mother for one year, three year old Simon Christopher Dew, one of Canada's war guests, was unable to recognize her when they were reunited here today.

The mother, Mrs. Peter Dew, wife of a Major in the Royal Engineers rushed to greet her child upon her arrival here from England. He did not know her.

"You're my mummy?" he asked. "Where did you come from, mummy?"

"From England," she replied.

"I come from England too," he said.

Mrs. Dew is the former Miss Dorothy Wood, a graduate of the University of Toronto.

Soldiers need Vitamin supply

OTTAWA, July 28 —(CP) —Proper supplies of vitamins in the soldier's diet will not only maintain his general health but may save his life in action by keeping his eyesight in good condition, it was stated in documents tabled today for a parliamentary sub-committee on war expenditures.

Brig. R. M. Gorssline, director of army medical services, gave the committee copies of circular letters sent to all district medical officers stressing the importance of sufficient vitamins in soldiers' diets.

Officers were reminded that if a person did not receive an adequate supply of vitamin C, resistance against disease was lowered; potatoes contained a small amount of vitamin C which was not entirely destroyed in cooking and due to the large amount of potatoes eaten in the army they furnished a worthwhile amount of this vitamin.

For the best level of health, 5,000 to 6,000 units daily of vitamin A are required, and the ordinary hospital diet of the Canadian army furnished 6,635 units daily. Vegetables supplied the greatest amount, butter next, then tomatoes, eggs and milk.

Jap troops move Towards new Indo-China bases

SAIGON, French Indo-China, July 28—(AP)—Japanese troops moved toward their new Indo-China bases by land and sea today under a Tokyo-Vichy agreement giving them use of this French possessions' roads and possibly railroads.

Four transports and four destroyers were expected here Wednesday and 1,900 Japanese military trucks already had arrived from Hanoi, 800 miles to the north, to take incoming Japanese troops to nine bases in southern Indo-China.

Terms of the agreement announced today disclosed that Japan would occupy two points on the coast and several points in the interior, including bases in Cochin-China, 500 miles across the China Sea from Singapore. The coastal points were not named but they were believed to be Camranh and Saigon.

Foreign observers expected a quiet Japanese occupation without incident or interruption.

Announcement of the French-Japanese agreement in Vichy dropped all previous mention of a purported British-Chinese threat to Indo-China necessitating Japanese concessions and made it clear that Japan had asked the bases on behalf of her own interests.

Frisch Explains Pirates' Rapid Climb In National

By Duke Moran
Associated Press Staff Writer

PITTSBURGH, July 28—(AP)—Frankie Frisch's brand of "win-or-die-trying" baseball has made Pittsburgh Pirates a bunch of eat 'em alive guys full of the fight and fury which characterized the fabulous St. Louis Cardinals "Gas House Gang" Frankie once boxed.

"Speed, hustle and fight, that's what I want on my ball club," snapped the Fordham Flash when asked today to explain the Buccos' sudden rise to rating as the "hottest team in the National League."

They are the same ingredients which made the "Gas House Gang" and the elixir has transformed the Buccos from a meek gang of second divisioners into a fire-eating crew with a record of 23 victories in their last 31 starts.

"I won't have any player jogging down to first on a pop fly—he's got to run everything out," declared Frankie. "My club is young and it is fast. Right now that speed and hustle—plus a never quit spirit—is paying off."

The Buccos' new fighting spirit was best exemplified in the recent Brooklyn series. Pirates had vowed to give the pennant-seeking Brooks their bumps, claiming a Brooklyn pitcher had "dusted off" Elbie Fletcher.

They kept their promise, winning four out of five in the set and boosting themselves into third place.

Frisch also used a little applied psychology to make his regulars hustle—or else—by carrying a fine set of replacements.

Much of trade Quota to U. S. Not filled

OTTAWA, July 28—(CP)—Canada has filled the treaty quota of fox furs, while light cattle and cedar shingles shipments have been heavy but otherwise exports to the United States at June 28 were less than half the total allowed for the present year, the Trade and Commerce Department reported today in the Commercial Intelligence Journal.

The quota for filleted fish or frozen is 15,000,000 pounds and 3,644,110 pounds or 24.3 per cent has been used.

Under quota arrangements beginning on Sept. 15, 1940, Canada could ship 1,500,000 bushels of seed potatoes and on June 28 had sent 715,580 bushels.

The quota permitted 1,000,000 bushels of white or Irish potatoes other than for seed, and shipments have totalled 227,609 bushels or 22.7 per cent.

Quotas for 100,000 foxes valuing under $250 each and whole furs and skins and fur tails numbering 5,000 pieces have been filled.

Reports cattle 'Rustling' in N. B.

NEWCASTLE, N.B., July 28—(CP)—A story of repeated cattle "rustling' in Northumberland County was told today by Garfield McCleary, of Harcourt, in the case of Harry Attis, Moncton merchant charged with conspiring to steal cattle. McCleary and five other men face charges of theft and conspiracy.

The witness testified Attis had suggested that McCleary and Robert Beers "go out in the back woods and bring in a big load of cattle. If you bring in a big enough load I'll give you the biggest day's pay you ever made."

McCleary described theft of four "loads" of cattle, including three head from the farm of the Trappist Fathers at Rogersville. The animals were delivered by truck to a packing company at Moncton for Attis, said McCleary, and he turned over to Attis the cheque he received.

THIRD WAR BONUS

LONDON —(CP)—A third war bonus for workers of 800 retail cooperative societies in England and Wales has been announced. Men will receive an extra shilling a week and women over 21, two shillings.

Opening of Gun Club July 29th

The necessary construction work on the skeet layout of the Charlottetown Gun Club is almost completed and the field will be available for the opening shoot on Tuesday, the 29th, July at 4 o'clock.

The new site is just on the town side of the railroad crossing at Winsloe and the road on the left hand side of the highway into the field will be indicated by a sign.

Any further information can be obtained from G. T. Hardy, Secretary, 119 Richmond St. Tel 651.

U. S. names Chief of staff In Far East

WASHINGTON, July 28—(AP)—Swift Senate action today clothed Douglas MacArthur, former United States chief of staff, with the rank of lieutenant general commanding the army of the Far East, as the War Department moved to strengthen the armed forces in that troubled area.

Only a few hours after the President had submitted MacArthur's nomination, the Senate confirmed it without a single dissent. How far the swift vote could be taken as an endorsement of the administration attitude toward Japan was not known in view of the lack of debate.

The elevation of MacArthur, who has been head of the Philippine Commonwealth army, was one of three moves with which the administration reacted to Japan's push into French Indo-China. The others were an order freezing Japanese assets in the United States and a proclamation putting Philippine armed forces on a war-time basis.

Seek new oil Field in Alberta

CALGARY, July 28 —(CP) —The Calgary Herald in a newspaper story said today that "working in secrecy, several of the largest oil concerns in the world, are endeavoring to find another major oil field outside Turner Valley in Alberta, it is learned today."

50 entries—5 Classes should make one of the best race programmes this season — Usual admission charge.

GEORGE McINTYRE, Managing Owner — CLIFFORD MacDONALD, Secretary.

I-1121

All set for Big race at Montague July 30

Horses continue to arrive from all parts of the Maritimes for the race at Montague Wednesday. Due to arrive tonight are Dudy Patch, 2.06 1-2; Hal Britton 2.09 3-4; Little Fox; and Tony Harvester. These horses are owned by the New Glasgow Driving Club and are in charge of Jack MacMillan, a former Island boy. Mr. McIntyre has the track and grounds in perfect shape and many horsemen look to see the track record of 2.07 1-4, held by Pat Direct 2.07 1-4, go by the board. Several new stalls have been built in order to accommodate the large list of horses.

The Women's Institute of Montague are serving meals on the grounds. In past years they are noted for their good eats and are sure to maintain their reputation.

The management asks the people to support the ladies as there is certainly a great deal of labour attached to this accommodation.

This will probably be the last race event to take place in King's County this year so plan to attend.

REMEMBER WHEN

(By The Canadian Press)

The advent of pari-mutuel betting at Saratoga Race Track at Saratoga Springs, N.Y., proved unpopular at the track's opening day of the season a year ago today. The day's receipts of $262,526 were the lowest for any New York track.

Expect Finals In Tennis Tourney Wed.

Eleven matches were played yesterday as the Charlottetown Tennis Club's closed tournament completed the third day of play. Seven matches are scheduled today.

It is expected the finals will be played Wednesday.

YESTERDAY'S RESULTS

Times, 2:09, 2:06 1-2.

Goshen Driving Club Handicap Trot, consolation mile, purse $50.

Kovacs and Riggs advance

SOUTHAMPTON, N.Y., July 28—(AP)—Bob Riggs and Frank Kovacs favored to meet in the finals for one of the many championships Don McNeill is abdicating this year, advanced to the second round of the 51st annual Meadow Club Invitation Tennis Tournament today.

Riggs, seeded first in McNeill's absence, tarried through a long match with 58-year-old Dr. William Rosenbaum of Southampton before finally scoring a 12-10, 6-2 triumph. Kovacs, seeded second, took much less time eliminating Vincent Pan of Brooklyn 6-2, 6-3.
