As a three-year old he took first prize at Halifax, and also took a first in this Province. His reputation is now established as a sire, for some of the handsomest and best proportioned colts in the country are sired from this horse. We invite intending breeders to inspect this horse's colts, examine them in your own neighborhood and be your own judges, and be convinced what we say is correct. Special prizes will be offered for Domino's colts at the Prince County Exhibition this fall. Mares at owner's risk. LEONARD SCHURMAN, Owner, JOHN JACK, In charge, Central Bedeque.

This route will be continued fortnightly health and weather permitting. This magnificent, pure-bred, registered Clydesdale wagoner, neither advertising or puffing. He never was beaten in a show ring. He took the sweepstakes at Halifax, and also took first prize at Prince County Exhibition. He is known as a prize winner, as the best specimen of a Clydesdale, and as the handsomest Cart Stallion in the Province. He is also known as a sire, for his foals have taken more prizes since shown than the foals of all the cart stallions in Prince County combined. Special prizes will be offered for Honesty's colts at the Prince County Exhibition this fall. Mares at owner's risk. LEONARD SCHURMAN, Owner, JOHN JACK, In charge, Central Bedeque.

all grades, and sold her for \$75.00 in her three years old form, even before she reached maturity; and after having her for a year the purchaser told me he would not take \$100.00 for her, and we have others bred in the same way that are just as good. Another fact which goes to prove the superiority of Ayrshire bulls as sires of dairy cows may be learned from the report of the Canadian Record of Performance. (To be Continued.)

THE TURF

HORSE NOTES.

Lively scenes are to be viewed each evening at the Charlottetown Driving Park Track. The past week has made a marked change in its condition and it will be very fast by the time the race meet is held. Hilda S. Dominion D. Chahallis Jr. Cherry Ripe and Devina Dorothy are the five entries that will start in the 2.19 pace and trot on June 3. Isn't that a quintet worth going a long way to see race? In the 2.24 trot, Frank I. Orwell Belle, Miss Wrigley, Oakley H. The Rexall Girl, Winnie M. and Frenchy will furnish lots of excitement. Regalite, George R. Darkey Hal, Fernside Shrub, and two others whose names we do not recall will make an exciting field in 2.30 pace. Special trains and the holiday with a football match in the morning and horse races in the afternoon should bring a large crowd to the city on June 3rd. Orwell Belle 2.23 1/2 has been purchased by Capt. D. A. MacKinnon from Austin Hewitt. She will be used as a trained by J. P. Irving who marked her as knows her better than anyone else. King Dodds, the stallion owned by H. H. Acorn, Souris, is one of our fastest unmarked trotters. Last winter he stepped a quarter mile on the ice with Ian Bars 2.19 1/2 in 32 seconds. He was also second in a race in 2.22 1/2. If trained this year he will undoubtedly get a low mark. Mr. Frank Beales has had many offers for George Orescuca 2.24 1/2, but he considers they are not quite what they should be, so has turned them down. May 20th is the last day for entries for June 3rd races. Don't forget to enter if you have an eligible candidate. P. S. Brown is on a short visit to Boston. Perhaps he may return with something classy for the June races? Peter Conroy has added the good, unmarked pacer, Fendale to his string and will get him ready for the circuit. Art. Godkin has a splendid pacing prospect in a Bonita colt. He is steady and a beautifully gaited youngster. Entries close May 20th for June 3rd races. Don't delay entering. Let us all pull together and show that we can make a success of early racing. "Jack" Irving has let his string down to miles in 2.30. This is the fastest work so far in the Province and is due to the exceptional good footing on Tunnel Track. Other dates for Island Circuit will probably be Summerside, July 1st; Riverside, July 7th; Montague, August 11 to 14; and Cape Traverse will likely fit in between Riverside and Montague. Fred. Cameron has hired a capable assistant in the person of Mr. McTague, formerly with Large Bros., Liverymen, of this city. The races at New Glasgow May 24th are open only to Pictou County.

BOTTOM NOTES.

Kadika produced Berka 2.14, Blala (3) 2.18, Bottom (5) 2.23, Brill and Bavian trials (2) of 2.30 and Brenta the sensational yearling, isn't that good enough dam for any horse to have. The above foals are all by Bingara.

Where will you find a handsomer, stronger or better bred horse than Bottom? He has a great sire and a great dam and should prove an exceptionally great stock horse.

The season for breeding is now on and Bottom's list is filling rapidly. He will close the season early in July so as to get a preparation for a low record this fall.

Bottom is an absolutely perfect trotter, can turn and trot a 2.20 clip any time without a boot or toe-weight and in stud condition. That is something that should commend him to men who are anxious to have good, free trotters.

Bottom (41818) 2.23, record made in third heat on Halifax track, is now under the charge of Fred. J. Cameron and arrangements for stud service can be made with him.

Berka 2.14, sire of Bottom, will be headed for the big stakes this year.

GOOD ROADS

THE ROADSIDES.

No matter how smooth and well constructed the traveled road may be, if the roadsides are not cared for, the highway as a whole will not give a good impression. All rubbish should be removed; the excavations should be filled and embankments smoothed and planted with grass wherever it will grow. Unwisely brush should be cut and grubbed out. Sometimes, if suitably trimmed, add to the attractiveness of the roadside.

All trees that are ornamental or which have value as shade trees should be preserved and protected, unless they grow so close together as to make a dense shade. In hot, dry climates particularly, and, indeed, in most places, trees are a considerable factor in reducing the cost of maintenance, since they lessen the evaporation of the moisture from the macadam. In exposed places where the sweep of the wind would be otherwise unbroken they serve to prevent in a measure the blowing away of the binder from the road surface. Unfortunately in such places it is often difficult to make trees grow. Care in selection of the kinds of trees best suited to the locality is important. A good arrangement along roadsides for trees with large tops is to set them about 50 feet apart on each side, but alternating so that there will be a tree every 25 feet along the road.

Your Hair Needs Parisian Sage

Use It As a Dressing—Banish Dandruff—Stop Falling Hair and Scalp Itch.

PARISIAN Sage, the delightful and invigorating hair tonic, is a true hair nourisher. It penetrates into the scalp, gets to the roots of the hair, kills the dandruff germs, and supplies the hair with just the kind of nourishment it needs to make it grow abundantly.

Since its introduction into Canada PARISIAN Sage has had an immense sale, and here are the reasons: It does not contain poisonous substances of lead, nitrate of silver or sulphur or any injurious ingredient. It cures dandruff in two weeks, by killing the dandruff germ. It stops falling hair. It promptly stops itching of the scalp. It makes the hair soft, glossy and luxuriant. It gives life and beauty to the hair. It is the daintiest perfume hair tonic made. It is not sticky or greasy. It is the best, most pleasant and invigorating hair dressing made. Made only in Canada by The R. T. Booth Co., Ltd., Port Erie, Ont. The price is only 50 cents at drug stores and counters where toilet goods are sold. Geo. F. Hughes guarantees it.

Aquiri 2.27 1-4

The greatest bred of all the stallions. A great young sire, Futurity bred all over, and of substance. Will trotters of size and substance. Will have a grand lot out at the races this year. Watch them. They are the kind you want. Kaldab, sister of Aquiri, is the dam of Baden 2.05 1/2, the largest money winner in 1912 and the premier winner in regular racing events, of all time. Baden's winnings for 1912 amounted to \$35,775 and a Gold Cup valued at \$500.00 for \$30,000. Service Fee \$15.00. Russian Nobleman Prince Vizamski and he was afterwards sold to the J. M. NICHOLSON 202 Kent St., Charlottetown, March 28th 1913.

"KING DODDS" 46236 Standard Bred and Registered Stallion

(Pure Bred Enrolment No. 44 Dept of Agriculture) In presenting the claims of "King Dodds" for the consideration of the breeding public, his owners will endeavor to submit his particular merits as an individual, rather than those of his ancestors, as, while ancestry is of the utmost importance it must, to attain its greatest value from the breeders point of view, be associated with the highest type of individual, and in "King Dodds", his owners believe that they have secured the finest combination of these requisites to successful breeding to be found in the Maritime Provinces, today. Breeding. We wish to state however that in breeding, "King Dodds" is the peer of any, as his pedigree, published herewith will readily show, and is strictly along the most fashionable lines of today, while in the earlier generations, he traces directly through such sires as "Harold", "George Wilkes", "Mambrino" and the great "Onward" and through dams such as "Miss Russell", "Vera", "Sable", "Green Mountain Maid" and "Miss Patchen" and has no less than five crosses to the great "Hambletonian, 10" the very foundation stone of the American trotter of today. As a race horse, "King Dodds" has started in four races, and was always inside the money, finishing second in one race in 2.22 1-4, but as yet, is without a record. His principal race was the 2.35 trot in Halifax, in the fall of 1911, in which he showed to splendid advantage as the following extract from the "Halifax Recorder" the official Organ of the Halifax Exhibition Association will prove.

Halifax Recorder: - 2.35 Trot: "King Dodds" went a splendid race; he proved himself a splendid trotter and capable of beating 2.25. The second heat was another victory for Our Protean, who led throughout, closely pressed by "Frenchie" to the three-quarters, where "King Dodds" carried the latter off his feet. "Dodds" trotted in splendid style, closing up on the leaders; WON 14 RED RIBBONS at 5 years of age.

As a Show Horse, "King Dodds" has the proud distinction of being the only Stallion in the Maritime Provinces, that had won fourteen red ribbons at five years of age, and on six of these occasions, the competition was open to the three Provinces, and the following extract from "Canadian Farm" dated April 9th 1911, gives some idea of the opinion entertained of him by unbiased foreign experts. "There was nothing to it but Doc Dwyer's King Dodds against all comers in the Standard Bred stallion class, of which the judges said that no better class had ever been seen in these provinces, and that the 'also-rans' could also win at many good horse shows. The second in this class was a Kentucky importation with a record of 2.17 1/2, while the third had a mark of 2.04 1/2. "In the Roadster Class for stallions it was also King Dodds all the way, beating the same field. He is in the same class as Mambrino King, who never got less than first in the many years he competed in the largest shows in the United States," was the announcement made when the Pictou bred stallion, was trotted up, amid cheers, to be decorated with the championship ribbon. Grace Abbott with King Dodds colt "Kain-tuck" by her side, bowed acknowledgements to the tumultuous applause that greeted the announcement regarding the sire of her colt.

As a Sire, and this is of vital importance to the breeding public, "King Dodds" has proved himself to be absolutely sure, and his colts are large, rugged, and healthy. At the Pictou County Exhibition, last fall, prizes were offered for best "King Dodds" colts, with a very large list of entries, and Mr. Starr the well known Judge of horses, pronounced the colts shown for this prize, "the best lot he ever saw by any one horse."

Mr. Alfred Webster of Marie has a colt by "King Dodds" coming three years and he is a beauty, with every indication of speed.

"King Dodds" is a magnificent animal, a beautiful bright chestnut, in color, is broad chested, deep in the withers, close ribbed, very round in the barrel, short back with splendid loins the best of legs and feet, and strongly muscled, beautiful head and arched neck, is absolutely sound with a very kind disposition, stands 15.3 hands high, weighs 1160 lbs and will be 7 years of age on June 12th next.

Terms

"King Dodds" will stand for the season of 1913 at \$10.00 payable by note due Nov. 1st which must be given at time of service, 5 p. c. discnt. will be allowed for cash. Being anxious to do all they can to assist the breeding industry the owners of "King Dodds" have placed the service fee at this low figure, for this season only, as breeders in the U. S. are paying today \$25.00 to \$50.00 service fee, to stallions bred along similar lines, but his owners reserve to themselves the right to reject any undesirable mare. Mares at owners risk.

His Home—The home of "King Dodds" for the season will be at the "Klondyke Stables" Souris, and all interested are cordially invited to call and see him for themselves. Should several breeders in the same locality however require his services at about the same time, we will arrange to send him to them, at a few days notice. Mares coming by train will be taken care of free of charge.
