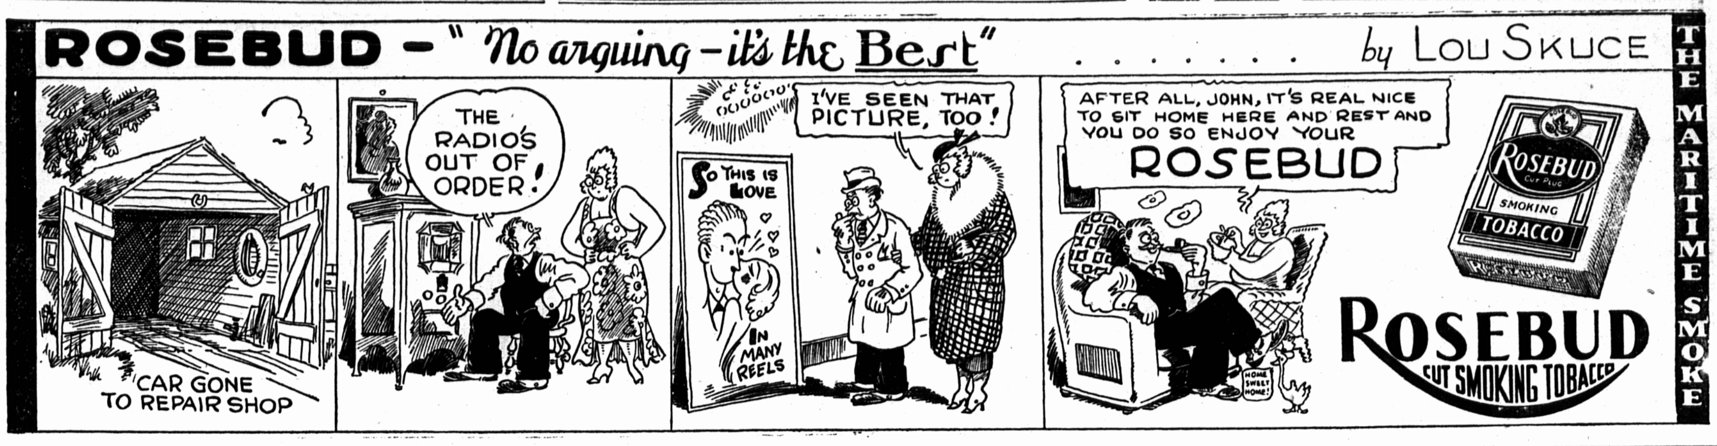
YESTERDAY'S STOCK and BOND QUOTATIONS



MARKET GOSSIP

(By Johnston and Ward's Special Wire)

FINANCIAL SERVICE SAYS

MONTREAL, Que, Sept 14—Dominion Coal Pfd is very tightly held and buyers when the desire to purchase a block of the shares, find it necessary to bid the issue up before stock is dislodged. Plans are being worked out in connection with the liquidation of dividend arrears, whereby shareholders will receive a new 6 percent pfd issue, sufficient to take care of the present shares as well as the arrears. On Aug 1st, last, the arrears on the 7 percent pfd stock amounted to 73½ percent.

National Breweries is in demand for the reason that the security affords a good yield, the dividend appears safe, business this year is about 20 percent ahead of last year, and its financial position is strong. There are few stocks on the local board that boasts the strong liquid position of National Breweries and can be obtained on a yield basis of about 5½ percent.

On the local curb, Distillers Seagrams has been holding well. The fiscal year of this company ended July 31 and the statement will make its appearance early in Nov. Official reports are that close to $3 a share will be reported as earned, which would compare with 55 cents the previous year. If this should prove correct the stock appears to be one of the cheapest on the board as it is selling at less than 5 times estimated earnings

Fin. Service.

MONTREAL, Que, Sept 14—It is reported the Gibson Service looks for a period of uncontrolled inflation in U. S. after new bond issue out of the way. With Governments deficits mounting daily a lack of confidence in Government's credit will result in purchases of commodities and eventually wild speculation in common stocks at rising prices. Think inventory stocks very attractive.

M. J.

FINANCIAL COUNSEL

MONTREAL, Que, Sept 14—The mill at the Little Long Lac property is expected to be completed by Oct. 1st when initial operations will be commenced. Ore supplies on hand are sufficient to take care of operation of the unit for some time ahead.

Fin. Counsel.

BANON SAYS

MONTREAL, Que, Sept 14—Lack of volume on the downside is encouraging, but, on the whole, there is still little justification for the assumption of a bullish attitude. Traders might try for a rally in Western Union, Atchison, Sears Roebuck, Johns-Manville, buy moderately and during weakness only.

Golds staged a mild rally yesterday. Probabilities, however, favor some further correction in the golds before they are in a position to resume their major advance. I suggest that partial profits be accepted in the golds and replacement affected on any temporary weakness which may develop.

Banon.

MORNING MARKET LETTER

NEW YORK, N Y Sept 14—The market made another attempt to rally yesterday but comparatively heavy offerings developed in the last hour. These were rather well taken but only at concession so that by the close the gains of Wednesday and early yesterday were lost. The Steels seemed to suffer the most on the reaction with U S Steel making a new low for the year.

Outside of adverse developments concerning the Textile Strike no news of importance developed during the day. High grade bonds were firm.

Hope that a fall revival in business may develop and some increase in inflation sentiment seems to be holding stocks up but the delay in the signs of improvement appearing deter aggressive buying. We are inclined to the optimistic view that though delayed there should be a fairly satisfactory improvement in trade this fall.

Laidlaw and Company.

MINING

(Canadian Press)

TORONTO, Sept 14—The mining section of the Toronto exchange showed some uneasiness today over the persistant weakness in Teck Hughes and offerings of the popular gold traders became quite active in the afternoon. Teck Hughes was hammered down to 4.60, on a day's turnover of 80,000 shares. The close was only 20 cents higher at 4.80 where it showed a net loss of 65 cents. Base metal and silver shares were only mildly soft.

Brokers appear to be as mystified as the public about the performance of Teck Hughes. Officials of the company decline to comment on the market situation and rumors suggesting dividend reduction, curtailment of operations and raiding from New York are allowed to go unchecked. Other big gold issues so far have remained comparatively quiet, only Lake Shore coming out in a little better than its recent average volume and with a loss of 50 cents to 53.75. Dome $1, Pioneer 35 cents and Wright Hargreaves and McIntyre 10 cents each. Hollinger gained 20 cents to $19.

Heavy Volume Of Trading On Montreal Exchange

(C. P. By Guardian's Special Wire)

MONTREAL, Sept. 14.—Reflecting the softer tone on Wall Street, prices on the Montreal Stock Exchange turned easier after an irregular beginning in today's trading period which saw the heaviest volume so far in September, more than 12,000 shares changing hands in the course of the day. Of 35 issues to appear in board lots, 16 declined, seven rose and 12 remained unchanged.

One of the features of the day's trading was the strong display given by Dominion Coal Preferred which closed at 94, up 4½ points over yesterday's closing level. Today's level is a new high for the year, which is equivalent to a new high since the middle of 1928. Today's advance is a continuation of a movement which began earlier this week. On Tuesday it rose two points to 80 and yesterday another 9½ to 89½. With today's extension ,a total of 16 points has been gained during the current week. The previous high for the year was established in June at 92.

Brazilian Traction was unchanged at 10¼ although it touched 10¼ during the session. Canadian Pacific was down ¼ at 12¾ after an opening at 12⅞. International Nickel dipped ⅞ in the late trading to close at 23. It opened at 23¾ and touched a high for the day at 23⅞. Consolidated Smelting lost 3½ at 126 and National Breweries at 27¼ was 1¼ lower than its former closing level. St. Lawrence Corporation declined five cents at 1.80 while Hollinger closed steady at 18.70 after being traded at 18.60 during the day.

Sractional gains were shown by Bruck Silk, Building Products, Cockshutt Plow, Dominion Steel and Coal "B", Power Corporation and Steel of Canada.

Among the issues to lose fractions were Canadian Car, Canada Cement Preferred, Canadian Industrial Alcohol "A" and "B", Dominion Textile, Montreal Power, McColl Frontenac and St. Lawrence Paper Preferred.

Dominion Bridge, B. C. Power "A", Dryden, Canadian Car Preferred, Alberta Grain and Canada Steamships Preferred were some of the stocks to close unchanged from their former closing levels.

General Decline On New York Stock Market

By Frederick Gardner,
Associated Press Financial Writer
(By Guardian's Special Wire)

NEW YORK, Sept. 14.—Stocks and grains set the pace today for a general decline in financial markets.

The share list was shaken out of a rut by the heaviest selling in about a month. Turnover expanded to 835,375 shares compared with 415,660 in the preceding session.

Weakness centred in a few issues, notably Allied Chemical and U. S. Steel Preferred, but the whole list was affected in some degree. Allied Chemical broke 8½ points to 117, a new low for the year, and Steel Preferred touched the lowest price quoted for more than a year at 71, off 4.

The Standard Statistics Co. average declined 2 points to 67.3, only about a point above the 1934 low touched July 25. Rail and Utility shares on the average moved into new low ground.

Clouds of pessimism thickened in the financial district for no obvious reason in the day's news. The declines in grains and persistent heaviness in bond prices made holders of shares nervous, as did the breaks in a few prominent stocks.

It was asserted in brokerage quarters that some belated liquidation was taking place preliminary to Oct. 1, when full federal control of the security exchanges becomes effective, including operations of so-called "inside interests."

Except for some cheerful accounts of retail trade, the business news afforded little nourishment for hopes of an early upturn in production.

Losses of 1 to 3 points were numerous among active shares. Chemicals followed the decline of Allied Chemical, with air reduction, Du Pont and Union Carbide off 1⅝ to about 3 points at the finish. Recent inflation favorites dropped with the general list, American Smelting, U.S. Smelting and Cerro De Pasco losing more than a point each.

American Can, American Telephone, General Motors, Montgomery Ward, Santa Fe, Illinois Central, Pennsylvania Railroad, U. S. Industrial Alcohol and Western Union were among shares showing losses of a point or more.

On the commodity front, wheat lost 2⅛ to 2¾ cents a bushel and corn 1¾ to 2⅞. Cotton yielded for further losses of 30 to 75 cents a bale.

A mild rally in U. S. government bonds played out. The market turned heavy again but held above the low points touched earlier in the week. Bond men waited for announcement by the treasury on how much of the conversion of the called 4¼ per cent liberty loan had been effected.

The stock exchange remained silent on the identity of about 35 corporations which failed to apply for registration of their securities. The Securities & Exchange Commission extended the period of registration to Sept. 22 and it was believed some last-minute registrations would be made.
