It is proposed to have a dinner party followed by a suitable programme. The intention of the entertainment is to cultivate a better feeling of friendship and understanding among the employees, like those all over the world, who too busy with the transportation needs of the times to even consider stopping for a moment to have a good time. Special committees from among the employees are busy with arrangements, and it is expected that all who are able to attend will have a good time.

Savings Bond Sales Mounting In P. E. Island

It is obvious that Prince Edward Islanders are finding the new Canada Savings Bonds to their liking. Reports from scattered sections of the Province indicate a widespread interest in the new savings plan. In Charlottetown alone the opening day saw people lining up waiting their turn to buy at the city banks while investment dealers here sold large numbers of the bonds.

Sales in Charlottetown amounted to over \$100,000 on the first day with a large part of that figure passing through the hands of investment dealers. Although salesmen are calling on prospective buyers many seem to prefer to buy their own direct from authorized dealers. The five banks and investment houses here all report keen interest in Canada Savings Bonds on the part of their customers.

Bankers in Summerside also report an excellent response and stated there was a surprising amount of pre-sale discussion of the new bonds. Lacking the former publicity and publicity attendant on the Victory Loans the Canada Savings Bonds are appealing to the people on the basis of straight value and security.

Fine Piano Concert By Miss Morris

Charlottetown music lovers were treated to a delightful piano concert at St. Paul's hall on Tuesday evening, the recitalist being Miss Marian Morris, Charlottetown, gifted daughter of Mr. Fred E. Morris, himself a pianist of outstanding reputation both in Canada and the United States. Miss Morris has trained in close association with her father, particularly in her study of Chopin, and her finely balanced programme of classical gems from masters ranging from Bach to Sibelius showed great versatility as well as technical skill and musical feeling.

Her first group, in strictly classical style, included J. S. Bach's Prelude and Fugue in G Minor and the first movement of the Italian Concerto. The latter composition, in a strictly classical style, included J. S. Bach's Prelude and Fugue in G Minor and the first movement of the Italian Concerto. The latter composition, in a strictly classical style, included J. S. Bach's Prelude and Fugue in G Minor and the first movement of the Italian Concerto.

The closing group opened with a monumental work by Mendelssohn, Prelude and Fugue in E Minor. This was followed by Robert Schumann's "Romance," also the Revolutionary Etude by Chopin, and a Waltz by Chopin, composed by her father, Mr. Morris, in a style strikingly characteristic of the great Polish master.

Interest in the programme was enhanced by the pianist's explanatory comments on some of her less familiar selections.

There was a large attendance at the concert, which was given in aid of the St. Peter's Cathedral organ fund, and which was a marked success financially as well as musically.

Large Attendance At Hospital Bazaar

The largest Wednesday attendance in the history of the event was present at the Hospital Bazaar now being held at the Sporting Club all this week.

Games, getting more popular each evening, were again well patronized with the musical program again being thoroughly enjoyed.

Art Exhibition At Eldon

Last evening at Eldon a large gathering witnessed the exhibition of painting by Canadian artists from the National Gallery of Canada and films on art and handicrafts through the courtesy of the National Film Board.

Presiding at the meeting was Rev. Mr. Evans of the Baptist Presbyterian Church. He expressed appreciation of this service which is being locally sponsored throughout the Province by Mr. Chandler of the Prince Edward Island Libraries in collaboration with the Women's Institutes.

Mr. Evans remarked on the desirability of more exhibitions of this kind in order to reawaken further interest in rural arts and crafts. He also suggested that the influence of a good reproduction of a Canadian painting as a feature of decoration in our schools, might lead to more young people of the Island creating works of art themselves.

Miss Nona McCullough who is travelling as a representative of the National Gallery, spoke briefly on the purpose of these visits to the country, which is to make Canadians more fully acquainted with the work of their own artists.

Earlier in the day the children of Belfast and from the neighboring farm schools, saw the paintings and enthusiastically enjoyed the films which were shown by Mr. Jack Martin on the arts and crafts of the Eskimo, the Winnipeg Music Festival and how children paint, model and put on plays at the Montreal Art Museum.
