### A RUSSIANS SOLDIERS LETTER.

Petrograd paper in July published a letter from a Russian soldier in which was the following paragraph: "All through the mobilization of the movements of the troops all of us soldiers were sober. And we are sober now. Sober we took leave of our families; sober we left our homes; sober we faced our foe and calmly bear our heavy burden. It seems to be that it would be such a beautiful, such an exalted way to celebrate our victory

over the great foe, the Green Serpent (vodka), if all the wine-shops were converted into schools, all the wine warehouses into asylums and poor-houses! This is how we should begin the reconstruction of our political, economic, and religious life. Perhaps I shall not be alive when this glorious time comes, perhaps I shall not have an opportunity to live this happy life, but won't you tell my children of my dreams that they might bless them when they forget that only sober people can really love one another."

—HORSE RACES.—An interesting horse race took place on Brae Harbor ice on Thursday Jan. 13th in the presence of a large crowd of spectators. The race was called off at 2 o'clock sharp and was very closely contested between Belle Brazilian owned and driven by Herbert Milligan and Princeton owned by Roderick McLean and Parkside Jr. owned by Archibald McLean. The first heat was won by Princeton in the fast time of 2:12 and the other heats were hotly contested for by Belle Brazilian and Princeton the former winning by a neck in each heat in the time of 2:7, 2:18. The judges were Russel Rogers and John McLeod.

—LATEST IMPROVEMENTS.—The staff of L. H. Higginson & Company conducted the first test yesterday on a part of the Sprinkler System being installed for R. T. Holman Limited, Summerside. The test was made on that part of the system taking in the warehouses. The water was turned into the pipes and a uniform curtain of water covered the buildings from end to end. The work of installation on the entire system is nearing completion and is being rushed with all possible speed. The contract for the erection of the immense steel water tower was subtle and it is expected that the work on this also will shortly be under way.

—ABRAM'S VILLAGE.—Mr. Augustine Arsenault had a hauling frolic the other day, hauling the house purchased from Joseph P. Arsenault, formerly belonging to the late Edward P. Arsenault. The distance was only a quarter of a mile, yet considerable difficulty was experienced owing at first to not having sufficient teams and secondly, after making a start the kitchen and separated from the main house. His many friends regretted the misfortune as additional expense will be incurred in re-adjointing the two buildings. However the haul was completed in the day and Mr. Arsenault wishes to thank all those who gave a helping hand. As the house was fairly large and separated in and out, the 19 teams would have had a tough time of it; but as it happened each part was hauled without any trouble. At night an enjoyable whist game was enjoyed by some, while the others whiled away the time in talking and laughing. In the whist contest, Mr. Aubin Gallant carried off the men's first prize while the winner for the ladies was Miss Loretta Gallant.—M.

### An Easy Way to Increase Weight

Good Advice for Thin Folks

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tact assimilates the food you eat.

Their is a preparation known to reliable druggists almost every where which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and has been termed the greatest of flesh builders. Sargol aims through regenerative, re-constructive powers to coax the stomach and intestines to literally soak up the fattening elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as with increased weight the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists of this vicinity have it and will refund your money if you are not satisfied, as per the guarantee found in every package.

If you find a druggist who is unable to supply you send \$1.00 to the National Laboratories, 74 St. Antoine St. Montreal and a complete ten days treatment will be sent you postpaid. NOTE:—Sargol is recommended only as a flesh builder and while excellent results in case of nervous indigestion, etc., have been reported care should be taken about using it unless a gain of weight is desired.

—NORTH ST. ELEANOR'S SCHOOL.—The semi-annual examination of North St. Eleanor's school which was held, on Friday, January 21st was a splendid success. A large number of both parents and visitors were present. The pupils were examined in the various subjects by the teacher, Miss Kathleen MacEwen, assisted by Miss Emma MacCormack and showed by their prompt and ready answers that they were thoroughly familiar with the subjects in which they were examined. The scholars rendered very cleverly a delightful program of recitations, dialogues and songs, among the latter the patriotic song "We'll Never Let the Old Flag Fall" was heartily applauded by all present. After complimentary remarks were passed expressive of the satisfactory work which was being carried on by Miss MacEwen the examination was concluded by the singing of the National Anthem.

This is new

The Peps way of treating coughs, colds, bronchitis and lung and throat troubles. How? Well, up to now people with these chest and throat troubles have swallowed cough mixtures, sickly syrups and the like, into their stomachs. Sore lungs and throat get no good by dosing the stomach. Peps work differently. Peps are tablets made up of Pine extracts and medicinal essences, which when put into the mouth turn into healing vapors. These vapors breathe down direct to the lungs, throat and bronchial tubes —not swallowed down to the stomach, which is not ailing. Try a 5c. box of Peps for your cold, your cough, bronchitis or asthma. All druggists and stores or Peps Co., Toronto, will supply
