On this date also, Friday, March 13th, a coach excursion will be operated from stations in New Brunswick to Montreal, Ottawa and Toronto, also Quebec City and Three Rivers...

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body and you feel sour, sick and the world looks pink.

A mere bowel movement doesn't always get it done. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up".

Quiet Gains Feature Dull Mt'l. Market

(C. P. By Guardian's Special Wire) MONTREAL, March 2.—Quiet recoveries were staged in most sections of Montreal Stock Exchange today but trading was at its dullist in weeks.

Small buying furries in the final hour stiffened prices in the paper and utility groups but liquor and higher and construction unchanged.

Papers provided about the only feature when demand boosted St. Lawrence preferred 1-3/4 points to 26 3/4. St. Lawrence Corporation preferred, Howard Smith and Dryden firmed slightly while Bathurst dipped a little.

A mild scramble for utilities brought fractional gains for Bracklin, Montreal Power, Quebec, St. Lawrence, British Columbia and Power Corporation.

Metals were generally buoyant and Nickel pushed more than a point higher to 52 while odd lots of Consolidated Smelters showed a six-point gain at 245. Noranda firmed 1-4 but Hollinger eased that much. Total sales were 27,772 shares; bonds \$10,350.

New Highs Are Set On Slow Session

(By Frank MacMillan, Associated Press Financial Writer) (A. P. By Guardian's Special Wire) NEW YORK, March 2.—Industrial stocks led a quiet forward movement in today's market.

A late upturn in the steels, following official estimates of an increase in current mill operations, was pleasing fodder for the bullish forces. But farm implement, motor, sugar, mine and a wide assortment of specialties gave an exceptional good account of themselves and many new five-year highs were recorded.

The only shadow cast on the recovery was the fact that trading was relatively dull during the greater part of the proceedings.

Transfers totaled only 2,016,320 shares, the smallest volume for a five-hour session since Jan. 21, last. The Associated Press average of 60 stocks, however, turned in a gain of 6 of a point or 62.1. The industrial composite stepped up 3 of a point to its best level since 1921.

International stock shares were the feature of the Canadian list. The preferred stock, on which a dividend was declared during the day, rose four points to 129 1/2 while the common shares were up 2 at 52 1/2. Elsewhere fractional gains were recorded in Canadian Pacific, Distillers-Searams, Hiram Walker, Dome Mines, McEwen-Porcupine, Lake Shore, Dominion Stores, Brazilian and Ford of Canada.

A rally in U. S. Government securities followed announcement of the treasury's mid-March offering of some \$1,809,000,000 in bonds and notes.

Owen-Illinois Glass shares jumped 7 1/8 points to 155, and Case and American Can were up around 4. The latter at 121 1/2 and 125 1/8. Losers of fractions to 2 or so included U. S. Steel at 65 5/8, Bethlehem at 59, General Motors at 60 1/2, Chrysler at 97 1/8, Western Union at 90 1/2, and Anaconda at 35 1/2.

Former Island Business Head

Pasadena, California, newspapers report the retirement from active business of Mr. D. M. Renton, for seventeen years vice-president and general manager of Santa Catalina Island and its various affiliated organizations. Mr. Renton, who is a native of Georgetown, P. E. Island, has been resident of Pasadena for many years. Though retiring from the general management of his company, he is remaining on the board of directors at the urgent request of the president, Mr. P. K. Wrigley.

Recently returned from a two months' sojourn in Honolulu, he will continue his residence on the Island, interspersed with extended travel. His retirement from active duty, says the Pasadena "Star-News", comes as a well earned rest, his first since 1919, when he was placed in charge of Santa Catalina Island by the late William Wrigley, Jr. He had previously handled construction work for two years for Mr. Wrigley in Pasadena. During the years following his assuming charge of the island, Mr. Renton was appointed vice-president and general manager of Wilmington Transportation Company, president of the Wilmington-Catalina Airline Ltd., and director of the Angel City Baseball Association, the Fleming and Weber Company, and of Graham Brothers, Inc.

For the above information, which will interest Mr. Renton's many friends in this Province, the Guardian is indebted to Mr. P. G. Armour, of Pasadena, formerly of Charlottetown.

PUBLIC FORUM

This column is open for the discussion by correspondents of questions of interest. The Charlottetown Guardian does not necessarily endorse the opinions of correspondents.

versity, but it is always hard to convince the general public that intellectual scorn and arrogance are the marks of true scholarship and culture, properly wedded to the right man. Only a few days ago we read a letter in the columns of the Guardian, signed Pro Moderatione, which consists mostly of scorn and contempt, expressed in generalities and platitudes, for one and all of his opponents, but chiefly for a letter written by Malcolm MacNeill of St. Catharines. On reading Pro Moderatione's letter the present writer turned up the edition of your paper in which Mr. MacNeill's letter appeared, and found that it contained a number of strong suggestions and good arguments, not one of which his opponent undertook to refute with facts, but dismissed summarily as being typical "clap-trap," and with warning Mr. MacNeill that "a little learning is a dangerous thing."

It will be hard to convince the residents of St. Catharines and West York district in general, by such methods, that Pro Moderatione has an intellect vastly superior to that of Mr. MacNeill. They know that if Pro Moderatione turns up the record of learning in Prince Edward Island he will find that Mr. MacNeill was, in his youth, a scholarship student at Prince of Wales College, where his brother took a degree in 1908. He was a member of the Phi Kappa Phi Honor Society, and his father, a generation before this, he may also find on further enquiry that Mr. MacNeill's brother, here alluded to, carried off the Gold Medal from Dalhousie University in the year of his graduation and that his first cousin from a neighboring school district carried off the same medal, with a surpassing honor. Even though the Premier of West York will therefore hesitate to accept Pro Moderatione's implied estimate of his own intelligence as compared with that of their respected citizen whose modesty in respect to his learning is proverbial in his community.

I am, Sir, etc., PRO PATRIA

WAITING THE CONSEQUENCES

Sir.—Well, we had a nice family quarrel in the Liberal ranks in the Fourth District of Prince. The election was held last Saturday and the surprising part of it is that 25 per cent of the Liberal electors showed that they possess guts and backbone. Even though the Premier threatened dire vengeance on all and sundry who would vote for Mr. Douglas Bell, it was found when the ballots were counted that in this district one quarter of the Liberals call their souls their own.

As the Premier is in Ottawa, we have not as yet learned whether those supermen are all to be lined up against a wall of Black Horse beer cases and shot, or are they to be made read in public on Declaration Day from the steps of the Court House in Summerside. Horace's odes, especially the Seafarers' ode in which he said "The Liberal party is rotten from the head down."

I am, Sir, etc., AMUSED CONSERVATIVE.

Borden, March 2, 1936.

Would Scrap Ottawa Pacts

(C. P. By Guardian's Special Wire) OTTAWA, March 1.—Repeal of the 1933 statute implementing the Ottawa Imperial Conference trade agreement with the United Kingdom, and revocation of the schedules to the act, is sought in a resolution placed on the order paper of the House of Commons by J. F. Poulton (Lib., "Temiscouata").

Mr. Poulton, after giving notice he will ask the House to declare that the Canada-United Kingdom agreement should be revoked. For it he would substitute the 1930 amendment to the customs tariff brought down by the Liberal government of that day and known as the "Dunning budget."

With reference to his resolution, Mr. Poulton said today there was dissatisfaction with the Ottawa Agreement in Great Britain. Canada had now succeeded in making a trade agreement with the United States; and he felt it was time to try the "Dunning budget" which was designed to promote trade between this country and the United Kingdom.

Use Dynamite To Clear Track

(C. P. By Guardian's Special Wire) CARBON, Alta., March 1.—Dynamite was used during the week end by 55 men working to clear the course of the Kneehill Creek block-aded Friday when a landslide of several thousand tons of earth "slumped" across a railway track and stopped in the river bed.

Residents of Carbon, about 40 miles northwest of Calgary, had no immediate fears of a flood. The creek is frozen and only six houses near the slide were at a level which might be flooded if a course is not cleared before the creek becomes active again in the spring.

The subank broke off along a 200 foot front as a Canadian Pacific Railway freight train was passing, burying the tracks for a quarter of a mile under nine feet of earth and derailing 23 cars on the back end of the freight. None of the train crew was injured. Officials said it would be several days before the rails were cleared.

Chronic Fatigue Tells of exhausted nerves

In health, rest soon overcomes fatigue. When you become chronically tired there is an underlying cause. Perhaps you cannot rest or sleep because of the irritability of the nerves. Memory and power of attention soon weaken. When the nervous system is exhausted, it is difficult to concentrate the mind. And the daily task becomes a worry and a burden. Indigestion and sleeplessness ruin your temper, and you become depressed and discouraged. Whatever may have been the cause there is a way in which to regain health. And that is by the use of Dr. Chase's Nerve Food. New Nerve Force is created. To restore the functions to the bodily machinery and ensure the healthful working of the mental and physical organs.

Pope Nears 79 Benefits From New Vacations

(By Andree Berding) (By The Associate Press) VATICAN CITY, March 2.—Is Pope Pius XI ill?

He will be 79 years old May 31 and the question is asked hundreds of times weekly in Rome, as it becomes evident that every effort is being made in the Vatican to save the pontiff's strength.

A high prelate said that the pope's only ailment is endocarditis. This means inflammation of the endocardium, which is the endothelial lining membrane of the heart. Endothelium signifies a membrane, composed of flat thin cells, which lines blood-vessels, lymphatic tubes and cavities.

Pope Pius does not like to be bothered with physicians and sees one rarely. Dr. Aminta Milani, head of the Vatican's sanitary department, is his chief doctor, but the pontiff has a choice of any of the 20 doctors and surgeons who compose the Vatican staff, one of whom is always on duty. He sees a dentist twice a week.

There has been much mystery over whether the pope has arterio sclerosis, or hardening of the arteries. One doctor said the pope had a form of arterio sclerosis and had received injections for it, but the physician added that all persons over 50 have it.

A doctor told me the pope does suffer from heaviness of the limbs. This is one reason why he does not walk much.

Sometimes after a brief walk from one audience chamber to another he is forced to sit down on the throne chair. He sometimes speaks to pilgrims longer than he had intended, in order to rest himself. Occasionally the pontiff may be noticed breathing heavily while he speaks. He then pauses until he catches his breath, and goes on.

Pope Pius has benefited greatly, doctors say, from his vacations passed at Castel Gandolfo among the Alban hills, 18 miles from Rome. He first started the vacations in 1924, after being 12 years a prisoner in the Vatican.

The month and a half he spent there in August and September, 1934, did him much good. His face became ruddier and he returned to the Vatican in fine health. He had taken a doctor with him, but he did not once ask to see him.

Last summer he spent two months there with good results. However, he carefully husbanded his strength. He took no walks in the villa gardens, but daily drove within the estate's boundaries.

BRIBED ROMANCES COSTLY IN EGYPT (By The Canadian Press) CAIRO, March 2.—Egypt may be a land of romance in fiction, but lovers who fall under its spell may find themselves fined or imprisoned. Police in Cairo and Alexandria enforce a law which forbids "persons of opposite sex to kiss on public thoroughfares or public property."

"Rise up, O men of God! Have done with lesser things: Give heart and soul and mind and strength To serve the King of Kings.

"Rise up, O men of God! His kingdom carries long; Bring in the day of brotherhood And end the night of wrong.

"Lift high the Cross of Christ! Tread where His feet have trod; As brothers of the Son of Man Rise up, O men of God!"

Benevolent Irish Society

A Comedy in 3 Acts PRINCE EDWARD MONDAY & TUESDAY

March 16 - 17.

IN MEMORIAM

MRS. CATHERINE BOWDRIDGE

The death occurred at the home of her daughter, Mrs. Vernon Jordan, at Beach Point, P. E. I., on Dec. 29, 1935, of Mrs. Catherine Bowdridge, after an illness of only two days. The deceased had been in good health, but was suddenly stricken with cerebral hemorrhage.

The late Mrs. Bowdridge, nee Catherine Emery, was born at Wood Islands in the year 1858. Her first marriage was to Alexander Weather, who died in Brewer, Maine, in 1897. A few years later she married Capt. S. Bowdridge, and spent the remainder of her life at Murray Harbor, except the two years and a half since the death of Capt. Bowdridge, when she lived with her daughter at Beach Point.

She is survived by three sisters, Mrs. Robert MacKay and Mrs. Henry Duncat, both of Iris, P. E. I., and Mrs. Hugh McDermott of Union Head, P. E. I., also one brother, Daniel A. Emery in Valier, Montana. Another brother, Robert, died about a year ago. She was one of a family of ten children. She leaves one daughter, Mrs. Vernon Jordan, of Beach Point, and four grandchildren.

The funeral services were held on Dec. 31st, and were conducted by Rev. T. B. Goudge. There was a short service at the house, followed by a service at the Christian Church, where a large number of friends had gathered, and interment took place in the Murray Harbor cemetery.

For Kidney and Bladder Trouble

Stop Getting Up Nights

Here's one good way to flush harmful waste from kidneys and stop bladder irritation that often causes scanty, burning and smarting passage. Ask your druggist for a 40 cent box of Gold Medal Haslem Oil Capsules—a splendid safe and harmless diuretic and stimulant for weak kidneys and irritated bladder. Besides getting up nights, some symptoms of kidney trouble are back aches, purty eyes, leg cramps, and moist palms, but be sure to get GOLD MEDAL—It's the genuine medicine for weak kidneys—right from Haslem in Holland.

NORTH WILTSHIRE W. I.

The regular monthly meeting of the North Wiltshire W. I. was held on Monday evening Feb. 24th at the home of Mrs. Roland Easter. The meeting opened with the Institute Ode followed by Creed. There were eleven members and two visitors present. The minutes of the previous meeting were read and signed, and the president, two members paid their dues. A letter of thanks was read from Mr. Isaac Smith, for treat at Christmas. It was re-

ported that a letter was sent to Mr. Angus McPhee concerning Carnegie Library. A report on the Valentine entertainment in the hall was given. Proceeds amounted to \$38.60. It was moved and 2nd that all bills be paid. Sick committee reported they visited the sick and took fruit. School committee reported that a picture a thermometer and some more towels were needed. Also reported that we need a new minute book. Ne. Committee were appointed as follows: Sick: Mrs. Katie Berigan, Mrs. Bruce MacDonald, School: Wallace Johnston, Mrs. Roland Easter Lunch—Mrs. Bruce Deacon, Mrs. Wallace Johnston and Mrs. Cecil Campbell. Program consisted of a Questionaire on Canadianization and National events under the leadership of Mrs. Frank Mitchell. A Reading, A bird nest sing, and a contest, A farmers love, which was much enjoyed by all. Collection amounted to 70cts. Meeting closed by singing 70cents. River Lunch was served by the committee. Mrs. Wallace Johnston kindly invited the members for the next meeting. Roll Call to be answered by an Irish Joke. (Patriot Please Copy)
