Child Had Bronchitis

Once people get acquainted with the wonderful control which Dr. Chase's Syrup of Linseed and Turpentine exerts over bronchitis, whooping cough, croup and colds it is not easy to persuade them that anything else is "just as good." This is why the imitators never get very far.

In 1902 Mrs. Eugene Her, King Street, Truro, N. S., wrote as follows:

"My infant son of my children was troubled with bronchitis, and the least cold would aggravate the trouble. We could not get anything to help him, and were often greatly alarmed. Hearing of Dr. Chase's Syrup of Linseed and Turpentine as a treatment for bronchitis we used it, and are glad to state that it effected a complete cure. If any of the children take a cold or cough I give this medicine, and have never known it to fail to bring relief."

Mrs. Her now writes that she has since proven this medicine to be a cure for whooping cough, and would not be without it in the house.

Vigorous Health Restored To Run-Down Woman

Seemed to Have Lost All Ambition, Was Pale and Anaemic.

"I was never actually sick," writes Mrs. La Pierre, wife of a well-known resident of Labadieville. "yet I never could get strong like other women. I ate well enough, but somehow rich and red blood I could never make. When I married I took a great pride in my housekeeping, but it kept me tired all the time. Mrs. Lechance, my neighbor, looked well—she told me her health had been made by Dr. Hamilton's Pills. I only thought of pills as a physic, but now I know that Dr. Hamilton's Pills are more, and bowels—made me stouter and stronger, gave me such color in my cheeks as I never had before. I sincerely believe Dr. Hamilton's Pills should be used by every woman—that's why I write this letter."

Dr. Hamilton's Pills were used.

No medicine invigorates and renews health and spirits like Dr. Hamilton's Pills. 25c. per box, five for \$1.00, at all druggists and storekeepers, or postpaid from the Ontario Dispensary Co., Buffalo, N. Y., and Kingston, Ont.

...WATCHMEN IN ROYAL PALACES. (London Tit-Bits.)

Every night the palace at which King George is sleeping is patrolled by night watchmen, who pass along the corridors throughout the night, inspecting doors and windows. These watchmen wear carpet shoes, to deaden the sounds of their footsteps, and are especially trained to know what to do in case of fire. In addition to the night patrol, there is always a sentry on duty outside the
