C. P. R. INTRODUCES AN INNOVATION

ST. JOHN, June 24.—In the course of its continued efforts to make travel daily less of an inconvenience, and to impress upon the public the idea that the C. P. R. affords in its trains the nearest possible approach to a home on wheels, the Canadian Pacific is now introducing an innovation which adds immensely to the comforting possibilities of the dining cars on the trains bound east through its Atlantic division.

Those traveling on the Montreal train, which arrives here at noon each day, will now be able to procure their meals at whatever hour of the day they develop a fancy to eat. No restrictions whatever will be imposed in this regard.

The continual dining service will extend from the time the Montreal leaves Mattawamkeag (Me.), until the time when it reaches Sussex. Hitherto luncheon has never been obtainable until after the train has left St. John, Sussex will be the laying-off point of the dining car, while the I. C. P. Ocean Limited is in operation. At Sussex it will be attached to the Pacific express for return over the route.

It is expected that the new system will at once better the quality of the waiting service and make the work of the waiters less hurried by doing away with the rush service. Arrangements for the new service were made by Thomas Hoskin, the local agent, while on a recent trip to Montreal, Mr. Hoskin has also added another dining car to the shape of silver vases for each table which are always freshly filled with flowers.

MAYOR GAYNOR'S DAUGHTER ELOPES AND IS FORGIVEN.

NEW YORK, June 24.—"I have just had a dolly on the phone, and he said, 'Whatever you do, my girl, is all right,'" declared Mrs. Harry Kermit Vinzut, Mayor Gaynor's second daughter, at the Hotel Plaza, today. Mrs. Vinzut, who eloped yesterday to Wilmington (Del.) was Miss Edith Augusta Gaynor. There was no other reason for elopement, she declared, which must necessarily have been an elaborate ceremony. Incidentally, Mrs. Vinzut gave it as her opinion that weddings lavishly arranged are seldom successful.

THINKS KAISER IS IN PEIGL

Chicago, June 24.—A telegram to The Daily News from Paris says that Dr. Doyen, the celebrated Paris surgeon, who has made a special study of abscesses, takes a serious view of the illness of Emperor William. Dr. Doyen is quoted as saying that if the Kaiser's doctors did not succeed in eradicating the infection it might become general, in which case a fatal issue was possible.

NEW BOWLING ALLEY OPENING

The opening of the new Bowling Alley in the Arena Bldg. takes place this afternoon as advertised in other columns.

The energetic proprietors, The Arena Bldg. Co., received their four Alleys from the manufacturers, the Brunswick-Balke-Collender Co., Toronto, only a few days ago, but with characteristic promptness they proceeded at once with the laying of the alleys, an undertaking which requires particular care, and as a result of their efforts they are now ready for business.

In the spacious, sanitary, well-lighted, well-ventilated Arena the management could not have secured a more desirable or more comfortable location for their new alleys. The large and up-to-date alleys, 83 feet in length, only occupy but a comparatively small space in the center of the floor and are approachable from all sides.

THREE BANDITS IN HOT FIGHT

All Captured After an Exciting Chase For \$5000.—Have Bad Record.

Special to The Guardian. LYNN, Mass., June 25.—Three desperate bandits, armed with automatic revolvers shot and instantly killed Thomas A. Landrean, a shoe manufacturer, fatally wounded a fireman named Carroll and got away with \$5,000 which they were taking to a factory for the weekly pay roll. An armed posse pursued and one hour later one bandit was found dead from a self-inflicted wound.

TYPHOID GERMS MADE HARMLESS.

PARIS, June 24.—Prof. Vincent last night announced before the Academy of Medicine the discovery of a new anti-typoid vaccine, which he prepared by steeping typhoid bacilli in a weak solution of water and sodium chloride (common salt) with an admixture of ether.

Further experiments demonstrated that the typhoid bacilli when placed in contact with the serum of the blood taken from the person vaccinated lost all vitality.

REPORTED FRAUD.

OTTAWA, June 25.—F. S. Gouldthrite, superintendent of stationery at the Government Printing Bureau is a fugitive from justice. He has been superintendent at the Bureau for 20 years. Dominion police have instituted a search for him. It is understood that he has gone out of the country. Hon. Chas. Murphy charges that Gouldthrite has been guilty of fraud and graft. One official and four employees have been dismissed, and one official suspended pending an investigation. Mr. Murphy has been conducting an investigation for several days past, in regard to the purchase of supplies, both as to quantity and price.

During the last season there were many complaints about the failure of the printing bureau to have their work done in time for the use of Parliament. The Labor Gazette is printed each month by private concern and the National Transcontinental commissioners usually have their annual report printed and distributed several months before the Government printing bureau is able to get it off.

SERVICES IN Y CHURCHES

The announcement that Rev. T. F. Fullerton would preach on the Coronation Oath drew an unusually large congregation to St. James Church last evening. The pastor took for his text John 15:14—Ye are My friends if ye do the things which I command you. After a brief exposition of this text in the obligation of obedience to Christ, he claimed that this had been departed from by the Roman Catholic Church, notably in the dark ages. There were no priests, no Holy Christian Church, but later the Pope and priesthood, the Cross, the Virgin Mother, the worship of saints and the Mass had largely taken the place of the worship of the Catholic Church. With these came the assertion of power in the state, the right to set up and depose kings and to absolve subjects from their allegiance, and a spirit of intolerance and persecution. These were contrary to the teachings of Christ. He admitted that intolerance and persecution had been by no means confined to the Catholic Church, and he had a like condemnation for the Calvinists that sent Servetus to death as for the massacre of Bartholomew's day.

AN ISLAND JOY DROWNED ABROAD

The body of the late John Doucette formerly of New Acadia, and until lately of Duluth, Minn., was brought to the city Saturday evening by his brother Eusebius Doucette. The deceased, who was in his twenty-fifth year, met a sad death while at work on a dredge in the harbor. He fell through the opening in the centre of the scow as the load was being dumped. For eleven days the search for the body continued before the searchers were finally successful, and during which time his brother Eusebius who has been a resident of Boston for the past few years, arrived to take charge of the remains. The deceased only spent here about five weeks ago. He leaves a father, two daughters, a mother, six brothers and three sisters, all at home at New Acadia surviving. This sudden bereavement will call forth from the whole community expressions of sincere sympathy. The body will be forwarded to New Acadia for interment this morning. Isaac Doucette, City, is an uncle of the deceased.

HEADED BY THE STARS AND STRIPES

LUNenburg, June 24.—The 75th Canadian regimental band went from here to Chester yesterday on an excursion steamer "Mascot" flying a large "stars and stripes." After the numerous flag incidents in which the British flag has been contemptuously treated by citizens of the United States it is remarkable that the "Star Spangled Banner" should be permitted to fly in Canada, much more so that it should be flown on a Canadian steamer. That it should be flaunted to the winds by a Canadian regimental band is scarcely conceivable, but such was the case yesterday. Loyal Lunenburgers are wondering if Sir Frederick Borden permits his regiments to fly a foreign flag.
