MORE THOUSANDS OF CANADIANS ARRIVE OVERSEAS

Many Canadian Trained Airmen Land in Britain

Defence Minister Says Air Superiority Needed To Win War.

(By Douglas Amaron)
(Canadian Press Staff Writer)
A BRITISH PORT, Oct. 20—(CP Cable)—One of the largest drafts of Canadian-trained airmen to come overseas has arrived in Britain to serve as air crew and ground staff for the Empire's growing air force. Canadians predominated in the contingent, but Australians, New Zealanders, Rhodesians, South Africans and Newfoundlanders were included among the eager, keen-eyed youths whose main hope is that the training they will have undergone in Britain will be completed soon so they can join operational squadrons.

Col. J. L. Ralston, the Dominion's Defence Minister, who was at the airport to welcome Canadian airmen, spoke to the airmen as well as "ambushing" as he called it for the Empire's training plan graduates on behalf of the Air Ministry and Group Captain E. L. MacLeod of Vancouver, senior administrative officer of Royal Canadian Air Force headquarters in London, brought greetings from Air Commodore R. C. Stevenson, commander of R. C. A. F. headquarters in Britain.

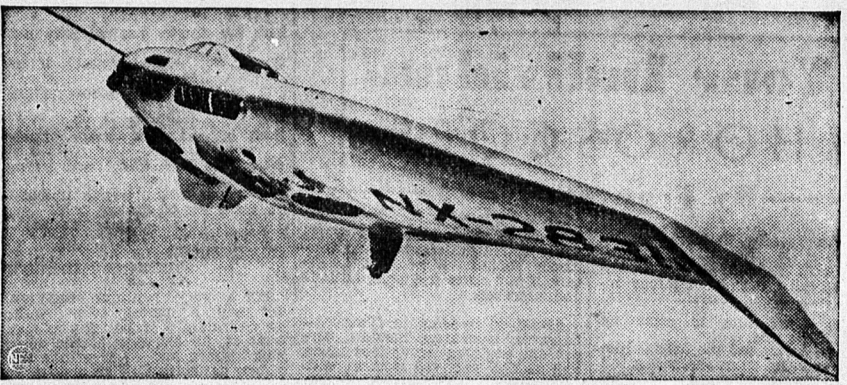

Air Superiority Vital
Air superiority is needed to win the war, Col. Ralston told one group of airmen overflowing what he described as the first "luxury" dining station on the glassed-in deck of a ship.

N. S. Agriculture Minister pleased
HALIFAX, Oct. 20—(CP)—Agriculture Minister J. A. McDonald, of Nova Scotia, said tonight his department was "more than gratified" at the Federal Government's proposal to pay the full freight on feed grain moving into the east from Western Canada.

Bat-like Plane May Get In Hitler's Hair

A revolutionary plane that may be a big trump card in America's play for air supremacy gets a testing over Hawthorne, Calif. Bat-shaped machine developed by Northrop Aircraft has no fuselage or tail, employs two engines buried in the wings and driving pusher propellers through 10-foot shafts.

Nfld. Woman 114 years old

ST. JOHN'S, Nfld., Oct. 20—(CP Cable)—In good health, Mrs. Ellen Carroll today celebrated her 114th birthday at her daughter's home in North River. She is Newfoundland's oldest woman.

British Columbians Go to polls today

VICTORIA, Oct. 20—(CP)—Some 400,000 British Columbians retired tonight taking with them the secret of what party will form the province's next administration—a secret which will be told at the polls tomorrow between 8 a. m. and 8 p. m. P.S.T. (12 noon and 12 midnight A.S.T.).

In those 12 hours it was expected about 70 per cent of the 417,839 registered voters will mark ballots to elect 48 members to British Columbia's 20th legislature. One hundred and fifty-six candidates—the bulk of them Liberals, Conservatives and C. C. F.—have placed their names before the public. The last two provincial elections resulted in Liberal sweeps. In 1937 Premier T. D. Pattullo led his followers into power by winning 35 seats, the same number the Conservatives had held at dissolution. The C. C. F. became the official opposition with seven seats. No Conservative under that party tag was elected, although a few won seats as Independents.

In 1937 the Conservatives reappeared on the legislative scene by winning eight seats in the general election of that year, and became the official opposition. The Liberals retained 31 seats and the C. C. F. seven, with one labor member and one Independent making up the list.

Report Russian Gen. dismissed

BERNE, Switzerland, Oct. 20—(AP)—The Ankara radio broadcast tonight a Vichy press report that Marshal Timoshenko, commander of the Russian armies on the central front, had been dismissed. (There was no confirmation of this from other sources. However, Premier Joseph Stalin's order of the day broadcast from Moscow last night said General Gregory K. Zhukov, hitherto chief of the general staff, was commander of the western army, responsible for defence of Moscow's western approaches.)

Air Minister's Son goes overseas

AN EAST COAST CANADIAN PORT, Oct. 20—(CP)—LAC, William Patrick Power, son of Canada's air minister, has gone overseas to help man the radiolocators which stand as Britain's first line of defence against aerial attacks. A newsman was told by other radiolocator mechanics that Power was on another ship in the convoy which later took them out of this harbor to Britain. "It wouldn't do you any good to talk to him anyway," one man said. "He shuns publicity." "I trained at Yarmouth, N. S. with him," he added, "and it was a month before anybody knew who he was." He and other graduates of the radiolocator course agreed Power was a "good fellow." He played on a championship tennis team at one of the schools. Power's father, Hon. C. G. Power visited him before he sailed.

Soviets Report Repulse Of Large Tank Formations

Battle for Moscow still rages; Reports Germans lose ground in far north.

Two Minesweepers Are launched

A WEST COAST CANADIAN PORT, Oct. 20—(CP)—Two more twin naval vessels of the minesweeper type were added the growing Royal Canadian Navy in a launching and double christening ceremony at this west coast port today.

Nazi General Shot in France

VICHY, Oct. 20—(AP)—Gen. Holtz, German commandant of the important Nantes region of western occupied France, was killed today by two gunmen who escaped and Frenchmen tonight awaited Nazi reprisals.

Holtz was the highest German officer yet attacked in the wave of terrorism in the occupied zone. German sources said the assassination "might have serious consequences."

German and French police began a roundup of suspects who may be executed as hostages under the German system of exacting many French lives for every slain German soldier.

The gunmen apparently were well aware of Holtz's routine. They lay in wait on the tree-lined Cours Saint Pierre in front of Saint Pierre Church.

As the general passed shortly after 8 a. m. en route to his office they opened fire. The general was reported to have suffered both pistol and shotgun wounds, two of them in the head.

Before police could ring the area the gunmen disappeared.

A soldier who travelled to this seaport on the same train said the internees numbered "about 200." On the day a reporter boarded the ship, they were not to be seen on the decks.

Interpreting The War News

By Kirk L. Simpson
Associated Press Staff Writer
With Hitler's attack on Moscow definitely slowed even if not halted, there are intimations the Germans have changed their strategy and are concentrating for a new assault on the long south flank of the Russian battle line.

For the first time in more than a week Hitler's headquarters gave the Rostov and Donets basin rather than the Moscow front first place in its progress bulletins. A belated official claim of the taking of Taranog, a port on the Sea of Azov, 40 miles west of Rostov, was coupled with the assertion that "German, Italian, Hungarian and Slovak divisions are irresistibly advancing toward the industrial area of the Don."

Of fighting along the Moscow siege perimeter, the Nazi high command said only that Russian counterattacks had been thrown back.

The Donets-Rostov sector covers all of the fighting front south of Orel, southern extremity of the Moscow battle area, to the coast of the Sea of Azov east of Taranog. That

Panama approves Arming cargo ships

PANAMA, Panama, Oct. 20—(AP)—Panama officials announced today its approval of arming Panama-registered merchant ships.

German raiders Over England; R. A. F. active

LONDON, Oct. 21—(Tuesday)—(CP)—Eight or nine German raiding planes flew over a Westsideside same at half-hour intervals last night and early today, dropping bombs which caused some damage and a few casualties.

It was the first time since midsummer that the area has been visited by more than one or two raiders.

Ground defences put up a heavy barrage and by flares dropped by the Germans.

Several bombs also were dropped in an east coast area.

The returning pilots said "a high percentage of casualties" was inflicted among the troops caught by surprise in a Nazi groud.

Commander of U-Boat shot

LONDON, Oct. 20—(CP)—The commander of the German submarine "570" recently captured in the Atlantic by a British patrol bomber was shot dead today in an attempt to escape from a Laker District prison camp.

U. S. Aircraft Carrier Hornet Is Commissioned

NORFOLK, Va., Oct. 20—(AP)—Navy Secretary Frank Knox, speaking today at commissioning ceremonies for the aircraft carrier Hornet, said every man who lost his life on the United States destroyer Kearny lost it as a volunteer in an "ultimate sacrifice" so that men everywhere may "keep the hope of human freedom."

Men of Forestry Corps inspected By King George

BALMORAL, Scotland, Oct. 21—(CP)—Six hundred officers and men of the Canadian Forestry Corps were inspected by the King on the lawn in front of beautiful Balmoral Castle, Scottish home of the Royal family on the winding River Dee.

Citizens puzzle Over new wage, Price policy

Gov't Officials Work On Plans To Administer Scheme.

OTTAWA, Oct. 20—(CP)—Officials called and citizens puzzled today over details of the most ambitious experiment in economic control ever undertaken in Canada—the wage and price stabilization program announced by Prime Minister Mackenzie King Saturday night.

Members of the wartime prices and trade board and other government officials worked on plans to administer the scheme. Citizens, merchants, manufacturers, consumers, employers, and wage-earners wondered how their own pocket books, standards of living and ways of doing business will be affected.

Leaders of organized labor were critical or reserved judgment. Business men generally declined comment until they see how the control system works out.

Publication of the order-in-council under which the scheme will operate is expected Wednesday and it will reveal the terms of the law on the matter.

Apart from the order, however, there remain scores of details to be worked out. New agencies must be set up. A staff which may run to 4,000 or 5,000 must be employed and

Willkie sees Sea, air clashes With Axis near

NEW YORK, Oct. 20—(AP)—Wendell L. Willkie predicted today that naval and air engagements between the United States and Germany are not far in the future.

"The United States is already in the war and has been for some time," Willkie said in the current Look magazine in answering a series of questions on current events.

"If, however, by 'war,' shooting is meant," he added, "I think there is a possibility that there will be some naval and perhaps aeronautical engagements between the United States and Germany before long."

In regard to differences of opinion in the Republican Party on foreign policy, Willkie said: "Within four years those in the Republican Party who believe in the international viewpoint will completely dominate the party, and the isolationists will be merely a memory."

"If this is not true, the Republican Party as we know it today will die, and some new party will arise and take its place."

Iran may be Scene of big Events shortly

By HAROLD FAIR
Canadian Press Staff Writer
LONDON, Oct. 20—(CP)—Strategic Iran, most suitable point for land contact between British and Russian forces, may be the scene of momentous events as the Germans push eastward to the Caucasus and the need comes for buttressing Russian resistance.

Swell Ranks Of Fighting Men In Great Britain

One of largest contingents to cross ocean; Have uneventful voyage; Greeted by Col. J. L. Ralston.

By Ross Munro
Canadian Press Staff Correspondent
A BRITISH PORT, Oct. 20—(CP Cable)—A contingent of Canadian units has landed here from a flotilla of troopships which also brought to Britain thousands of reinforcements of miscellaneous units for the Canadian Corps.

Col. J. L. Ralston, Canada's Defence Minister and Maj.-Gen. P. J. Montague, Chief of Canadian Military Headquarters in London, greeted the huge convoy. In a crowded six-hour tour of the harbor they met the troops of the armored units from Central Ontario and New Brunswick, a motor battalion from Western Ontario, engineers, army service corps, artillery and signals unit.

The new arrivals, who were guarded on their Atlantic crossing by warships of the Royal Navy and the Royal Canadian Navy, constituted one of the largest contingents to come from the Dominion since the beginning of the war.

Further contingents are scheduled to arrive in Britain before the end of the year to make the Canadian Corps one of the most powerful in the Empire, with three in-

Expect New U. S. Move to send Aid to Russia

HYDE PARK, N. Y., Oct. 20—(AP)—Orders for "speed and more speed" in supplying Russia with arms to resist Nazi military might appeared likely tonight after President Roosevelt had "great confidence" in the Russian situation.

Harriman dropped a hint that some public pronouncement for their stepping up aid to the Soviet country might be expected in Washington tomorrow, from the President, himself, or both.

Support for a belief that some type of action is impending was seen in the fact that Mr. Roosevelt conferred with Harriman a day earlier than expected. Originally, he planned to delay the conference until he reached Washington tomorrow.

Says Japan 'Encircled' by Foreign Powers

By Max Hill
Associated Press Staff Writer
TOKYO, Oct. 20—(AP)—Declaring Japan "encircled" by foreign powers, Premier Gen. Eiki Tojo today called upon the Japanese people and fighting forces to display the "iron duty" necessary to bring the Empire through its "crucial hour."

His appeal for unity in which he told war officials to be prepared to sacrifice everything for their country was made against a backdrop of newspaper assertions to the effect that Japan would neither challenge the United States and Britain to war in the Pacific nor shrink from a challenge from them.

Japanese understood that by encirclement Tojo referred to recent military and economic measures taken by the United States, Britain, China and the Netherlands East Indies and Russia's fight against the Axis Powers.

Germans inch Forward but Pace slowed

Battlefields Before Moscow Reddened By Great Slaughter.

By Robert Bunnelle
Associated Press Staff Writer
LONDON, Oct. 20—(AP)—Soviet accounts indicated today that the Germans continued to inch forward upon Moscow, but only over battlefields reddened by a great slaughter, and an informed source here expressed the opinion that the pace of the invasion generally had been materially beaten down.

Radio accounts from the Soviet capital, where the silence of a city transfixed in a state of siege was only infrequently broken, made clear, however, that there was no lessening of the peril before the capital's gates.

Pravda official Communist newspaper, declared in a broadcast manifesto that German losses in killed and wounded on all the eastern front now approached 4,000,000.
