IN FIVE MINUTES! NO INDIGESTION, GAS OR SOUR, ACID STOMACH

THE MOMENT "PAPE'S DIAPERSIN" REACHES THE STOMACH ALL DISTRESS GOES.
"Really does" put bad stomach in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—Pape's Diaperrin is the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diaperrin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness. A large fifty-cent case of Pape's Diaperrin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back. It's worth its weight in gold to men and women who can't get their stomachs regulated. It helps ease in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or night. It's the quickest regulator in the world.

WILL RETIRE FROM PUBLIC LIFE.

NEW YORK, March 10.—A Washington despatch to the New York Times says:
In a statement in which he asserted that the loan of \$500,000,000 to the allies had destroyed the semblance of neutrality of the United States, Representative Robert Page, a North Carolina Democrat, brother of the ambassador to the court of St. James, announced last night that he would retire from public life because he could not follow the foreign policy of the administration. Facing a vote on the armed ship issue, upon which the President insists, Mr. Page says that by this vote he runs the risk of "staining my hands with the blood of my countrymen."
Referring to the loan to the allies he says:
"Jesus Christ never uttered a more profound truth than when He declared: 'Where your treasures are, there will your heart be also.'
"The loan of \$500,000,000 in England by American capitalists, to say nothing of the profits of munitions manufacturers, has destroyed the semblance even of neutrality in the United States and will probably lead us into war, I have no pro-German nor pro-anything sentiment, or inclination other than pro-American.
"I realize very forcibly my obligation to my immediate constituency and to the American people. I will not stultify my conscience or stain my hands with the blood of my countrymen; neither will I do violence to my conscientious convictions of duty,

thereby forfeiting my self-respect.
"And now, while, so far as I am informed, I will have no opposition for re-nominating in the approaching primary, I desire to announce I will not be a candidate for the nomination.
Other portions of Mr. Page's statement indirectly criticized President Wilson for asking members of Congress to vote on foreign relations, which he regarded as the peculiar province of the executive.
