

Night Coughs.

Terribly wearing on the system is the Cough that comes at night and prevents sleep. Sometimes it's a constant Cough, Cough, that won't be quieted.

Sometimes a choked-up stuffed-up feeling that makes breathing difficult, and sleep impossible. Whatever it may be, Dr. Wood's Norway Pine Syrup is the remedy that cures.

Here's what Mrs. Fred Laine, St. George, Ont., says about it: "My little girl would cough so at night that neither she nor myself could get any rest. I read about Dr. Wood's Norway Pine Syrup and thought I would try it. I am thankful to say it cured her Cough quickly, and now we use no other Cough remedy in our house."

LAST MONTH.

The school children's competition for \$100.00 Cash presents offered by The Welcome Soap Co., St. John, N. B. closes on the last day of May and is causing quite a lively rivalry among the school girls and boys of the Maritime Provinces who have an ambition to earn some easy pocket money for the holidays.

This seems to be an excellent idea, as an incentive to those who have a literary inclination, to test their ability and style as well as an effective method of increasing the publicity of the famous and well liked Welcome Soap.

The conditions seem very simple and are:

1—First present of	\$25.00
1—Second "	15.00
1—Third "	10.00
5 Presents of \$5.00 each	25.00
10 " 2.50 "	25.00

For the best essays not to exceed 1000 words, subject "Soap" to be written by regular school attendants either boys or girls under 16 years of age, all essays to be sent in before May 31st, when they will be submitted to a committee of three disinterested leading teachers upon whose decision the presents as above will be awarded. Essays to be written plainly with pen and ink, signed with name and address, also statement of age of the writer and that the essay is his (or her) unaided work, name and grade of school attended, and name of teacher, this statement to be certified to by one parent or teacher.

All essays must be accompanied by 50 Welcome Soap Wrappers.

Artificial Teeth on Metal Plates

A dentist who knows his business, and one that has any regard for his patients will always advise them to have a metal plate.

PROF. MELVILLE B. BUCKLEY,
Instructor Boston Dental College, Boston, Mass.

In view of the vast amount of injury done to the mouths of wearers of rubber or vulcanite plates, by the retention of undue heat, owing to the non conductivity of rubber, and as aluminum is now so cheaply produced, and making as it does a rigid, light, cleanly, unobjectional plate there seems no reason why any person should wear a rubber or vulcanite plate. Not only this, but better results in fit and adhesion are obtained in difficult cases, than in the use of rubber.

L. P. HASKELL, D. D. S.
Chicago Ill. Dental School

The above quotations are from hundreds by eminent dentists whose close observation in many years experience in plate work has learned them the many advantages of metal over rubber.

Many persons who are compelled to wear artificial teeth on a plate find that the ordinary plate causes heating of the mouth, bad taste, shrinkage of the gums, etc., finally causing the plate to get loose, sometimes sore lips, sore mouths and sore throats, and caused directly from the wearing of an ordinary plate.

We recommend a Metal Plate either of Gold, Platinum, Aluminum.

It is a conductor of heat and cold, it is non-irritating, and is lighter, lighter, and stronger than any other plate.

We have testimonials from persons for whom we have made metal plates—not one would wear an ordinary plate again. You can have your impression taken, and a metal plate made same day fully guaranteed because we make them ourselves, and know all about the material used. Call and see specimens of our work.

Every piece of work done by us must give entire satisfaction to the patient, else we will not allow it to leave our office.
