CHURCH OF SCOTLAND—Rev. Ewen MacDougall will preach Sabbath 6th at Dundas at 7.30 p. m. and Sabbath 6th at Bangor at 10.30. Kinross at 3. and Brooklyn Hill at 7 p. m.

CHURCH OF SCOTLAND—Mr. E. C. Robertson will preach Sabbath 6th at Murray River at 10.30; Peters Road at 3. and Brooklyn at 7.30. Special collections.

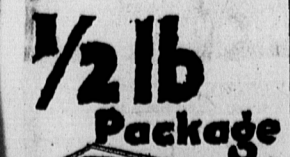

NORTH RIVER BAPTIST CHURCH—Services for Sunday, Sept. 6th, as follows: Fairview at 11.00 a. m., North River at 3.00 p. m., Long Creek at 7.30 p. m.

ACKNOWLEDGEMENT—The Treasurer of the P. E. I. Protestant Orphanage wishes to acknowledge with thanks receipt of \$100.00 from the Tryon Ladies Auxiliary per Mrs. Bruce Howatt.

INTERESTING PAMPHLET—"The French Huguenots in Ireland" is the name of an interesting and informative pamphlet by Rev. J. W. S. Lowry, who is at present in this province and who has preached very acceptably in different churches here. The pamphlet is on sale at the local bookstores.

CARD OF THANKS

Mrs. Gordon Brown and family, Hunter River, wish to thank their friends and neighbors for kindness shown during their recent and bereavement and for floral tributes and messages of sympathy received.

Now your grocer has the cheese you like so well in this handy size.

SOCIAL A SUCCESS—A most enjoyable social was held by the United Church at the home of Mr. Ernest Mutch, Mt. Herbert, on Tuesday evening, several hours being very pleasantly spent in social intercourse. Upwards of \$50 were realized.

VISITS MONCTON—The Moncton Times says—Rev. R. H. Stewart, of Hunter River, P. E. I., who was among the visiting Presbyterians in Moncton Sunday, left on the Maritime Express Monday evening for Harcourt. Rev. Mr. Stewart has many friends in this province. Some years ago he was minister of the Presbyterian Church at Harcourt, and later was secretary of the New Brunswick Branch of the Dominion Temperance Alliance.

BANK TELLER PROMOTED—T. Leonard Roberts, who has been paying teller on the staff of the Royal Bank of Canada in Fredericton, N. B., has received a promotion and will shortly be transferred to the Moncton branch as assistant accountant. Mr. Roberts is a native of Summerside, P. E. I., and has made many friends here who will regret his removal from the city. He will leave this week to take over his new duties at Moncton. A. R. Currie is being transferred here to the vacancy thus created.—Fredericton Gleaser.

PERSONALS

Miss Edith Glennie, of Amherst who has been spending the past two weeks in Bale Verte and Summerside, has returned home.

Dr. H. H. Smith, Mrs. Smith and daughter, Miss Barbara of Boston, who have been visiting Mrs. Smith's father, Mr. J. P. Nicholson and other relatives in this city leave this morning on return to Boston.

Mr. and Mrs. H. M. Montleth and children are leaving today on return to their home in Chatham, Ont. after a pleasant visit with Mrs. Montleth's mother Mrs. Gill.

Many friends throughout the city will be pleased to learn that Elmer Taper who recently left for Saint John for a critical operation is making progress towards recovery.

Misses Mary Grace, Mabel and Belle MacKenzie who have been spending the summer with their parents, Mr. and Mrs. Malcolm MacKenzie, Flat River, left yesterday morning on return to Vancouver, B. C.

Miss Christina MacMillan returned Tuesday night from Providence Rhode Island, where she was visiting her sister, Mrs. E. D. Bigelow for the past three weeks.

Fruit Shipments From Ontario Grow

MONCTON, Sept. 3.—Shipment of fruit from Ontario is assuming considerable proportions and yesterday morning six cars were attached to the Maritime Express for Halifax. This is the largest single shipment this season but is one car less than the record set last year when seven cars went through the city attached to one train. The shipments are being made in specially ventilated cars instead of the refrigerator cars which formerly were used in the fruit season. These cars have special ventilating systems by which a current of air is kept circulating continually over the fruit. The cars are described as the last word as fruit carriers by the railway authorities. It is expected here that there will be a steadily increasing traffic in fruit for the next month or longer.

By Car From Saskatchewan To The Island

MONCTON, Sept. 2.—To travel 3,480 miles in a five-year-old automobile and to have a bill for repairs amounting only to \$5.20 was the experience of E. J. Malone, of Dilke, Saskatchewan who passed through the city today en route to his former home near Charlottetown, P. E. I., accompanied by Mrs. Malone and two children. The party left home on August 1 and made the trip for the most part through the United States. More than 2,000 miles of the route covered being paved. Speaking of the tourist camps encountered on the way, Mr. Malone said that none were better than that in this city and that only one that equaled it was that at Eau Claire, Wis., where there was a zoo and other attractions attached. The charge there, however, was fifty cents, whereas there is none here. Travel was very heavy on many of the roads over which the party passed and this was particularly true of the districts near the larger cities. At Chicago, he said, for sixty-seven miles the traffic was very heavy and resembled that in the city itself. At Cleveland the city traffic extended for thirty-eight miles. The party plans to return to the west later in the fall but will go by train, leaving the machine in the east. Conditions in the west Mr. Malone said, were very promising when he left and there was every evidence that the crop would be a large one.

Criminal Record In Canadian Courts

(Canadian Press)
OTTAWA, Sept. 2.—Canadian courts are drawing the net more closely round the criminal. That is one conclusion to be drawn from criminal statistics issued by the Bureau of Statistics of the Canadian Government. The statistics cover the year ended Sept. 30, 1924, and are a compilation of convictions and acquittals in the various provinces. They do not deal with the unsolved mysteries of crime, but with cases actually in court. They show that in the 12 months ended last September convictions for indictable offences as against the previous 12 months' corresponding, increased from 16,188 to 16,268 while at the same time acquittals decreased from 4,551 to 4,409. Expressed in percentages, convictions in indictable offences increased by seven per cent while acquittals decreased by six per cent. Of the major crimes, there were 22 convictions for murder in the year ended September, 1924, as against 15 in the previous year; 1,568 convictions for burglary, was defeated by 92 to 25.

Canada An Inspiration To Artists

(Canadian Press)
VICTORIA, B. C., Sept. 2.—Canada with its great variety of scenery should breed a nation of artists and many should display the spark of true genius, in the opinion of John Bull, famous painter of Canadian scenery, who was a recent visitor here. "Canada provides inspiration for an artist," he said. "I know of no country with such a wealth of scenery. It is spectacular, picturesque and magnificent." Mr. Bull has won considerable distinction during recent years for his paintings in connection with Canadian exhibits at the British Empire exhibition, Wembley, at Shepherd's Bush and numerous continental show places. "Canada's waterways and magnificent harbors, her great waving expanse of wheat fields the mountains and the industrial scenes offer such a score for scenery painting that it is a delight to work on a Canadian exhibit," he said. "There is keen rivalry between all the Dominions at Wembley, but Canada takes second place to none in the artistic merit of her exhibits."

Officials Pay Tribute To Soldiers Wives

(Canadian Press)
VANCOUVER, B. C., Sept. 1.—In an article descriptive of the success attending the work of the soldiers' wives of Chilliwack, B. C. the writer pays a tribute to the wives of these men. Perhaps it will never be known just what part in the ultimate success of the various settlers has been the result of the great co-operation in the work by their wives. Coming here often a stranger in a strange land, in many cases trying hard-earning for the first time without material comforts and conveniences, or in some cases where illness of the children has meant weeks of worry, a book might well be written on the splendid courage of these women, of the tears kept back and the indomitable spirit which has helped so much to tide over the "blue" days. One case comes to mind where twice within five years the stock had to be disposed of, owing to disability and illness, and where the wife, a charming bride of the early days of the war, coming from Edinburgh, literally set her hand to the plow. The loss sustained from the selling of the stock, if possible had to be made up, and so chickens were bought. Today this settler's wife has 200 chickens, and she says they have paid her well though she had no previous experience with them.

NEW RAPID FIRE GUN VANISHES MYSTERIOUSLY

(Canadian Press)
BRIVE, La Gailard, France, Sept. 2.—Mystery surrounds the disappearance of a newly invented rapid fire gun built on the lines of the Lewis gun from which great things had been hoped for. The weapon disappeared from the railroad depot here while in transit. The gun which is the invention of the workmen of a Tulle arms factory was being shipped to a proving ground for trials before a parliamentary commission prior to its adoption by the army. It failed to arrive and an inquiry was started. It was traced to this town where the box in which it had been packed was found to have been opened. Parts of the gun were scattered about the depot.

FOX INDUSTRY DOUBLES IN YEAR

During 1924, 10,000 silver black foxes were inspected and registered in the office of the Canadian National Live Stock Records. This brings the total number on record to date up to more than 20,000 the industry having doubled in one year. Prince Edward Island leads in this line, 4,000 live foxes having been shipped out of the Island Province last year, many of this shipment going to the United States.

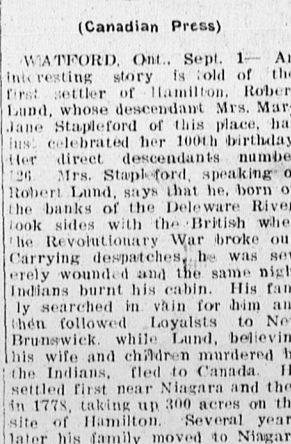

On 100th Birthday Recalls Indian Raids

(Canadian Press)
WATFORD, Ont., Sept. 1.—An interesting story is told of the first settler of Hamilton, Robert Land, whose descendant Mrs. Mary Jane Stapleton of this place, has just celebrated her 100th birthday. Her direct descendants number 125. Mrs. Stapleton, speaking of Robert Land, says that he, born on the banks of the Delaware River, took sides with the British when the Revolutionary War broke out. Carrying despatches, he was severely wounded and the same night Indians burnt his cabin. His family searched in vain for him and then followed Loyalists to New Brunswick where Land, believing his wife and children murdered by the Indians, fled to Canada. He settled first near Niagara and then in 1778, taking up 300 acres on the site of Hamilton. Several years later his family moved to Niagara and heard of Land, walked to Hamilton, and found the long-lost father.

Magnesia Best For Your Indigestion

Warns Against Doping Stomach With Artificial Digestants
Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have discontinued disagreeable diets, partaken of food and the use of harmful stomach tonics, medicines and artificial digestants and instead, following the advice so often given in these columns, take a teaspoonful or two tablets of Bisaurated Magnesia in a little water after meals with the result that their stomach no longer troubles them, they are able to eat as they please and they enjoy much better health. Those who use Bisaurated Magnesia never deride the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, sweeten the stomach, prevent food fermentation, and without the slightest pain or discomfort, try this plan yourself, but be certain to get pure Bisaurated Magnesia especially prepared for stomach use.
