—PATRIOTIC DANCE.—The third of the Spring series of Patriotic dances was held in the Summerside Town Hall on Tuesday evening. A large crowd of young people were present which made the affair such a success, the fourth and last dance of this series will be on Monday next.—H.

—HOME TALENT ENJOYED.—A number of young people of Urbanville had been practising during the past winter, a few short dramas and songs, preparatory to giving a night entertainment. On Thursday and Friday night of last week the entertainment was given and it proved a great success, much beyond the most sanguine expectations. Much praise is due to the teachers Mr. Francis Dolron and

Miss Agnes Arseneault who directed. But the way in which each player performed his or her part was also commendable. On Monday night the performance was held at Egmont Bay hall. Needless to say there was a good attendance on every occasion, part of the proceeds of admission fees going for the Red Cross. Excellent music was rendered by Miss Agnes Arseneault as was also a very beautiful French recitation. One drama entitled, "My Turn Next" was as beautifully rendered it being a comedy in part with touches of anxiety and mortification caused by some misunderstanding on the part of the actors. Another drama, "Too Much of a Good Thing" was also very comical. The third entitled, "Docteur Galis" was certainly well performed. Beautiful choruses were ably rendered, and on the whole the performance was a splendid success.—M.

A MAN AND A PIG.

Man reaps the grain and divides it into two portions. Carefully he grinds out all the highly nutritive coarse dark parts and feeds them to the pig. The inferior non-nourishing parts he keeps for himself because they make snowy white flour, which makes bread that looks pretty. No, he doesn't feed his eye! He puts the dainty white flour into his stomach on hot days. The pasty, starchy mass clogs in the digestive tract. It ferments and causes both indigestion and constipation. The man blames the weather. The animal meanwhile thrives. Why in the name of common sense doesn't man eat food as Nature intended! Some day every body will be using Roman Meal, the ideal food for all in hot weather, made from the whole berries of wheat rye, and deodorized flax with bran—highly nourishing, non-heating, quickly digestible, and a sure relief for constipation or "money back." At all grocers 10 cents and 25 cents.
