ARREARS OF TAXES

NOTICE to DEFAULTERS

Notice is hereby given that the Act passed by the Legislature in 1907, to provide a more speedy and simple method for the collection of Arrears of Taxes, will be put into force at once for the collection of Arrears of 1906 and all previous years. The new Act does not require proceedings to be taken against the land, the advertising of the same, nor the mailing of Final Notices to Defaulters; and it gives the Government the additional power, after the Tax is one month over due, of suing in any Court, and of levying on all goods and chattels found on the premises or in possession of the party sued. Where there are no goods and chattles, or not sufficient to levy on, proceedings will be taken against the land under the old Act as heretofore.

The new Act, as well as the old, declares all taxes to be "Crown debts," having priority over all other Claims, Judgements, Mortgages, Bills of Sale etc. All Taxes will be sued for in the name of the King.

Persons in Arrears for Land, Road or income Tax are requested to make immediate payment to save expenses.

This Notice is final. S. E. REID,
Provincial Treasurer

THE GUARDIAN COVERS THE FIELD

The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada.

With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community.

Charlottetown has a population of 12,000 and Prince Edward Island has 103,000 The Guardian's daily circulation is therefore as 1 to 1½ of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believes, unequalled by any daily newspaper published in Canada.

Take one or two comparisons with other leading newspapers in other cities and Provinces.

St. John has a population of 40,000 and the Province of New Brunswick 320,000 St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000, or say as 1 to 5 of the population of that city and 1 to 40 of the population of the Province.

Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,225,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 50,000. That is as 1 to 5 of the population of Toronto and 1 to 44 of the population of Ontario.

The point is this, that The Guardian covers the field of its circulation three and a half times as well, if compared with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admittedly among the best in Canada.

These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite Journal is endorsed by the reading public among whom it circulates and how completely it covers the field as an advertising medium in this City and Province

Fashioner imported No. (313) (8468), weighs 1250 lbs. Fashioner is sired by the noted horse Welbeck No (7313). Welbeck sire of Fashioner is one of the greatest sons sired by the champion Hackney stallion of all England, Garton Duke of Connaught for which his owner refused the big sum of $20,000 00 Garton Duke of Connaught has sired more prize winners and high priced Hackneys than any other Hackney Stallion in Great Britain and has the high honor to be the selected Hackney Stallion for the services of the Hackney mares owned by his Royal Highness King Edward. Fashioner Dam Tit Bits, No. (10563) by the noted horse Sir Alfred Sands No. (3271) Tit Bit is the Dam of many prize winners at all the leading shows of England and has proven herself to be a great brood mare. Fashioner imp. (343) (8468) is one of the highest actors and fastest going Hackney stallion in Canada. He was shown at London fair Ontario 1906, and won the second prize against a strong field of good horses and first class judges pronounced that he should have won first prize. He was shown at the Dominion Exhibition Exhibition Halifax 1906 and won first and sweepstakes for the best Hackney stallion of any age. All breeders wishing to breed high classed harness horses should not fail to see this grand young hackney stallion before breeding their mares. It has been proven by first-class breeders that the Hackney stallion crossed over trotting or thoroughbred mares is the only way to produce the high class harness horses that sell for the big prices. Horses bred this way have been sold for $500.00 a pair to $5,000 00 a pair through Ontario and the United States. Trotting and thoroughbred mares crossed with a Hackney stallion like Fashioner with the size he has and the stylish way of going of and his confirmation will be sure to produce horses that will sell for the big prices, and as well be good horses to work on the farm and not take all you raise on your farm to feed them.

Fashioner will be at Connor's Stables, near Essory's Livery Stable, every Market day.
