ST JOHN AND HALIFAX.

St. John and Halifax have long been rivals and as the respective intellectual and political centres of the two Provinces these cities exercise a large control throughout New Brunswick and Nova Scotia respectively. It is in the cities named that the leading newspapers of the two Provinces are published and these have much to do in moulding the sentiment of the people. Halifax has five daily newspapers, as has St. John, and three of her five journals of this class stand squarely for the Government in the recent campaign. In St. John there was but a single daily of any standing supporting the Government cause, while four were in Opposition.

So long as Hon. A. G. Blair represented St. John City in Parliament and in the Cabinet the people of that city and Province had no fear of the dominating influence of Hon. W. S. Fielding. They knew that the latter was a strong man, earnestly devoted to Halifax and Nova Scotian interests, but felt that in Mr. Blair they had a representative at least equally strong and equally devoted to his city and Province. But once Mr. Blair had resigned from the Government it was felt, both in St. John and Halifax, and largely throughout the two Provinces that Halifax and Nova Scotian interests had become paramount in Government circles.

It mattered little indeed whether this impression was well or ill-founded; it had taken possession of the popular mind. It helped Mr. Fielding to his remarkable success in returning a solid phalanx of his supporters, and it materially aided in rolling up the great majorities of the Opposition candidates in St. John City and County—the majority being the largest in its 120 years of political history. It helped also to carry in the Opposition column the group of counties more especially tributary to St. John—Kings, Albert, Charlotte, Queens, Sussex and York. It is noteworthy that the six Opposition seats are all in a compact body, clustering about St. John, while all the other counties gave Liberal majorities.

Beyond question the retirement of Sir Louis Davies and Hon. A. G. Blair from political life enormously increased the importance of Mr. Fielding in the Government and in Eastern Canada where now he reigns without a rival. His own Province is quick to see the advantage which it has gained, while neither New Brunswick nor Prince Edward Island have much reason to be enchanted with their present prospects. The old political and commercial rivalry, between St. John and Halifax still exists, but in the new order of things Halifax holds all the trump cards. These positions would have been reversed had the Laurier-Fielding Government by any chance been defeated in the contest of 3rd November. Saint John will not be made more happy when in the not distant future Mr. Fielding succeeds Sir Wilfrid Laurier as Premier of Canada.

It will be remembered that in the appeal of New Brunswick and P. E. Island to the Privy Council on the representation question judgment was reserved, although enough was known for all to understand that the decision would be against the Province. A cable despatch announces that the two appeals have been dismissed without costs.

Here is a modish tailored two-piece street suit for young lady. It is made of dark blue serge and trimmed simply with narrow black braid and smoked pearl buttons. The jacket revers are turned back and faced with taffeta silk stitched with blue in wheel designs.

A Friend to Many has Passed Away.

is a smaller circle to whom he was very dear, and his place in their hearts can never be filled by another. But while they mourn for him they have the blessed consolation of knowing that everything was done to mitigate his pain, and promote his comfort, that money, care, love, and medical skill could accomplish. Among the long list of physicians whom he had consulted at different times, are the names of—Brown-Sequard, of Paris; J. Marion Sims, of London and New York; Dr. Samit, of Italy; Prof. Calton, of Germany; Dr. Chambers, of London; Dr. Chamberlin, of New York, and many others. His last physician, who had been in constant attendance during the past six years, was the celebrated surgeon, Dr. Arthur T. Cabot, of Boston.

Mr. Paige's funeral was on the 27th of October, and was largely attended, the Masonic fraternity, of which he was a member—having reached the 32nd degree—was well represented. The family services were held at the house, and were conducted by Mr. Paige's old and greatly loved friend, Rev. Edward Everett Hale, D. D., who was but a few years younger than Mr. Paige. He spoke very feelingly of this fact, and of the long and close friendship which had existed between them. A male quartet sang "Consolation." "Nearer my God to Thee," and "Lead Kindly Light." After the family services were concluded the Boston Commandery, K. T., proceeded with the Masonic ritual, the Chaplain, Rev. George L. Perrin, D. D., being in charge. The pallbearers comprised a representative from each of the Masonic bodies, and presented numerous floral pieces. One of the tributes received was from the St. John's Commandery Philadelphia, of which Mr. Paige was an honorable member, he having been one of the nine who went from Boston Commandery and presented a sword to the organization in Philadelphia. The St. John's Lodge of Boston gave a tribute of a square and compass of pink roses and violets, and from the Boston Commandery a standing cross and crown. Among those who sent flowers were, Hon. Frank G. Welch, rose; Hon. Horace G. Allen, a wreath of galax; and bunch of roses. Hon. Hugh Brown, of Brookline, president of the R. R. News, a large bouquet of flowers. Dr. and Mrs. Goodwillie, of New York, a box of carnations and roses; Mr. and Mrs. Alfred Sears, a standing wreath of white roses on stand of red roses; Mr. John Souther, bunch of white carysanthems; Dr. and Mrs. Wilson, a wreath of brown galax; Mrs. Moses Morrell, and Mrs. Arthur Howe Fingry, white roses; Mr. and Mrs. Hugh G. Brown, bunch of white carysanthems with purple ribbon; Mr. and Mrs. Henry Stanley Cushing; Mrs. George Franklin Cobb, pink and white roses; Hon. and Mrs. John E. Stetson, white carysanthems and violets; Mr. and Mrs. Charles Pollen Adams, white carysanthems; Bart F. Upton, white roses; Dr. Flora S. Russell, large red American Beauty, with red ribbon. The most elaborate flower-piece was a tribute from one of his tenants, Mr. Sars, the family tribute consisting of

white roses, American Beauties, Lily of the Valley and Orchids, which covered the casket. Orchids and white roses and violets from Mr. and Mrs. Jason S. Bailey.

Numerous letters of condolence were received from tenants and friends. The burial services were in the family lot at Forest Hills cemetery where some years ago Mr. Paige had an elaborate monument erected. A brief committal service was held at the grave. Three generations survive him.

There were very few dry eyes in that large assemblage of friends as they saw him slowly disappear from their sight; sinking down as it seemed into a bed of flowers and ferns which rose up to meet him; the cool, damp earth being completely hidden, so that the body seemed to be lowered into a sunken garden of beautiful plants and foliage.

This pleasing delusion was designed by her who will miss him most of all.

"I had scrofula and erysipelas for eighteen years, until I heard

Of Dr. Pierce's Golden Medical Discovery," writes Mr. Hilery Koons, of Queens, W. Va. "When I commenced to take this medicine I weighed one hundred and thirty pounds. I have taken six bottles of Dr. Pierce's Golden Medical Discovery and three vials of his 'Pleasant Pellets' and am glad to say I feel like a new man. I now weigh one hundred and seventy-five pounds. When I had used one bottle of the medicine I could feel it was helping me. I realize Dr. Pierce's Golden Medical Discovery is the best medicine on earth."

Dr. Pierce's Golden Medical Discovery purifies the blood and entirely eradicates the poisons that breed and feed disease. It cures scrofula, eczema, erysipelas, boils, pimples and other eruptions that mar and scar the skin. Pure blood is essential to good health. The weak, run-down, debilitated condition which so many people experience is commonly the effect of impure blood. Dr. Pierce's Golden Medical Discovery not only cleanses the blood of impurities, but it increases the activity of the blood-making glands, and it enriches the body with an abundant supply of pure, rich blood.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of customs and mailing only. Send 31 one-cent stamps for the book in paper covers, or 50 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Good Glasses And Good Eyesight

If one must wear glasses, only good ones can give good eyesight. The very cheap class of glasses are not only not a help to the eyes, but are in the long run a positive detriment. We cannot too insistently urge upon those who are about to adopt glasses or those who are already wearing cheap, unsatisfactory kinds the great importance of buying glasses of an experienced and capable optician, who has both the knowledge and the instruments for properly testing and fitting your eyes. Come to the E. W. Taylor Store for any need whatever in the line of glasses. Gold-filled spectacles, warranted 10 years, complete with lenses \$3.00 and many other kinds of both spectacles and eyeglasses.
