SPORT-TIPS
by *Red Powell*

BASKETBALL #34

WHEN TO USE IT
Use the pivot shot when you have the ball, but your back is to opponent's basket and you are closely guarded. Use only when you are quite close to basket.

FAKE TO ONE SIDE
Hold ball well out in front, fake to one side by twisting upper body around. Take short step in same direction. Make this fake really convincing.

JUMP AND SHOOT
After fake, pivot quickly to opposite side. Leap high in air, twisting body to face basket. Shoot with one hand push "set" shot at height of jump.
