Stock Market Dull At N.Y. After Two-day Boom

NEW YORK, March 31—(AP)—Demand for stocks ebbed today and business reversed close to normal after two days of rapid-fire activity. The setback almost cut in half the gains of a two-day rise which lifted the general price level to a high since Feb. 4 and trading went back to the hands of the professionals.

Closing prices in most cases were at the lows for the day. Turnover dropped to 980,000 shares, a good day's business but about half of 1,850,000 yesterday and 1,800,000 the day before.

The Associated Press average of 60 stocks declined 5 of one point to 63.3. This decline was matched on March 15 and exceeded a bit on Feb. 24. Utilities held up better than the rail and industrial groups.

At Toronto TORONTO, March 31—(CP)—A few stocks with uranium properties provided a bright spot in an otherwise dull and easier session on the Toronto stock exchange today.

Nicholson Mines, with Uranium property in the goldfields district, Northern Saskatchewan, turned over more than 117,000 shares for a nine-cent advance at 87 cents and touched a new high at 97 cents.

Expectations of increased exploration in the goldfields area, Lake Athabasca, brought attention to the uranium stocks.

Others in the mining list slid lower. A few senior gold showed small losses and juniors were irregular.

Base metals were in an almost one-way downward movement. Consolidated Smelters, Hudson Bay, International Nickel and Waite

DON'T JUST BUY CHICKS BUY PRODUCTION Other things being equal, price usually represents value. It is not the price of the chick that will make or lose money for the poultryman but the production of the flock. Why walk in the tail of the procession when you can ride in the Band wagon? Ella Crossbred Chicks are the product of years of effort and money spent to improve this laying strain. Send for our chick folder and art calendar and ask your neighbour who has them his opinion of Ella Crossbred Chicks. CYRUS & MANNING ELLS LIMITED, Fort Williams, Nova Scotia
