

NOTED MUSICIAN OF MONTREAL

Advice The Use Of "FRUIT-A-TIVES", The Famous Fruit Medicine.

MR. ROSENBERG
589 Casgrain St., Montreal.
April 20th, 1915.

"In my opinion, no other medicine in the world is so curative for Constipation and Indigestion as 'Fruit-a-tives'. I was a sufferer from these complaints for five years, and my sedentary occupation, Music, brought about a kind of Intestinal Paralysis—with nasty Headaches, belching gas, drowsiness after eating, and Pain in the Back. I tried pills and medicines of physicians, but nothing helped me. Then I was induced to try 'Fruit-a-tives', and now for six months I have been entirely well. I advise any one who suffers from that horrible trouble—Chronic Constipation with the resultant indigestion, to try 'Fruit-a-tives', and you will be agreeably surprised at the great benefit you will receive". A. ROSENBERG.

Yesterday was a big day in Salvation Army circles in Charlottetown. No less a visitor than Commissioner Richards the head of the Army in Canada, Newfoundland and Bermuda was here. He was accompanied by his private Secretary Captain Keith, Major Barr, of St. John District, and by a singer, Brigadier Green.

This is the first visit of Commissioner Richards to this Province. He is the successor to the late Commissioner Rees, who with 140 other prominent Salvation Army officers went down in the Empress of Ireland on Nov. 3, 1914. Commissioner Richards while in the city is the guest of Mr. F. R. Heartz. He addressed two well attended meetings in the People's Theatre yesterday, one in the afternoon and the other in the evening. At the afternoon meeting Hon. Mr. McKinnon, presided, and among others on the platform were Rev. G. C. Taylor and Messrs F. J. Nash, F. B. Heartz, James Paton, M. L. A., R. C. Goff, R. H. Jenkins and L. E. Frowse besides the army officers.—Hon. Mr. McKinnon in a few suitable words, in which he made mention of the great work being done throughout the world by the Salvation Army, introduced the Commissioner.

The Commissioner is a very effective and pleasing speaker, having a clear and rapid style of delivery, which grips the attention of his hearers. His description of the immense work being carried on all over the world by the army was most graphic and the numerous humorous incidents related in his own inimitable manner kept everyone on the qui vive. The Commissioner

told of the many army brigades which have been formed to rescue drunkards and stated that there are 1100 different agencies throughout the world to carry on the work. In the various centres it is necessary to adopt methods to suit the different kinds of people. Speaking of army workers he said that some of the highest of these came from Charlottetown, and are a credit to the town.

He told of the work in New Zealand where the army has two islands for inebriates—one for men and the other for women. Drunkenness is a disease and has to be dealt with like any other disease. Prevention is the cure here, the victims being kept on the island for two years. Another island contains a home for lepers. The Commissioner told of the organized Life Saving Scouts and Guards of the Army and gave a very interesting outline of how the army started from beginnings until it became an organization of vast magnitude and of powers beyond all conception. The foundation of the Army he declared is the blood of Christ. The love of God in the soul of a man will destroy all outside elements. There is no theological hair-splitting in the Salvationist's religion but it is the religion that goes right down into a man's heart and gives him that for which the human soul craves.

At the close of his address a vote of thanks was moved by Mr. James Paton, M. L. A., seconded by Mr. F. J. Nash, who both paid tribute to the splendid work of the Army. Mr. Green sang a number of selections during the meeting.
