CIRCUS PEOPLE LIVE WELL.

They Are Provided With the Best of Everything.

"How do circus men and women live while on the road?" said a circus man. "Why, they live better than ever before. We carry almost 1,000 people, and I doubt if you can find one of that number who is discontented with his or her lot. Several years ago it was customary with the majority of circuses to provide inferior cars for their business staff and performers and compel the laborers to sleep under the big red wagons or the flat car. The passage of time has changed the order of things. Circus folk now travel as well as if not better than the majority of men and women who are constantly moving from one portion of the United States to the other in search of pleasure.

"Our business staff and performers live in spacious Pullman cars. The beds are soft and roomy, and the bed-clothing is always fresh and clean. The circus has twelve Pullmans of this kind, and on each one is a porter, whose duty it is to polish the shoes of all the occupants each night, look after the laundry and make the beds and sweep and dust the cars. These cars are vestibuled, and at the head of the train is an extra long dining car, where the majority of the people are fed. This dinner is looked after by a competent steward, with a staff of good cooks and waiters, and breakfast and dinner are served there each day. The performers take their luncheon on the circus grounds immediately after parade.

"The laborers, including the drivers, canvas men, hostlers, property handlers and animal men, are served with three meals on the ground. The food provided is of the best, and there is always plenty of it. Every laborer has a bed. The drivers and hostlers have swinging bunks in the cars directly above their horses; the animal men are accommodated in cosy little staterooms fitted up in the big elephant cars, while the property handlers and canvas men sleep in cossies that greatly resemble tourist cars. Every one has good quarters and splendid food, and in consequence it is seldom that a complaint is heard."—Kansas City Journal.

A Discriminating Dog.

"Yes, the neighbors complain about my dog."

"Does he bite?"

"No, he's too affectionate. He has the reputation of being a judge of beauty, and every time a pretty woman passes along the street he frisks about extravagantly."

"I should think the women would like that."

"Yes; but there are only two pretty women on the street, and the others complained."

Her Object.

Mr. Snoodles—Good afternoon, Miss Annex. Going for a walk? I hope I may accompany you?

Miss Annex—Yes. Dr. Sargeant says we must always walk with some object, and I suppose you will answer the purpose.

Seeks Diversion.

He—Why is she suing him for divorce?

She—For diversion.

He—Diversion!

She—Yes; she says being married is so monotonous.

Inseparable.

Affrighted, he turned on his pursuer. "You black thing, why do you follow me constantly? What are you?"

"I am your sunshine companion," mockingly replied his shadow.

Just Whistling.

Nervous Employer—Thomas, I wish you wouldn't whistle at your work.

Office Boy—I ain't working, sir. I'm only just whistling.

Are you sure you are all right and those who don't believe as you do are all wrong?

Is There Poison in Your Blood?

Then the Liver and Kidneys Have Failed to Perform their Mission and you Need

DR. CHASE'S

Kidney-Liver Pills

If you are not well there must be a reason for it. Most of the common ailments arise from poison in the system. If you would be well you must remove this cause of disease.

The work of the blood is two-fold. It supplies nourishment to the body and collects the impure and poisonous waste matter. This poisonous material is removed from the blood by the action of the liver and kidneys. When these organs fail the poison is carried back through the system in the circulation of the blood and causes disease.

Where is your weak spot? Just there you may first expect to feel the effects of poison in the system. It may be stomach trouble or lung trouble, kidney disease or heart disease, but the beginning is with the inaction of the great filtering organs—the liver and kidneys.

Nine-tenths of the ill of everyday life may be cured by Dr. Chase's kidney-liver Pills, because they set the liver, and bowels right and so cleanse and invigorate the system.

Have you come to realize the importance of keeping the bowels regular and the liver and kidneys active? You will appreciate Dr. Chase's Kidney-Liver Pills not only on account of their wonderfully promptness, but also for their lasting effect on the system. They get at the very foundation of ill-health, and by removing the cause bring thorough cure.

Dr. Chase's Kidney-Liver Pills, the comfort of old age, one pill a dose, 25 cents a box, at all dealers, or Edmondson Bates & Co., Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

Hot Weather Diet.

A great many people pay little or no attention to the kind of diet they should adopt with the varying seasons and hot or cold weather eat food that they should not for the comfort and the welfare of the body. Especially is this true during the summer months, when a proper diet will materially assist in the avoidance of many of the discomforts of the heated term. Avoid heat producing foods, says Cooking Club. With good bread and butter, fruits and vegetables there is no need of overtaxing the system with meat and grease. And do not overeat. Don't force the appetite, and overload the system. If you do not crave food there is something wrong with your general system, which requires something besides food. At such times try fasting in a limited degree. Put your stomach on short rations, and give the machinery a little rest. Appetite will take care of itself if the general system is in good condition. A good appetite is indicative of good health.

An Omnipresent Nuisance.

Flies are more detestable than mosquitoes. They mar whatever they touch and do not possess the merit of being sweet singers. A mosquito orchestra is not bad when one appreciates it. The desire of Mr. Fly to settle upon the whitest things in the house is his worst fault. In his communities white shades are converted into dark blue or bottle green ones before spring is half over. The fly is the only universal pest. It is the unwelcome companion of man in every quarter of the globe and is equally at home in Alaska and the great desert. A ship may leave port without one on board, yet in mid-ocean an insect on deck will attract a swarm. The fly seems to be born for the occasion.—New York Press.

The Face of the Ruler.

In England a subject if he wishes to have a portrait of his majesty must buy one. In France every peasant and artisan is compelled to look upon that of the president each time he votes at an election or marries a wife or registers a birth in the mairie. The first act of the minister of the interior after the election of a new president is to request him to have his portrait taken, that it may be reproduced and exhibited in the 40,000 communes of France and Algeria.—London Chronicle.

World's Fair Motor Chairs.

The roller chair of Chicago fame will not be found at the St. Louis exposition. In its stead will be a light electric motor chair, said to be so simple in its design that it can be easily guided and managed. The most important feature is the guard rail on the sides of the chair. This is connected with the operating mechanism and is so sensitive that the chair is brought to a sudden standstill as soon as the guard rail comes in contact with anything.

MRS. SRS. W. F. HATHEWAY & CO., Wholesale and Retail Dealers of Tiger Tea—Caption Tea.

DEAR SIRS—Our choice at home of Tiger Tea is given to you, for it is the only tea that the tiny dried, whitish buds in Tiger Tea give it that fine flavor. It is made in China and is the best. The Tiger Tea in 1 lb. packages, as it looks cleaner, and because Tiger Tea are prepared and packed by machinery instead of by the hands of men, are the best. The pretty blue and white label is a mark of quality and is a mark of Tiger Tea. The tiger paw on the label shows how strong the Tiger Tea is. I am very glad to send you this letter about Tiger Tea, and if you wish I will send you a sketch of a tiger which would perhaps be better than the tiger on your label. The rich flavor of Tiger Tea pleases everyone, and I hope that you will always keep the rich flavor good as it is now. I enclose the 12 cards required, and tell you truly this is my own handwriting. Every Canadian should buy a 1 lb. packet of Tiger Tea, for besides the good quality, we know that the work of blending, labelling, boxing, packing, etc., is all done by Canadians in St. John. My gift to you is a Tiger Tea price. Hoping that this letter will win a Tiger Tea prize. With I am respectfully yours, W. F. HATHEWAY & CO. Be sure and sign letter, giving full address—5th, 17th, 18th, a w cow
