P. OUTPLAY STARS AT THE M. C. A. SATURDAY NIGHT

Best Game so Far in Series by Score of 23–16.–Anchors Juniors Defeat Rovers Juniors, Score 34–19.

The fourth game in this league was played away Saturday night, and again the Anchors showed their superiority over the Stars, by decisively defeating them.

The game was the best so far played in this league, was brimful of action from start to finish, and a pippin to watch.

Both teams featured passing, shooting and good basketball judgment.

The winners had a slight margin on their opponents in weight, which the losers counteracted with their supremacy in speed and combination.

Next game this coming Wednesday at eight o'clock when the Anchors and Rovers clash. This promises to be the best yet.

Score and players:

STARS		ANCHORS
R. Spillett, 12	...	Scantlebury, 13
W. Spillett, 2.	...	Cox
H. Shaw	...	Hearn, 9
C. Mathieson	...	Toombs
S. Mathieson	...	Dewar, 1
E. Goss, 2.	...	
Total 16	Total	23

MIDGET LEAGUE.

Anchors 34, Rovers 10.

Another excellent game in this league was played on the gym floor Saturday night resulting in the above score.

Both teams played excellent ball featuring good combination, excellent shooting, and the very best of teamwork, which is most essential to any team who want to get anywhere.

For the winners Mallett played a whale of a game, scoring the largest number of points for his team and was largely instrumental in his team securing a victory, while Henry for the losers played a hard game, scoring the greatest number of points for the Rovers.

Players and scores:

ANCHORS		ROVERS
Cameron, 4	...	Hall, 6
Goss	...	Henry, 12
Mallett, 16	...	Johnson, 1
Owen, 10	...	Ebers
Cox, 4	...	Simons
Total 34	Total	19

The Sussex Hockey Team Disorganized

SUSSEX, Nov. 22—Chances do not look very bright at present for Sussex having a team in the southern section of the N. B. and P. E. I. Hockey League this season. The old championship team that done so much to put Sussex on the hockey map of the Maritimes is this year pretty well shot to pieces. Joe Lamb is located in Montreal, Fred Reid and Frank Hunter in New York and next week Jack Leclair, one of the champion's speedy forwards, George LeClair's star goal tender, and Eddy Brooks, who played spare, leave for Waterville, Maine, where they have secured situations, and will play hockey during the coming winter with the Waterville town team of the Maine League.

Sussex will, however, not be out of the running very long, for "Bill" Hay, Percy Radcliffe, Harold Radcliffe and Walter Friar of the old squad are still left in the dairy town, and with some new material that is in sight to be recruited from last winter's juniors, will be able no doubt to produce a fairly snappy aggregation of puck chasers before the season is very far advanced.

Lamb Not Signed With Ottawa Team

OTTAWA, Nov. 22—Joe Lamb, Maritime amateur hockey player, has not signed a contract with the Ottawa Senators, officials of the local club stated here this morning. Lamb who works in a Montreal bank is spending his vacation here, and has been practising with the local professional at his own request, it was stated. If Coach Alec Currie considers he is good enough for professional company he will likely offer him a contract, but whether or not the Maritime player will sign it is not known. At present it is emphasized by the officials, "he is strictly amateur."

CHALLENGE

We, the Guardian List Boys Bowling Team, do hereby challenge the Patriot List Boys team to a friendly game to be rolled on the Y. M. C. A. alleys on Saturday morning at 9 o'clock.

Helen Wainwright Issues Challenge

TAMPA, Fla., Nov. 22—Miss Helen Wainwright, the champion all-round woman swimmer and diver, issued a triple challenge direct to the three other leading mermaids of the world. The New York girl, who will spend the coming winter as aquattic coach at Tampa offers to meet in their specialties the Misses Gertrude Ederle, Aileen Riggin and Etnelda Bleibtrey.

To fortify her claim to world-wide aquatic supremacy, Miss Wainwright challenges Miss Bleibtrey to an all-around ten; she is willing to meet Miss Ederle in free-style swimming races and is prepared to meet Miss Riggin in a diving competition.

Miss Ederle, while one of the greatest free-style swimmers ever produced, has done very little diving, and for that reason Miss Wainwright offers to meet her at her own game, free-style swimming. Miss Riggin is one of the foremost divers of the world and Miss Wainwright will meet her in a springboard match. Miss Bleibtrey, the heroine of the 1920 Olympics, is an all-around star and record-holder, and Miss Wainwright is anxious to oppose her in an all-around test.

Easter winter Miss Wainwright won the pentahlon championship, or all-around supremacy, defeating Miss Riggin in this event. Helen also won two other titles in Florida, the 220-yard free-style swim and the low board diving championship. She was the only girl to win more than one title at the A. A. U. title meet.

Miss Wainwright, in making her announcement today, said:

"Within the last year I have defeated both Gertrude Ederle and Aileen Riggin in their favorite events. But we were amateurs then, and, now that we are all professionals, I am prepared to meet them again in a series of competitions to determine the professional championship.

"I won the national indoor 220-yard championship by defeating Gertrude, Ethel Lackie and Ethel McGary. My time was 2.50 1-5. I won the low board dive title by defeating Aileen Riggin, and once again in the pentahlon I finished ahead of Aileen."

Passamaquoddy Fish, Game Assn.

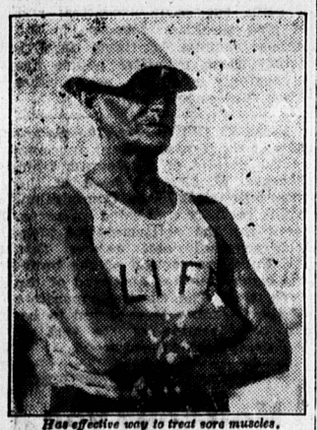
ST. ANDREWS, Nov. 22—The annual meeting of the Passamaquoddy Fish and Game Association which is affiliated with the New Brunswick Fish and Game Protective Association, was recently held in St. Andrew's Town Hall. A good attendance of enthusiastic sportsmen listened to a report from the president on the year's work.

The following officers for the coming year were elected: President, Sydney Anning; vice-presidents, Frank McMullen and Roy Webb; secretary, Dr. H. S. Everett, and treasurer, Frank Kennedy. Plans were made for the annual dinner to be held in the near future.

Hope For Others.

After routine business a discussion of the hunting and fishing situation in Charlotte county followed. The hope was expressed that similar organizations would be formed in St. Stephen and St. George with the same aims and objects, i.e., to uphold the game laws and see they are upheld and do everything possible to better the hunting and fishing in this vicinity.

Membership in the Passamaquoddy Fish and Game Association is open to any one on payment of the annual fee of $1.



Has effective way to treat sore muscles.

HOW TO GET RID OF MUSCLE-LAMENESS

Beach Patrolman Advises this Treatment

After exposure to dampness and cold, and after hard exercise, muscles will stiffen up and get lame.

A beach patrolman at Atlantic City writes that he has found this treatment the quickest and most effective way to take out the stiffness and pain: "Just pat on a little of Sloan's Liniment. Don't rub. It's the liniment—not the rubbing—that helps. You'll get relief right away. I've tried all sorts of other things, but nothing gets results like Sloan's."

Hundreds of letters like this tell of the wonderful relief from muscular pain that Sloan's gives.

Sloan's gets results because it doesn't just deaden pain, it gets at the cause. Right to the place that hurts it brings a healing stream of fresh, new blood. Quickly and surely it carries off the "fatigue-poisons," takes out stiffness and drives away the aches and pains.

Get a bottle today and have it on hand. All druggists—35 cents.

Keep Minard's Liniment in the house.

REQUEST HE BOX GRATIS

Fighter Need Not Meet Bretonnel In Paris Unless Compensated.

NEW YORK, Nov. 22—Unless the French boxing promoters revise their plans and consent to pay him for his services, Johnny Dundee, veteran Italian who surrendered the world's featherweight title when he publicly announced he could no longer make the class weight of 126 pounds, will not be compelled to go abroad to fight Fred Bretonnel, French boxer, in a bout in Paris.

This is the ultimatum sent to the French Boxing Federation by the State Athletic Commission. The commission also indicated it will have to be convinced that Bretonnel still can make the lightweight limit of 135 pounds before it will impose on Dundee a demand that he return to Paris to fulfill a contract which the French authorities allege he violated on his trip abroad last winter.

The Conditions.

At a recent meeting the commission drew up the following letter to be sent to A. Boyer, French official:

Following up your correspondence regarding the Bretonnel match, beg to state that we have taken up the matter with Johnny Dundee regarding his return to France and he has appeared before us to assure us of his willingness to fulfill any contracts he has made.

We believe that Dundee is sincere in his statement; but we note in your letter that you say you feel that Dundee should fight gratuitously in return for the heavy losses sustained through his failure to fulfill his last contract with you. This commission is willing to co-operate with you to the extent of bringing Dundee back to France, but it cannot, in justice to Dundee, ask him to go there for nothing and if you will arrange to send me your contract for Dundee to sign, along with all other necessary details as to opponent, weight, etc., I will be glad to present the matter to him. Of course, I repeat you are to realize that that part of your letter which refers to him fighting gratis must be entirely eliminated.

In the interest of expediency, may I further suggest to you that you attend to this matter as soon as is consistently possible.

Doubts Frenchman's Weight.

Dundee last winter signed for a bout against Bretonnel in Paris, but unexpectedly returned to this country without boxing, the French protest to the commission alleged. The Italian last week notified the commission he was prepared to go abroad to fulfill the contract, but requested that Bretonnel's present weight be ascertained, explaining that he has reason to believe Bretonnel could no longer make 135 pounds, the weight stipulated in the contract Dundee said he signed.

The decision to forward the letter was the first intimation that French authorities expected Dundee to make the trip abroad and box without receiving any pay. Chairman James A. Farley announced that further action by the commission will depend entirely upon the reply the board receives from Boyer.

DOINGS AT Y.

Gym—9 to 10—Special class; 3.30 till 5—Students; 5 to 6.30, Veterans volley ball; 8 to 9.30. Men's Volley Ball.

Bowling—7, City League, Y. M. C. A. vs. Telephone.

8.30 City League, Carvells vs. Milos.

Urged Suspension Of Residence Rule

HALIFAX, Nov. 22—Adopting a resolution urging the Maritime Amateur Hockey Association to recommend the suspension of the residence clause thereby enabling hockey players of Halifax to be eligible to become members of the Dartmouth hockey club, the City Hockey League executive last night unanimously approved of the proposal which has been so strenuously advocated by the amateur leaders of this city and district.

The resolution secured the unanimous endorsation of all four clubs in the Halifax league and will be sent along to the Maritime Province branch of the Amateur Athletic Union of Canada for their consideration. The Dartmouth proposal requests the suspension of the amateur residence clause until such time as the amateur sport governing body may make a thorough investigation of the extenuating circumstances existing here with respect to amateur hockey.

Ronald O'Toole Wins At St. John's

ST. JOHN'S, Nfld., Nov. 22—Ronald O'Toole, local runner, was victor in the ten-mile indoor race at Princess Rink tonight, covering the distance in 55 minutes, 48 3-5 seconds. Gower Stone, another local runner, was second, and John Bell, Sydney, third. Jimmy Hawbolt, of Westville, N. S., dropped out after the seventh mile, suffering from sore feet. O'Toole was then three laps ahead.

LORD PARMOOR

One of a group of distinguished English people, including Lady Astor, Lord Sydenham and others, who are demanding the abolition of the submarine as an instrument of war, since the M-1 disaster.

Total—2007.			

Rickard Is Obliged To Abandon Bouts

NEW YORK, Nov. 22—Failure to agree with the State Athletic Commission on division of the receipts for charity today compelled Tex Rickard to abandon plans for bouts between Mickey Walker and Tommy Milligan, for the welterweight title, and between Jimmy Goodrich and Luis Vincantini, for the lightweight championship at the Christmas Fund show on Dec. 23.

Readjustment Of National League

TORONTO, Nov. 22—The readjustment of the National Hockey League schedule in order to receive the Ontario Hockey Association use of the Toronto Arena gardens on more Saturday nights during the season provides games for St. Pats in Toronto on Friday nights, Jan. 1, Jan. 15, Jan. 29 and Feb. 2 instead of on Saturday nights of the same weeks as originally scheduled.

Under the rearrangement Ottawa will play in Toronto on January 1st.; New York on January 15th.; Pittsburgh on January 29th. and Boston on February 12th.

"THE EMPIRE'S BEST"

A basket of fine Canadian apples at the Imperial Fruit Show, Holland Park, London, where the Canadian reputation was maintained when apples from the Dominion swept away all the highest prizes.

THE PRODUCTION OF SEED GRAIN BY EXPERIMENTAL FARMS.

The Experimental Farms operated by the Dominion Government throughout Canada aim to produce seed grain of a degree of excellence which is obtainable only through the exercise of very special care. This grain is designed for use by special seed growers who wish to produce **Registered Seed** in commercial quantities. Registered Seed, as is now pretty generally known, is the highest legal Seed Grade recognized by the Seeds Act of Canada. It is defined as seed which, on field inspection, is found to be at least 99.95 per cent true to variety. It must also have originated either from Registered Seed or from what is known as **Elite Stock Seed.** The latter class of seed, which must be at least 99.995 per cent true to variety is the initial starting point of all Registered Seed. From it Registered Seed is produced in the first place, a fact which emphasizes the great importance of having Elite Stock Seed all that the definition implies and requires.

To make sure that the degree of purity and trueness to type required by Elite Stock Seed has been attained, a very careful inspection is necessary. So thorough must this inspection be that it is not considered practicable by the writer to attempt to vouch for any very large acreage as being up to the high requirements of this grade. It is highly desirable, however, that there be maintained for propagation at as many places as possible, a fair supply of this class of seed of the leading kinds of grain grown. This is the policy of the Dominion Experimental Farm system. These farms aim also to propagate this seed so as to be able to supply seed growers with a fair quantity of Frst Generation Registered Seed, thereby enabling them to proceed in the work of producing Registered Seed without loss of time.

In 1925 the Experimental Farms produced a good many hundreds of bushels of registered seed of various kinds. This seed will be handled largely through the Canadian Seed Growers Association with which organization the Experimental Farms co-operate closely.

17-Year-Old Jockey Is Well Advised

CHICAGO, Ill., Nov. 22—More than half of the $50,000 he has earned by bringing his mounts home in front has been invested by Jockey Arthur Mortensen, 17-year-old 92 pounder, in a ranch in Idaho, his home state. The rest went into bonds, he said, on passing through Chicago yesterday en route to visit his homer in Homesdale, Idaho.

"THE FOOL" WILL AMAZE YOU — CHALLENGE YOU — THRILL YOU — ROUSE YOU

Many celebrated men and women of ancient and modern history have been lashed with tongues of scorn and called FOOLS. For example:

1.	Courageous	COLUMBUS who dared sail beyond the horizon.
2.	Scientific	GALILEO who believed the earth was round.
3.	Dreaming	JOAN OF ARC whose "visions" saved France.
4.	Imaginative	JULES VERNE who foretold the submarine.
5.	Aspiring	WRIGHTS, inventors of heavier-than-air planes.
6.	Foolhardy	FULTON, whose "folly" revolutionized navigation.
7.	Creative	EDISON, who flooded the world with light.
8.	Practical	FLAGLER, who converted everglade into an empire.
9.	Philosophic	FRANKLIN, who harnessed lightning with a kite.
10.	And also	DANIEL GILCHRIST, social revolutionist of today, *hero of CHANNING POLLOCK'S glorious drama.*
