

MRS. VERMILYA TALKS TO PRESS

CHICAGO, Ills., Nov. 15.—Mrs. Louise Vermilya yesterday made the first public statement she has given since she was placed in jail on charges of poisoning Policeman A. Bissonnette. She denied guilty knowledge of ten deaths that have occurred beneath her roof in the last 18 years. She received newspapermen in the County Jail hospital, where she is recovering from the effects of poisons said to have been taken by her while under surveillance.

LAST HORSE SHOW IN MADISON SQUARE GARDEN

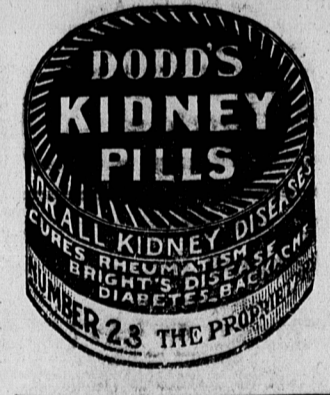

NEW YORK, Nov. 17.—New York's twenty-seventh annual horse show, which is to open tomorrow, will have more than usual significance, for it will be the last of these famous gatherings in Madison Square Garden. For a sentimental reason, if for no other, the management have planned to make the show this year more brilliant than any of its predecessors in order that the farewell to the old home may literally be made in a blaze of glory. One feature that will contribute largely to the success of the event is the imposing array of prizes that have been offered, their total value being fully \$40,000. But what will add as much as anything else to the success of the show will be the array of foreign military officers who will compete with officers of the United States Army. Three American Army officers, one English and one Canadian officer will judge the military events. The Americans are Lieut. Col. David S. Stanley, quartermaster's department; Capt. J. D. Long, cavalry instructor at West Point, and Major H. J. Allen, of the general staff, Lord Decies, who recently married Miss Vivien Gould, will represent the English army, and Col. William Hendrie will represent the Canadian forces.

MOON AND VENUS HAVE INTERESTING MEETING

BERKELEY, Cal., Nov. 17.—The moon and Venus were in conjunction at noon yesterday. The climax to the astronomical event was reached shortly after noon when Venus apparently was touching the lower horn of the moon's crescent. The planets barely escaped being eclipsed by the moon a phenomenon that has not happened in recent years.

KAISER CANCELS HUNTING TRIP; HAS SLIGHT COLD

BERLIN, Nov. 16.—Emperor William has cancelled the hunting trip upon which he had intended to start last evening. The reason given is that he is suffering from a slight cold, regarding which, however, those near his majesty speak in the most reassuring terms.

Celery Advancing In Price

The question is raised why should celery advance in price? One reason is, there is always a shrinkage if kept any length of time, and after storing for winter the extra expense attached to this is no small item, again the demand is greater in the cold weather, and another reason is, we have made large shipments abroad, decreasing our stock materially, which cannot be replenished from any local source. So under the existing circumstances Celery must advance in price, and until further notice Celery will be \$2.50 per barrel crate.

Our plan of keeping celery given with each purchase of one crate or more—Address orders to J. J. GAY & SON, Charlotte

SENTENCED TO DEATH BY CANDLE LIGHT

LONDON, Nov. 17.—A trial for murder at the Stafford assizes ended with dramatic circumstances last night. Just as the jury was about to pronounce the verdict of guilty the electric lights suddenly went out, and the whole building was plunged into darkness. After a long and painful silence, candles were procured by the court attendants. Two lights were placed on the judge's dais, and one was held in front of the prisoner, who stood erect in the dock, waiting to hear his fate. Other candles were put on the jury box and the barristers' table, and in this dim light the jury formally delivered its verdict. The prisoner, who was accused of murdering his sweetheart, was then sentenced to death.

LIMIT FIXED FOR THE DEADLY HAT PIN

NEW YORK, Nov. 17.—The edge of the crown of a woman's hat is the limit fixed for the projection of the deadly hat pin by the New York State Federation of Women's Clubs, which closed its convention here today. The women, who have been sitting hatless during the session of the convention, adopted this resolution: "Resolved that this convention condemn the use of hat pins that project beyond the crown of women's hats."

APOLOGIZED FOR SALUTING THE BRITISH FLAG

NEW YORK, Nov. 16.—The New York City board of education has given out a public expression of regret for the action of Dr. Stuart H. Rowe, principal of the Wardleigh high school, ordering his pupils to salute the British flag at exercises held last June in support of the proposed Anglo-American arbitration treaty. The matter was brought to the attention of the board by the United States American societies. It appears that the principal's action was in violation of a state law and a city school law.

BRITISH TO STRENGTHEN JAMAICA FORTIFICATIONS

KINGSTON, Ja., Nov. 18.—Owing to the decision of the United States Government to fortify the Island of Canal, the defenses on the Island of Jamaica are being improved. The forts commanding the outer channels to Port Royal and Kingston will be remodelled and more guns placed in them, and when the work is completed the Island will be one of the most strongly fortified of the British possessions.

AUSTRIAN LOVER'S AWFUL VENGEANCE

VIENNA, Nov. 17.—Dr. Robert Holzknicht Von Hort, who recently held an important position in the ministry of justice, was shot dead last night by a former employe in the ministry, Matkovic, whom he had engaged as a tutor in his family. Matkovic also killed Dr. Holzknicht's son and daughter. The tutor was enamored of the girl, who had refused to receive his attentions. In this she was supported by her father.

TRADESMAN CAN WORK IN HIS HOUSE

MONTREAL, Nov. 17.—That a tradesman who utilizes a portion of his dwelling house to do small jobs at his trade during his spare time, even though he is assisted in such work by a couple of members of his family, does not contravene the restrictions of a lease whereby he rented a house for dwelling purposes, is the principle underlying a judgment handed down by Mr. Justice St. Pierre in the Superior Court yesterday. The case was one of proprietor vs. tenant, the former seeking to have a three-year lease annulled on the grounds that the tenant had converted the dwelling into a manufacturing establishment.

STEEL CARS SAVED PASSENGERS' LIVES

NEW YORK, Nov. 17.—In the wreck of a Philadelphia-New York express passenger train on the Pennsylvania railroad at Monmouth Junction, N. J., late this afternoon, Engineer H. A. Martindale and Fireman J. C. Pansie, both of Jersey City, were probably fatally scalded. Baggage-man C. E. Milsey, of Elizabeth, N. J., was painfully hurt, and 200 passengers were shaken up and many of them bruised. The train was one of all steel cars and to this the railroad company attributed the escape of all the passengers.

DEAD WINTER IN GUELPH

GUELPH, November 14.—It does not seem as if there will be any hockey in Guelph this winter, as it is understood that the Royal City rink will be used entirely for skating this year. No move has been made by local sports to work for either a junior or intermediate team, while the pro. league is out of the question.

IT PAYS TO BUY IN THIS PROVINCE.

H. H. and Mrs. Brown, City, leave this morning on the express en route to Montreal. The Montreal Star of the 17th contains a photo of Premier Palmer of this city. There will be a Walnut sideboard, and oak china closet at A. N. McKay's sale on Nov. 22. In the Baptist Church in this city yesterday Rev. Z. L. Fash occupied the pulpit morning and evening. His subject in the morning was "The Living Christ," and in the evening he spoke on "The Bar Marks of Religion." Rev. Mr. Fash conducted services in the Marshall Church at three o'clock. The following account of the play in the football match for the Intercollegiate championship between Mt. Allison and Acadia teams in Truro recently will be of interest here. The Milford referred to belongs to this city. Acadia won the toss and Atkins kicked. The ball was returned by Buckley and the Allisonians quickly following up a scrim ensued. Buckley got the ball made a short run, and passed to Milford, who made a touch down, but they failed to convert. The ball was punted to the Allisonians territory and the Acadians quickly followed up, but the ball was secured by Godfrey who made a nice run. Mt. A. got a free kick. Acadia returned and a scrim ensued at Mount A.'s 25 yard line. The ball was got out of the scrim and passed to Andrews who dodged and squirmed his way through the men, and placed the ball over the touch line. Reid failed to convert and Milford secured the ball and made a beautiful punt. The ball kept going back and forth until the finish of the half with the play in favor of Mount A. In the second half Mount Allison kicked and kept the ball at the 25 yard line for a few minutes when Acadia punted. The game was beginning to get rougher. Andrews and Richmond were injured. The ball was hovering between the 25 yard line and touch line and it looked as if Acadia would secure a touch when the ball was secured by Buckley who touched for safety. In a scrim Stutz had his shoulder badly hurt and he had to retire and his place was filled by Robinson. Buckley secured the ball and with the aid of Durant was away for a good run, when the referee blew his whistle and he put Durant off for interference. Before the half closed, Dickenson, Reid and Lyons each received an injury, which delayed the game for a few minutes.

FISH PRICES SOAR IN BOSTON MARKET.

BOSTON, Nov. 15.—There is considerable class to the market at this time. Yesterday the dealers had little or no fish on which to feed their trade, consequently this morning found them ravenous and orders piling up on the desks which must be filled some way. When the bell rang the exchange had noted 26 trips in the dock and only about 180,000 pounds of fish in the whole bunch. With a rush the dealers went after the skippers, deluging them with ever rising bids, for they knew the amount in sight would not begin to fill orders and they also knew that the fish was "right alive."

OTTAWAS WANT "CYCLONE" TAYLOR.

OTTAWA, Nov. 17.—The Ottawa hockey club will make an effort at next Saturday's meeting of the National Hockey Association to secure the services of Fred Taylor from the Montreal Wanderers. Taylor avers that if he doesn't play with Ottawa he won't play at all. The Wanderers management say that if he refuses to play with them he will be benched and fined. Ottawa is likely to offer Fred Lake for Taylor. If the Wanderers refuse to make a trade, the champions will offer cash for the celebrated "Cyclone."

A COALING DEPOT FOR MID-PACIFIC.

LONDON, Nov. 17.—A Canadian-British syndicate is reported to have purchased the Fanning and Washington Islands in mid-Pacific for the purpose of a coaling depot in view of the opening of the Panama canal. Minard's Liniment Co., Limited, Gentlemen.—I have used MINARD'S LINIMENT on my vessel and in my family for years, and for every day ills and accidents of life I consider it has no equal. I would not start on a voyage without it, if it cost a dollar a bottle. CAPT. F. R. DESJARDIN, Sch. "Storke," St. Andre, Kamouraska.

ASSASSIN OF BISHOP HAS BEEN ARRESTED.

LONDON, Nov. 17.—Advices from Portuguese East Africa state that the assassin of Nyasaland has been arrested. The bishop, with a party of three women, was met by a Portuguese officer, who, after an altercation, shot the bishop dead. The British resident at Kuta'ow investigated the matter, which resulted in the arrest of the officer.

ACCREDITED AGENT OF QUEBEC IN LONDON.

QUEBEC, Nov. 17.—The Bank of Montreal will become the accredited agent of the city of Quebec in London. It was decided at a meeting of the civic financial committee last evening.

WILLS WIFE \$3,000,000 IN FORTY FIVE WORDS.

LOS ANGELES, Cal., Nov. 16.—Martin Costello, who left New York when he was seven years old and came west to make his fortune, is dead, but before his demise he made the shortest will in the history of Los Angeles courts, devising his fortune of \$3,000,000 to his widow. Including a brief introduction this will contain forty-five words. The will itself reads as follows: "The last will and testament of Martin Costello: To my beloved wife, May M. Costello, I give and bequeath all my property, both real and personal, and I appoint her administratrix of same, to serve without bonds." Costello made most of his fortune in mining.

OMAHA, Neb., Nov. 17.—Anna Wilson, who died two weeks ago, leaving \$500,000 to charity, has been identified as Margaret Alice Plat, who disappeared from Memphis in 1867. The identification was made by her brother, James H. Plat, who saw her photograph in a newspaper.

UNDER ALIAS, MADE FORTUNE.

During the forty-five years of her life in Omaha the woman had gone under an assumed name, and while admitting to close friends that such was the case, always refused to tell her real name. Plat and his family thought his sister was dead. Anna Wilson accumulated her fortune in the tenderloin. Upon her death she bequeathed every cent to different charitable institutions in this city. Some years before her death she went to live in a fashionable residential district. Three months ago she gave up her former house to the city for use as an emergency hospital.

RULES FOR OLYMPIC GAMES AT STOCKHOLM.

NEW YORK, Nov. 17.—The complete code of rules which will govern the Olympic games at Stockholm, next summer, has been received here. To prevent a repetition of the Durand fiasco at the London games no attendant will be allowed with a competitor in the arena during a race. The rule on this subject also says that any athlete taking drugs will be immediately disqualified. The rule in regard to starting is the same as the American rule, except that it calls for no penalty for a false start. The races will be run against the sun.

THE WORKMAN VERDICT WILL BE APPEALED.

MONTREAL, Nov. 17.—R. C. Smith, K.C., counsel for the Wesleyan Theological College, mulcted for \$3,500 damages in the suit brought by Dr. Workman for wrongful dismissal and libel, says that an appeal will be made.

RARE HONOR FOR SIR WILLIAM WHITE

NEW YORK, Nov. 17.—Sir William White came to New York today to receive the John Fritz medal, which the United Societies of American Engineers presents annually to the person, irrespective of nationality, who has during the year benefited humanity to the greatest extent through the application of science. Sir William White is one of the most celebrated engineers and naval architects of the world. After completing his studies at the Royal School of Naval Architecture, he joined the constructive department of the British Admiralty in 1867. As director of naval construction, which office he held from 1885 to 1902, he practically reconstructed the British navy. With the exception of the late Lord Kelvin, Sir William is the only Briton who has received the John Fritz medal.

ASLEEP AT BRIDAL HOUR.

WINSTED, Conn., Nov. 15.—Michael J. Coffey, always a fine sleeper, overslept on this, his wedding morning. He was a half hour late in arriving at St. Joseph's church and missed the honeymoon train. He and Miss Mary O'Brien had to steal a march on their friends. Father Andrew and Harry Barrether, organist, were to be in the church at six o'clock, so the ceremony might be finished in time for the couple to catch the 7 o'clock express. The friends had been told the marriage hour would be 7. But because Coffey overslept the train got away and the couple had to wait an hour for the next one. Their friends rushed to the railway station and surrounded them with, "Did you ever get left?" and "Who's fooled now?"

FINDS LOST HUSBAND THROUGH HIS PICTURE.

NEW YORK, Nov. 14.—Mrs. Margaret Brown kept the picture of her husband, John Hamilton Brown in her home, Brown, now forty years old, disappeared in May, 1900, leaving his wife, a widow when he married her, and their infant son. Often Mrs. Brown prayed before his picture that he be restored to her, her prayer was answered yesterday.

CARNEGIE HEADS NEW YORK TAX LIST AGAIN.

NEW YORK, Nov. 17.—Andrew Carnegie still heads the tax list of New York City with an assessment on personal property valued at \$10,000,000 and real estate worth \$2,000,000 more. Since 1903 Carnegie has paid taxes on personal property valued at \$5,000,000, but this year the figures are doubled. Thus far no one has appeared for Mr. Carnegie to swear off his personal assessment, and based on an estimated tax rate of 18.50 per \$1,000, his tax bill for 1912 will exceed \$222,000.

NEW YORK, Nov. 17.—Andrew Carnegie still heads the tax list of New York City with an assessment on personal property valued at \$10,000,000 and real estate worth \$2,000,000 more. Since 1903 Carnegie has paid taxes on personal property valued at \$5,000,000, but this year the figures are doubled. Thus far no one has appeared for Mr. Carnegie to swear off his personal assessment, and based on an estimated tax rate of 18.50 per \$1,000, his tax bill for 1912 will exceed \$222,000.

The assessment against Mrs. Sage on personal property was increased by the tax commissioners this year from \$5,000,000, on which she has been paying taxes, to \$10,000,000. The net result of this increase by the city's representatives is a reduction of the previous assessment by one-half the amount on which she has been paying. Levi P. Morton, former Vice-President of the United States and Governor of New York State, was taxed on an assessed value of \$2,000,000, instead of \$100,000 in previous years. He appeared before the commissioners yesterday and submitted an affidavit that he is now a resident of Washington, and not subject to taxation in New York City.
