

The Secret of their Satin Jackets

You have noticed the delightful smoothness, aroma and flavor of the coating on Moir's Chocolates.

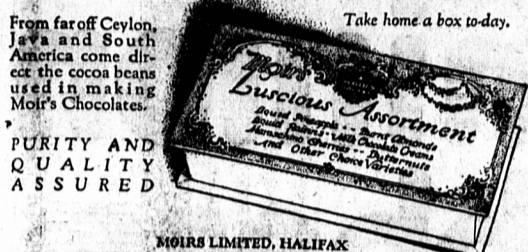

Do you know how this velvety texture is obtained?

Moir's do not buy their chocolate coatings. They make their own, importing for this purpose the highest grade cocoa beans.

The cocoa beans are first blended, roasted and enriched with added cocoa butter and then ground in powerful machinery for days at a time until the paste has the smoothness of satin and is so close in texture that the air is excluded and the flavor and delicate aroma of Moir's Chocolates almost indefinitely preserved.

That is why Moir's Chocolates are always fresh, delightfully flavored, delicate.

Take home a box to-day.

From far off Ceylon, Java and South America come direct the cocoa beans used in making Moir's Chocolates.

Nun Widowed After Five Years Again Takes Veil

NEW YORK, Nov. 22.—A woman, whose love gathered such strength during twenty-five years of convent life that when she met her lover again she obtained release from her vows and married him, has again taken the veil. The reason is that after five years of married happiness her husband died. She is convinced that his death is the penalty that had to be paid for their happiness, and so she has decided to retire completely from the world.

Thirty years ago Miss Paulina Schillinger became engaged in Syracuse to a Mr. Hessler. But a missionary father, preaching on marriage, wrought on her so that when her fiancé refused to embrace the Roman Catholic faith she broke the engagement and became Sister Antonella of St. Francis.

Twenty-five years later she met Mr. Hessler in the street. He was a widower and she, outwardly, was devoted to her faith. But her love had only been slumbering. It broke its bonds and despite prayers and penances she succumbed to it.

It was an idyllic union in perfect circumstances. A beautiful home was hers, and she had friends by the score. She dressed in smart and becoming costumes from the best shops; she had a motor car; she travelled abroad and at home, and she was a gracious hostess.

All this without her husband was nothing to her. She has relinquished it—sold her house, realized her securities, all converted in to cash for her dowry on entering the cloister of the Presentation Nuns, an order which more than any other order in the United States, secludes its members from the outer world.

Robertson, Chief Executive of the Canadian Red Cross and Dr. Wodehouse, Dominion Secretary of the Anti Tuberculosis Society are coming to Prince Edward Island soon, to deliver addresses. They will speak in Summerside on December 6th; Charlottetown, December 7th and Montague December 8th. Further particulars of their visit will be given later. Nov. 23 11

75-Millimetre Gun on Plane

WASHINGTON, Nov. 22.—Completion of a giant cannon-carrying aeroplane for night bombardment claimed to be the first aeroplane constructed for artillery material was reported to the Commerce Department today by Vice-Consul Harold D. Findley at Havre. The machine is equipped with a 75 millimetre gun, one of the 75's of World War fame, and at the Chalon-sur-Saone works for the French Air Ministry.

Feast of St. Cecilia Held at Notre Dame

The Feast of St. Cecilia, the Patron Saint of Music, was observed at Notre Dame Academy by a holiday, which was concluded with an enjoyable banquet last evening to the students of the convent in music.

Tuesday night an excellent musical programme was given by these classes, which was greatly enjoyed by a large number of the parents and invited guests, among whom were His Lordship Bishop O'Leary, and the clergy of the Cathedral staff.

The different numbers were excellently rendered, and were accorded deserving and well-merited applause.

The Japanese Drill by a number of the younger pupils was unique, and well carried out. Piano and violin solos, duets, etc., were all of a high order and showed the result of careful training and attention.

The following was the programme:—

PROGRAM

Duet—Polonaise.....Novellette Action Song by the Minims "A Japanese Fan" Sketch of the Life of St. Cecilia Piano—Idillio.....Lack Violin Adoration.....Borowski Piano—"Vision of Handel" Chorus—"CANTATIBUS ORGANIS"

Duet—Polonaise.....Thomas Piano—Pendant la Valse.....Lack Reading "The Influence of Music" Piano—Marche Elegante.....Wachs Chorus—"In the Firelight"

Before the rendering of the National Anthem, all the students were grouped on the stage and the following address read: "An ancient writer has said that music washes away from the soul the dust of everyday life." As the strains of melody and song of our St. Cecilia's Hour fade away we trust that something of the wise man's saying will find an echo in each heart—an echo that will vibrate cheerfully and helpfully through the days to come. Deep in our young hearts we were convinced that our efforts would be appreciated and that no one, My Lord could give more encouragement to our uphill work than you—our Father—our Friend and Bishop.

So it is with happy hearts we extended a warm welcome. Now we would add one word—a loving word of thanks. Thank you, one and all for the pleasure and helpful inspiration your presence gave us this evening.

In days to come may this hour of music be recalled and may it brighten the hours as they pass for—"Our whole life is music! It we strike the chords rightly and in time."

His Lordship replied, thanking the performers for the excellent programme, which was greatly enjoyed, and thought the only way he could show his appreciation was to ask the Superiors to kindy allow the students of the Institution a holiday in honor of St. Cecilia.

AMERICANS DO NOT WANT TO HEAR VON MOLTKE

NEW YORK Nov. 22.—Indignant United States citizens have protested to the New York office of the Federal Department of Justice against permitting Lieut. Capt. Von Moltke, second in command to Capt. Mueller of the famous German raider Emden, from lecturing in the United States. Von Moltke landed Saturday and went to Chicago to start his tour. Those who object to Von Moltke say that he would not be permitted to speak in Canada and they see no reason why he should be permitted to do so here.

Rheumatism! try Sloan's

It kills pain! by breaking up congestion

Most aches of rheumatism arise from congestion. Apply Sloan's. Don't rub. It penetrates to the sore spot, starting the blood circulating. This reduces painful congestion—the inflammation vanishes.

Try Sloan's on sprained, bruised muscles, on aching backs and neuritis. Try it on that "cold in the chest."

Another U. S. Schr. For Fishermen's Race

(Special to The Guardian.) ESSEX, Mass., Nov. 22.—A contract for the building of a new fishing schooner, the Columbia, to be completed in time to qualify for the elimination races next year to decide the United States challenger for the International Fishermen's Trophy now held by the schooner Lunenburg, N. S., has been awarded to A. D. Story of this town.

Landis After Two Men for Alleged Barnstorming

(CHICAGO, Nov. 22.—Investigation of reports that two major league baseball players are violating the rule regarding barnstorming by playing winter baseball on the Pacific coast, was started today by Commissioner K.M. Landis upon his return from the east.

The players mentioned are Bill Pierce, pitcher of the Boston Red Sox, and "Red" Oldham, twirler of Detroit Tigers. They are alleged to have been members of a club which played in Los Angeles last Sunday. The barnstorming rule provides "no player shall participate in any exhibition games after October 31, unless in special instances and then only with the unanimous consent of the advisory council."

Ottawa Plans Another Imperial Conference

(Special to The Guardian.) OTTAWA, Nov. 22.—It is anticipated in government circles here that an imperial conference will be held in London next summer to determine the broad principles of empire relations. In the conference which immediately followed the war, another gathering was suggested, to define the constitutional relations of the overseas dominions to the Mother Country and also to each other. That meeting, however, failed to materialize. It is believed that the one now anticipated will comprise these questions. In its agenda, although Premier Bonar Law has emphasized particularly the desirability of an economic conference, imperial and external relations promise to occupy considerable time at this winter's session of Parliament.

PROTRACTED RAINS THROUGH AUSTRIA

VIENNA, Nov. 22.—Six weeks of steady rains, broken by but few dry days, have wrought great damage throughout Austria.

The tower of the village church in Taufkirchen, Upper Austria collapsed this week, killing two persons and injuring several others. Salzburg Cathedral, containing the famous Rupert Chapel, is so badly damaged that public subscriptions have been opened for repair fund. In Vienna hundreds of buildings are reported as seriously damaged by the continued downpour. In this city construction almost universally is of brick faced with about an inch of plaster, ruled to imitate stone. Every building gets dry, very heavy damage is predicted. The situation should be aggravated by the fact that there has been virtually no repair work done since the first year of the war.

Red Sox Manager Still Undecided

BOSTON, Nov. 22.—The trade between the Detroit Tigers and Boston Red Sox, by which the Red Sox give Derrill Pratt, second baseman and Ray Collins, catcher, for Elmer, pitcher; Holling, catcher, and Herman, first baseman is confirmed by President H.H. Frazee.

The question who is to manage the Red Sox next season is still in doubt. Although Hugh Duffy has signed a contract for another year, Frazee is negotiating with both Bill Carrigan, manager of world champion Red Sox teams of other years, and Frank Chance, formerly manager of the Chicago and New York Clubs. The latter is under-estimated and Carrigan had returned to his home at Lewiston, Me., to consider a proposition made by Frazee.

Doyle Wins First Two Games in Billiard Tournament

There was a large attendance of billiard fans at the opening of the billiard tournament last night at Lambros Bros Parlors when two games were shot, both being won by Sam Doyle.

Both games were splendid exhibitions of the sport and some good runs were made by each of the contestants.

Doyle made a number of brilliant shots and had the edge on his opponent all through both games. Steele appeared somewhat nervous at the opening of the first game but towards the end he became steadier and by some remarkable runs almost beat out Doyle. In the second game however, Doyle obtained a lead and won out by almost 50 points.

The following is a schedule of the games to be played:—

Nov 23—Bill Nicholson vs F. McMahon.

Nov 24—Wm. Phillips vs W. Worth.

Nov 25—H. Redmond vs G. Dewar.

Nov 26—F. Nicholson vs Frank Steel (afternoon.)

Nov 27—Johnston vs S. Gregor.

Nov 28—Bert Williams vs J. McEachern.

Nov 29—C. McEachern vs R. Prowse.

Nov 30—Dr. J. McEachern vs H. Vessey.

All games start at 7.30 p. m. sharp.

ERIC THOMSON IN SEMI-FINALS OF CAROLINA GOLF

PINEHURST, N.C., Nov. 22.—A series of one-sided contests played in the second match round of the Carolina tournament at Pinehurst today, resulted in the victory of W.E. Weir of Oakmont, tomorrow's semi final.

E. J. Barber, of Knowlton; Thomas J. Bray, of Youngstown; Fortinore's semi-finals Eric D. Thomson, of Rotheray, pursued the even tenor of his way in the second round, winning by three and two against C.N. Card, of Summit.

Thomson will be opposed by Chryles Thomas, of Youngstown, in to-vival of W.E. Weir, of Oakmont, tomorrow's semi final.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:—

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."
