

Regular Monthly Meeting Catholic Women's League

The regular monthly meeting of the Catholic Women's League was held in the League of the Cross Hall last evening.

A letter of thanks for a Christmas hamper which was sent to the Sacred Heart Home, was read.

A letter from the President of the International Union of C. W. L. Mrs. Steenberg-Engeringh, asking all members of the League throughout the world to receive Holy Communion on February 2nd.

Mrs. W. O. Davey reported that the Committee for Aged and Infirm had with the help of members and kind citizens, packed one hundred bags for distribution to Infirmary and Falconwood patients.

Also that three dozen bath towels and face cloths and two dozen pipes, also tobacco, which had been kindly donated by Hickey & Nicholson, had been given to those housed in the Newsome Block.

A hamper of fruit, candy, tobacco and home cooking was also given the Sacred Heart Home.

Miss Dorsay reported for the Social Service that as a Christmas tree for poor children had been held in the hospital in connection with the new Social Service Department, that it was thought advisable to hand over any donations on hand to them as the work could be handled to better advantage by the nurses who are going out day by day to visit, especially poor homes, and who would therefore have a thorough knowledge of the wants of each.

She also reported that a number of articles of clothing, sheets and blankets, had been collected and given to the Department at City Hospital. She also requested that more members interest themselves in the Wednesday afternoon sewing circle, for this good cause.

The Treasurer reported that to date \$75.00 had been given to Mother Superior at City Hospital to aid in the work of the new department, applying on the grant of \$200.00 pledged at a previous meeting.

Thanks were extended Mrs. Wilbert Trainer of Royalty and Mrs. J. B. Fleming of Charlottetown for giving their homes for card parties, at which the greater part of this amount was realized.

She also reported that \$100.65 had been deposited as a result of the lottery for cake which was made and donated by Mrs. Wm. Flynn, Euston St. This amount will be forwarded at once to His Grace Archbishop McLaughlin for relief work in the Diocese of Regina. This is the second cheque forwarded from the League for this work.

A vote of thanks to Mrs. Flynn for her generosity was moved by Mrs. W. J. McIntyre, seconded by Mrs. M. M. Murphy.

The President explained that owing to the League having given up its very comfortably fitted up rooms for the housing of Infirmary patients, that for the time being the League of the Cross had given us the use of their committee room, for which we are very grateful.

Plans were completed for the hot chicken supper which will be held on Jan. 21st and the members were asked to give all assistance possible. It was decided to have no tables other than the supper tables and no lotteries, but Bingo will be played during the evening.

The autograph quilt which owing to the pressure of other work has not been completed, will probably be ready to be drawn for at Easter.

Gandhi Sends Message To U. S.

BOMBAY, Jan. 4. (A.P.)—Mahatma Gandhi, Indian Nationalist leader, early today, some hours before word of his arrest reached the United States.

"On the eve of embarking on what promises to be a deadly struggle," he said, "I shall expect my numerous American friends to watch his career and use the influence of a great nation for the sake of oppressed humanity. "This Indian struggle is more than national, it was international value and importance. I am convinced that if my countrymen and women retain up to the last the spirit of non-violence they will have inaugurated a new era upon the earth."

Co-operative Mining Proposed

DRUMHELLER, Alta., Jan. 4 (By the Canadian Press)—A co-operative coal mining proposal, giving Ontario distributors coal at a cost of \$2 a ton, F. O. B. here, tonight was tentatively approved by the management of the Alberta block coal company after representations had been made by the 150 mine employees recently thrown out of work by closing of the mine.

Jesse Gouge, general manager of the company, had endorsed the proposal of employees to operate the mine themselves. The employees will take \$1 a ton as their pay and give the other dollar to the company as a royalty, which will be used to pay the cost of the coal and power and other expenses.

While stating that the amount will not pay the expenses, Mr. Gouge said the company was prepared to accept the loss in an effort to have the employees earn sufficient to assure a livelihood. Regular price of coal at the mines in recent months has been \$4 a ton.

Mayor Hanley of Drumheller was informed of the proposal and has telegraphed Premier George S. Henry of Ontario, offering coal at the two-dollar rate. F. O. B. Drumheller. Efforts may also be made to sell the coal on the Pacific coast.

Some opposition is being registered against the proposal by union officials as well as other operators, who declare that the scheme, if put into operation, will increase the problems of marketing the coal.

SYDNEY, N. S., Jan. 4. (By the Canadian Press)—529 vessels, out of North Sydney for Newfoundland ports and long overdue, were still unreported last night. Anxiety for their safety is heightened by the fact that several storms have swept the Cabot Straits and lower Gulf since they failed.

ances, but equally important is the move to dry up the sources of the Nationalists' revenue. In the past, wealthy mill owners and merchants have been liberal in their contributions.

While the Government mobilized its resources, the followers of the Mahatma pressed their boycott on British goods.

From his Yeroda jail Gandhi issued an appeal for the support of the Christians of India, urging them to adopt the spinning wheel.

"I have full trust," he said, "that in the present struggle you who render your loyalty to one whom you call the Prince of Peace will not be behind any other community in a struggle which is essentially based on peace."

As an "act of reprisal" against the arrest of the Mahatma and other leaders, the Nationalists decided to boycott the three committees of the Round Table Conference due from London late in the month. Meanwhile anti-Government demonstrations continued, with women "shock troops" playing a prominent part in them. While their husbands and brothers carried on their struggle against tax payments and began illicit manufacture of salt, the women attempted to induce the public not to buy British goods and not to purchase liquor or narcotics. Arrest immediately followed these activities, but other women took the places of the arrested ones.

There were reported to be 10,000 of these militant women in Bombay alone. They are divided into two groups, one known as Sevadal for the middle class, and the other the Desh Sevikas for the rich and aristocratic. They are fed and accoutred by the Congress, but receive no pay.

Legions of these demonstrators joined white-capped Nationalist youths parading through the shopping districts and chanting, "boycott British goods." The boycott was extended to gasoline, the Nationalists urging motorists to walk or use other means of transportation.

Earl Willingdon, Viceroy of India announced he had cancelled plans to go to Allah Thursday and will remain in New Delhi to keep in close touch with developments.

Another provision was added to the Government's emergency decrees—a ban on mock funerals. At New Delhi, where this new prohibition was made public, it was explained its purpose was to prevent agitators from frightening men into joining the Nationalist movement by "dummy burials."

Mrs. Gandhi and Madeline Slade, the Mahatma's disciple, made a pilgrimage to his shrine on brotherhood and love at Ahmadabad.

Intrepid Flyers

Find Way Out

PRINCE ALBERT, Sask., Jan. 5. (By the Canadian Press)—Because they disliked the idea of being stranded on a small north Saskatchewan lake until rescuers picked them up, two iron-nerved flyers made an emergency take-off some time ago that ranks with the more heroic deeds of northland airmen. The story reached here yesterday.

Bill Jewett, pilot-geologist of Consolidated Mining and Smelting Company, and his mechanic, Jim Fox, were forced down on a small lake near Coppermine River. They were several hundred miles from the nearest base. There was a hole in one of the machine's pistons and Jewett despaired of repairing the damage sufficiently to get the plane in the air. Native copper, found beside the lake, was used to partially repair the piston but, while the plane made good time up the lake it would not go into the air. Then one of the pair noted a spot where the lake appeared to narrow and the current flow much swifter. It was a 400-foot waterfall. Below was a tree-and-rock-studded ravine.

Jewett pointed his machine at the drop, raced it to the edge—and won. The plane surged downward sickeningly for a moment as it shot over the edge, then righted itself and carried Jewett and Fox to within a few miles of their base.

Large Attendance

At Meeting Week Of Prayer

The second meeting in connection with the week of prayer was held last night in Trinity United Church and was attended by a large congregation. Rev. Dr. Ramsay presided, and had associated with him on the platform the clergy of the different Protestant churches. Opening prayers were offered by Rev. Mr. Vincent and Rev. H. D. Raymond. The scripture lesson was read by Rev. R. Moorhead Legate, the address of the evening being delivered by Rev. W. L. Outhouse, pastor of Central Christian Church, who spoke on the subject "What Jesus has meant to the world."

The subject was one which the speaker stated could not be done justice to in the course of a half hour's address; but Mr. Outhouse held the attention of the audience as he brought vividly to mind the high peaks of Christ's mission to humanity. Dealing with modern world problems he emphasized particularly the necessity of the nations of the world recognizing the authority and teachings of Christ in the settlement of international questions and the discussion of world peace and disarmament. With no other name in history, he pointed out, is associated the title of "Prince of Peace."

The progress made in bringing closer employers and employees in the industrial world through an understanding and wider application of the principle of the Golden Rule, was also referred to.

After the address Adjutant Timmons led in a brief prayer, and the meeting was brought to a close by Benediction pronounced by Rev. G. Carlyle Webster.

It was announced that this evening's meeting will be under the auspices of the Bible Society and will be held in Zion Presbyterian Church.
