

W. B. Corsets

—AT—
STANLEY BROS.

The W. B. Corset is without exception the most perfect fitting now sold. It combines all the best points of the highest grade of French corsets, affording perfect comfort to the wearer and adding symmetry to the form.

THE W. B.

Is made in many forms, enabling us to fit the most difficult figure. French women say that a first-class corset is the only sure foundation to a good fitting dress; hence they wear only the best, and see that the fit is perfect in every respect.

Your Opportunity NOW to be As well Corseted as any French Woman

Miss G. D. Sexton, expert Corset fitter of New York, will be at our store today—Wednesday, with a grand display of the celebrated W. B. Corset models, and will demonstrate the advantages of a good fitting corset.

IF YOU HAVE

A good fitting corset now, it will be Miss Sexton's pleasure to provide you with perfection—if your corsets are not what they ought to be, you have the opportunity NOW of getting a perfect fit, and solid comfort as well.

Prices \$1, \$1.35, \$1.85, and up.

MAJOR SCHURMAN, returned to Summerside, Saturday afternoon.

MR. ARTHUR HOLROYD was a passenger by the west bound train Saturday afternoon.

THE NAMES of Miss John Newson and Chas. McGregor, are being favorably mentioned in connection with the vacant office of Sewerage and Water Commissioner.

At the police court Saturday morning, Walter McGregor, for drunkenness, was fined \$2 or 10 days. The case against Hugh Hennessey, charged with violating the Liquor Regulation Act, was continued until next Saturday.

JAMES A. MCINTYRE, of North River, recently remanded for trial in the Supreme Court, on a charge of assaulting his wife, was Friday, by order of the Chief Justice, admitted to bail, himself in the sum of \$800, and two sureties each in the sum of \$300.

THE funeral of the late Judge Alley, will take place this afternoon by train to Sherwood Cemetery. Service at the house at 2.40 p. m. Train will leave station at 3 p. m. The pall-bearers will be Hon. F. Brecken, Chief Justice Sullivan, Judge Warburton, Hon. H. C. McDonald, ex-Mayor Dawson, Dr. Dodd.

SOVENS.—The Mayflower arrived here on Saturday afternoon from Picton and sailed for the Magdalen islands, taking a number of men to the factories. —Schooners are arriving from the Magdalen Islands. The Netwood owned by Matthew & McLean left Saturday for the Magdalens. Mattie Alice, sailed Saturday evening for St. Pierre, Mi-queelon with a load of live stock.

LATEST IDEAS PATENTED.—A sewing machine using two needles at once was patented February 1st, by John Kerr, of Dayton, Ky. A combination of pipe, cigar or cigarette holder is the invention of A. Seidenspieler, of Brooklyn, N. Y. The stem of the pipe, when removed, being adapted for holding either a cigar or cigarette. An improved shoe scraper which is divided in the centre. A circular brush revolves on a pivot set in the division, so that the act of scraping the shoe sole also cleans the sides of the shoe. Patented by Fred. Trumple, Hoople, N.D. He combined cigar clipper and lighter which has the charm of novelty was patented by Joseph LeDuc, of Northampton, Mass. The act of clipping the cigar causes an automaton figure to grasp and present the smoker with a lighted match. (Communication from Messrs. Marion & Marion, Solicitors of patents and experts, New York Life Building, Montreal.)

REMEMBER that Miss Lefurgey's recital will be held on the evening of Thursday, May 18th, in the Kindergarten Hall. The programme is of unusual excellence, both literary and musical. Make no other engagement for the evening.

MR. A. S. FRASER, late in the employ of Mr. J. D. Ball, has opened up a new tin store in Dr. Robertson's building, opposite the Bank, Montague Bridge. Mr. Fraser is a good workman and will no doubt, do well in his new venture.

THE GUARDIAN calls special attention to the announcement in its columns regarding advertising. Many city merchants are unable to attend to their advertising. This is the most important branch of their business. Well written and carefully displayed advertising, charged regularly, pays. The large and flourishing retail businesses throughout the world have been built up with advertising. Tell us what you want advertised and our expert will do the best and the extra price asked will be more than made up in the increase in business. Write or call for particulars.

FOREST HILL NOTES.—The wheels are again going on our roads here, though there are still some bad spots. —N. McKinnon, of this place, is about erecting a large dwelling house close to the Miggell River, where he intends going into the trapping business.—A few of our men are going to the States this spring, as there is talk of good times there.—A. McKinnon and J. W. McKinnon are training their Pilot colts, which are rare beauties, and show great speed.—Our school is progressing under the efficient care of Mr. Ellis.—Arthur Henderson, of this place, has already purchased a Yorkshire male pig from F. Wood, registered in Wm. Turner's books.—We are pleased to see Malcolm McDonald home again from a trip to the Grand River Road.—The gripe is dying out with the advent of warmer weather, but many vacant chairs and absent faces remind us of its stern visitation during the winter that is now past.

MONTAGUE NOTES.—Montague has lost for a time two of its popular and genial citizens—El. L. Head, who, for the last three years, manufactured cheese and butter for the Montague Dairying Co., has gone to take charge of the Hillsboro Dairy for the season, and Dr. Matheson has gone to McGill to take a post graduate course. The boys treated them to a supper at the Montague Hotel before they went. The writer was unable to attend, but understood that a pleasant evening was spent, at which the usual toasts and complimentary speeches were made.—Notwithstanding the large amount of sickness through the country last winter, the cemetery at Lower Montague, which is the burying place for a large section of the country, was not opened last winter. The only interment since early last fall took place on Thursday, April 27, when the youngest son of Mr. Geo. Poole, merchant of Lower Montague, a bright little fellow, was laid to rest. Much sympathy is felt for the sorrowing parents.

When a man who has neglected his health finally realizes that he is being attacked by serious illness it is no time for half-way measures. Death is an enemy that must be knocked out in the first round, or he is pretty sure to conquer in the end. A weak stomach, an impaired digestion and a disordered liver mean that a man is fighting the first round with death. Unless he manages to strike the knockout blow, it means he will come up in the second round in the guise of some serious malady. When a man's stomach is weak and his digestion is impaired, the life-giving elements of the food he takes are not assimilated into the blood. The blood gets thin and weak, and the body slowly starves. In the meantime the disordered liver and the sluggish bowels have forced into the blood all manner of impurities. The body is hungry and eagerly consumes anything that the bloodstream carries to it. In place of healthy nutriment, it receives for food food poisons that should have been excreted by the bowels. The system of starvation combined with poisoning, will wreck every organ in the body. Naturally, the weakest organ will give way first. If a man is naturally nervous, he will break down with nervous exhaustion or prostration. If he inherits weak lungs, the consequence will be consumption, bronchitis, asthma, or some disease of the air-passages. If he has a naturally sluggish liver, he will suffer from a serious bilious or malarial attack. Dr. Pierce's Golden Medical Discovery cures all disorders of the stomach, digestion and liver. It purifies the blood and fills it with the life-giving elements of the food that build new and healthy tissue. It is the great blood-maker and flesh-builder and nerve tonic. It cures 98 per cent. of all cases of consumption. Thousands have testified to their recovery from this dread disease under this great medicine.
Dr. Pierce's Pellets cure constipation.
