They took up their quarters on the night of their arrival on the Park Roadway evidently having a keen eye for the picturesque. The next morning they got orders to remove. They put in Saturday morning having their horses shod. Their wagons drawn up on Great George Street and filled with a bevy of gypsy kiddies of all ages from babyhood up and all looking as if they had been some time without a bath, attracted quite a gathering of spectators and was especially interesting to the young folks.

The race will take place on Thursday, August 21st. Everything will be carried out according to original programme. The champion P. E. A meeting regarding the purchase of the Hotel Victoria by the citizens was held Friday night at which Mayor Wright presided. It was decided that this hotel could not be allowed to close as is now threatened. Mr. Stevens, having decided to go out of the hotel business and the present company then being unable to carry on.

The meeting was enthusiastic in agreement that this hotel must be made a success if not for its own sake for that of the city, in order to encourage tourist trade.

A prominent hotel man said that it was a splendid investment at the price—about \$75,000 and that it was one of the nicest and best fitted-out hotels this side of Montreal.

It was proposed to put in new management and to make the business grow.

In order to test the citizens on this matter Colonel W. B. Prowse was appointed to ascertain what amount of money could be readily raised and to report to the larger meeting that is to be held Monday evening the 25th inst., when all interested will be welcome with any advice or assistance they may prefer.

**FISHING PARTY TO P. E. I.**—Says the Pictou Advocate: On Saturday of last week there left for Murray River a party of nine Pictouians, disciples of Isaac Walton, composed as follows:—G. W. Atkins, Admiral of the Fleet; MacGregor Fraser, Admiral's Pilot; Fitz Corbin, Chief Engineer; Walter Logan, Chief Steward; James F. Carson, Ralph Heighon, Edward Fullarton, Jack Adamson and E. J. McGrath, Uncommon Seamen. The party arrived in Murray Harbor on Sunday morning and spent the day in quiet strolls and in attending the annual meeting of the Macdonaldites, a religious sect which is fairly strong on the Island. There were 3,000 people at the meeting and the services were said to have been most interesting. The fine, sunny weather prevented any catches of large trout, but the luck was very fair and, altogether, the outing was a delightful one, the return being made on Wednesday afternoon. The boys report they received much hospitality, especially off Heron Island, from Capt. Munn and from the owners of the club houses and fishing rights. They claim that they had more cooking skill in their party than is possessed by half the housewives of Pictou.

ABOUT 170 years ago tea sold in England for \$14.60 a pound. It was a luxury which only the wealthy could afford.

Thanks largely to the great increase in the area of tea plants under cultivation in India during the past fifty years, there is enough tea grown to-day to supply tea to the world at a price even the poorest can afford.

A cup of "good" tea—Red Rose Tea—costs only a fraction of a cent. There is hardly anything sold in the grocery store that gives more value or more pleasure for the money.

Consisting chiefly of ASSAM teas—the richest and strongest of Indian teas—Red Rose is exceedingly fragrant, flavory and economical. It is a tea of real quality and real value.

Sold only in sealed packages.

## Saves Shortening

One of the first things you notice, after "Beaver" Flour comes to your house, is that you are using less shortening than you used with western spring wheat flours.

You also notice that the Pie Crusts, Cookies and Doughnuts are lighter and flakier—that the Bread Rolls and Biscuits have a delicate flavour, a delightful, nutlike, homey flavour that is doubly welcome after the tough, almost tasteless bread you used to make with western spring wheat flours.

# BEAVER FLOUR

Milled of Blended Wheat

is really two flours in one, for two kinds of wheat are used in blending. "Beaver" Flour contains the choicest Ontario winter wheat, strengthened with western spring wheat.

This gives you the finest pastry flour that can be milled—with the right strength to make a good size loaf of bread or a big pan of snowy Rolls.

More than that, everything made of "Beaver" Flour has a deliciously appetizing, nutlike flavour that is entirely lacking in the strong, western spring wheat flours.

Try it yourself—see how you save shortening—see how you come to depend on the even strength and quality of this famous flour—see how everything tastes so much better. Your dealer should have "Beaver" Flour—or will get it for you.
