

Safety, Economy, Efficiency

In appointing the Dominion Trust Company to the position of executor you are assured that your estate is in safe hands by reason of the financial responsibility. Also the company has the ability to administer the estate in such a way as to derive the greatest benefits for the beneficiaries.

Having offices all over Canada caused a larger rate of interest, hence more revenue can be secured for Estates if re-

quired than through the private Executor without any additional expenses for valuations of properties.

By reason of its experiences and continued handling of estates, the company can undoubtedly more economically and satisfactorily administer your estate than the individual appointed for the first time.

Our officers will at any time be glad to go into this matter into detail confidentially.
