### Why Errors are Unnecessary

Newspaper men frequently have their attention called to typographical errors which sometimes creep into publications, says the *Medaryville (Ind.) Advertiser*. If newspaper men only understood their business, these errors would not happen. The people who discover these errors can tell you much. In an ordinary column there are about 12,000 pieces of type; an average newspaper sets from seven to ten columns a week, which make 150,000 pieces to be picked right side up with care. These must be replaced in the case, which necessitates the handling of 240,000 pieces of type each week. Now, if in the first place the editor gets correct information, and makes his copy legible to the compositor, and if the galley boys know enough to take a decent proof, and if the copy holder is sober, and if the proofreader marks the errors, and if the make-up gets them in the right form, and if the press don't smash any letter—why 'tis easily seen how unnecessary are typographical errors and how easy it is to run a newspaper.

### SUGGESTS HALF HOLIDAY.

OTTAWA, May 2.—General O'Grady-Haly would like to see the employers of labor in the leading cities of Canada give their employes who belong to the militia half a day off on Wednesday of each week during the summer months. ### THE DEAF MADE OF HEAR.

St. Thomas. . . . A modern miracle was made known to-day when Mr. Riddle, of this city, announced that he had recovered his hearing. He had been almost entirely deaf, and it borders on the miraculous to find him able to hear everything with great distinctness. As his case is proving of such universal interest, we give Mr. Riddle's own statement. "My hearing was always poor, and not long ago I became almost deaf. It was the result of Catarrhal Inflammation, but nothing did me good until I used Catarrhose. It cured my trouble, and I strongly recommend it to the deaf." Fully nine tenths of the deafness is the result of Catarrh and can be cured by Catarrhose. The cures of deafness wrought by this remedy in cases of even twenty years standing are really astonishing. Among many others, wonderful powers of Catarrhose and your druggist can tell of some astonishing cases in his own experience. Better give it a trial, if your hearing is impaired. Price \$1.00; small size 25 cents, druggists or N. C. Polson & Co., Hartford.

### ONE OF THE DRUMMER.

Amongst the passengers one day by an express from London to Brighton, was a commercial traveller and a Salvationist lass. The commercial man began chaffing the girl, and asked if she believed the story of Jonah and the whale. "I don't know," she said, "but when I get to Heaven, I'll ask Jonah if it occurred." "But," said the funny man, "suppose he isn't there?" "Then said the girl promptly, 'you can ask him.'"

### LIFE ON THE RAIL.

Mr. Geo. Cummings, Barrie, Ont., one of the best known engineers on the G. R. T. writes:—For years I suffered from kidney disease brought on by railroad life. The doctors called it "railroad kidney," but could give me no permanent relief. A friend recommended Dr. Chase's Kidney Liver Pills saying they had cured him. A few boxes of this grand medical completely cured me, putting an end to those dreadful pains in the back and greatly strengthening the kidneys. I am a well man to-day, thanks to Dr. Chase. On pill a dose, 25 cents a box.
