—PAYING THEIR TAXES—Town Clerk, H. J. Massey, of Summerside, was perhaps the busiest man in town on Wednesday, it being the last day for the town taxes to be paid, and many were lined up so as their names would not appear to be in arrears.

—A NIGHT OF SPORT—A party of Summerside sports, who motored to Grand River Tuesday evening on a Goose raffle trip, had a novel experience. On arriving at their destination the driver of the machine on which the car intentionally forgot to apply the brakes methods, or applying his brakes and had it not been for the foresight of the owner of the home-stand, the owner would be minus an auto to return to their homes. It appears the car was stopped on the road near Trout River, and started for an old truck wagon which was near the mouth of the river. The car would have been in the drink, but fortunately the truck wagon stopped the speed and the car was successfully brought back to its former place none the worse of the experience. The party arrived home the next morning each having a good supply of birds, while not any richer in a financial way, but claimed the experience was well worth a million marks as a safety first owners code.

**Defective Vision In Public Schools**  
Statistics recently compiled show that an average of 25 per cent of the school children in the United States have defective vision. The principal eye defects, according to authorities, are hypermetropia (far-sightedness), myopia (near-sightedness) and astigmatism.  
Defective vision, chiefly myopia, is found to a large extent among older children in schools, as it is progressive. Near-sightedness is the most prevalent eye affliction, beginning primarily from congenital astigmatism and the subsequent strain upon the accommodation of the eye in an effort to see.  
Have your children's eyes examined and know the facts, consult

## 15 Injured in Auto Crash

(Canadian Press.)  
LOS ANGELES, Oct. 31—Fifteen persons were injured, several fatally, when a police automobile speeding south on Broadway tonight was struck by a westbound street car at the intersection of Fifth Street and hurled through a crowd into the windows of a department store.

## LEARN PASSPORTS SHOULD ALWAYS BE KEPT ON HAND

WARSAW, Poland, Oct. 31—Almost all Americans know it is a good thing to be provided with a passport in Europe, and carry the necessary documents always on their person, but occasionally some adventurous soul takes a chance on going without, and runs into trouble. Trouble traveled hand in hand with two American aviators who, with out passports, slipped over the boundary line of Czechoslovakia recently, and was their close companion for six weeks.

## Head Colds Ended by Healing Cream

If your nostrils are clogged and your head is stuffed because of nasty catarrh or a cold, apply a little pure antiseptic cream into your nostrils. It penetrates through every air passage, soothing and healing swollen, inflamed membranes and you get instant relief.  
Try this. Get a small bottle of Ely's Cream Balm at any drug store. Your clogged nostrils open right up; your head is clear; no more hawking or snuffing. Count on the stuffiness, dryness, struggling for breath is gone. You feel fine.

## MONTAGUE LOSES PROMINENT CITIZENS

—MONTAGUE LOSES PROMINENT CITIZENS—Montague misses the familiar figure of Mr. John P. McPherson on its streets, who with Mrs. McPherson and little boy Bruce, left some few weeks ago for far away California, where they intend in future to make their home. The going away of this family is not only a loss to Montague, but to the community at large. Mrs. McPherson was one of our finest citizens, womanly, devoted to her home, and while she may not have been so prominently active in outside affairs as some of our leading women, nevertheless anything pertaining to the welfare of the place had her hearty support. Those who were intimately acquainted with her were indeed fortunate. Mr. McPherson on the other hand was widely known, everybody knew "Jack" his name being a by-word in almost every household. The few on the island who didn't know him must surely have heard of him. It is in the concert-life of the town where Jack will be missed the most his jokes and ready wit always guaranteeing a full house and adding greatly to the funny part of the programs. He too was of valuable assistance to Montague. The many friends of this family wish for them every success in life.

—WELCOME VISITOR — Mr. Horatio Nelson, Esq., who has been on a visit to his many friends in Montague for practically the whole summer left last week on return to Boston. For a great many years Mr. Nelson was one of Montague's most prominent residents, widely known in King's County, and to have him with us for the past summer was indeed something to be thankful for. J.

—SHIPPING NEWS — The water front at Montague presents at the present time an old time shipping appearance, the harbor being practically alive with shipping. The following vessels are in port awaiting mixed cargoes. Schooners Maggie and Eric, Asanet, Dorothy Lake, Sea Pham, Swan, Miriam May, James U, Thomas, Lillian Walsh, Lizzie Dibbon Argo, General Middleton and Village Leaf, also a large gasoline boat, besides several others in the river. With one or two exceptions all these vessels belong to Burin & Fortune, Newfoundland, only two from Nova Scotia. The Dorothy Lake is a three master, and the first of her rig to load here for a long time. Prices are the same as last reported. J.

—FOR BETTER ENGLISH — The lecture on good English by Miss Archibald in the Montague Methodist church on Friday evening last was attended by a fairly large audience. The efforts of Miss Archibald to have the opportunity of addressing such an intelligent audience as greeted her on this occasion. At the close of her remarks short addresses were delivered by several of our pronounced educationalists, including two of our women, expressing most eloquently their hearty approval of the speaker's efforts. Mr. D. L. McKinnon, one of the speakers, moved a vote of thanks for Miss Archibald which was duly seconded, as several of the school teachers were present it is to be hoped they will profit from the lecture and try to inculcate into the young people, the great importance of speaking correctly. —IN MEMORIAM  
MRS. JOHN J. TRAINOR  
Mrs. John J. Trainor, 66 Prince St., Wednesday afternoon received the sad news of the death of her sister, Mrs. Thos. McQuaid, which occurred in Baltimore, Md., that morning.  
The late Mrs. McQuaid, whose husband predeceased her some years ago had only removed to Baltimore with her family about a month ago, where her son, Dr. Edward McQuaid is now located. The little family had just purchased a cozy home and were settled in their new surroundings when this sad event marred their happiness.  
Many friends in this city will regret to learn of the passing away of this most estimable lady. The Guardian extends heartfelt sympathy to the family.

Woman is the one problem that science can never solve. It takes a woman to do things properly without knowing how.

# You Want Uniform Heat in Your Home

Every corner of every room in your house can be heated to an even warmth of 70 degrees—with the Enterprise All-Cast Pipeless Furnace. And you have a cool cellar all the time.

## YOU WANT EASILY CONTROLLED HEAT IN YOUR HOME

Instant control of the heat is perfected in the Enterprise All-Cast Pipeless Furnace. The doors are permanently tight, drafts accurate and controlled from the living room as well as in the basement.

## YOU WANT ECONOMICAL HEAT IN YOUR HOME

With the Enterprise it costs you less to keep the house warm, for the Enterprise gives you proper humidity and moist air at 68 degrees—which is more comfortable and healthful than dry air at 75 degrees. The Enterprise gets all the heat from the coal through the large cast iron radiator.

## YOU WANT FREEDOM FROM GAS, DUST, SOOT AND ASHES

Your house is free from gas, smoke, soot, dust and flying ashes, if it is heated with the Enterprise All-Cast Pipeless Furnace. The elimination of all top joints makes sure of that, and the provision of nothing but cup joints thoroughly cemented makes assurance doubly sure.

## YOU WANT THESE CONVENIENCES AT MODERATE COST

You don't need hard coal when you have the Enterprise—you can burn any kind of fuel—the cheapest coal, wood, or anything. And the Enterprise gets all the heat-getting up heat quickly and wasting none of it. LET US SHOW YOU THE ENTERPRISE.
