CORRUGATED IRON SHEETING

Our Corrugated Iron is made of the very best quality; soft, pliable and heavily galvanized.

The corrugations are deep and pressed one at a time. This method insures absolute accuracy in fitting and makes the corrugations retain their shape.

Our Corrugated Iron is Fire, Lightning, Rust and Storm proof.

As it requires very little timber to support it and needs no repairs, it is a splendid material for siding or roofing. Write us for free booklet.

Which Arsenate of Lead clings most tightly to the foliage?

Do not accept vague statements of "adhesiveness" but test it for yourself in this way— Dry upon glass a few drops of spraying mixture made from Berger's Arsenate of Lead, and do the same with any other Arsenate of Lead spraying mixture. Then brush lightly with a camel hair brush.

Berger's "Mercury Brand" ARSENATE OF LEAD is death to all leaf-eating insects.

Protect Your Trees They are Valuable NOW, RIGHT NOW—is the opportune time to commence looking after your orchard, before the insect pest accumulates.

This is an insecticide that is harmless to trees, foliage and shrubbery, but is SURE DEATH to all leaf eating insects.
