-LIFE LONG RESIDENT DEAD
 There passed away at his home in Abrams Village on Wednesday morning, Mr. Leon J. Arsenault, at 70 years of age. Although in failing health for about eight months Mr. Arsenault was only confined to his bed for two weeks. He was a life long resident of Abrams Village and was well known as a successful farmer and did much to promote the farming industry in the district. His sterling qualities and genial manners won him the respect of a wide circle of friends throughout the province. There are left to mourn besides his sorrowing widow, the following sons and daughters: Mrs. Andrew Harrison, Austin and Angus of Lawrence, Mass., Joseph and Alphonse of Peabody, Mass.; Abel of Summerside, Arthur and Clonise at home; also two sisters, Mrs. Neophave Gallant and Mrs. Marshall Arsenault and one brother, Mark Arsenault, all of Abrams Village, to all of whom the sympathy of the community is extended.--S.

-FINED FOR ALLOWING DOGS AT LARGE-Three Summerside citizens appeared in the Police Court on Thursday morning and were each fined \$1 and costs for allowing their dogs to run at large.--S.

-LAID TO REST-The funeral of Mrs. C. J. Vincent of Summerside was held on Thursday afternoon at St. Marys Church. Ven. Archdeacon White, D. D., returning from the Diocesan Meetings at Charlottetown to take the service. The pallbearers were Mayor Lidstone, Messrs J. F. Arnett, Hammond Cannon, A. S. McKay, Robert Phillips and Joseph MacDonald. Interment was in the Peoples Cemetery.--S.

-CHAMPION FIDDLER HEARD
 Radio fans had the pleasure of hearing Mr. William Harvey of Ellerslie on Thursday at the noon hour over Station CHGS in some old time jigs and special music on the violin. Mr. Harvey is the champion fiddler of Prince County and his music is always appreciated by young and old.--S.

-THE ADVANTAGES OF THE AIR MAIL SERVICE-The action of the Dominion Government in giving the Island Province an airmail service this winter is very much appreciated, especially by the business man. Mr. George Bowness, a well known harness maker of Summerside, discovered that he needed some special thread for his work about 1 1/2 a. m. on Thursday. He telegraphed to Moncton for it and in less than two hours the thread had arrived by registered mail when the mail plane flew into Summerside at noon. Mr. Bowness thinks that is the acme of service. When he thinks of how many times the car ferry has been delayed in crossing this winter the advantages of the air mail service are fully illustrated in the above incident.--S.

-GOOD EXAMPLE-The sidewalks of Summerside which have been in a deplorable state this winter are gradually becoming free of ice and on some streets it is a pleasure to walk. Cambridge Street has been entirely cleared of its covering of ice and snow, which was nearly two feet deep in places, by the energetic efforts of the juvenile residents. Alley Street was also cleared by another band of boys and girls who take pride in the appearance of the sidewalk outside their homes. It is pleasing to note that some other sections of the town are being cleaned off by older members of the male sex who are beginning to realize the advantage of having the sidewalks clear of snow. If everyone would follow the good example of these gentlemen, young and old, Summerside would be an ideal place to live in. As a gentleman remarked the other day, Summerside has lovely homes and shade trees and everything that goes to make a nice town; but the sidewalks! Well, the less said about them the better--S.

eral services which were held at the home were conducted by Rev. A. F. Baker of the United Church. The pall bearers were Messrs Harry Arling, Ira Wright, George Webb, William Boulter, Elvin Boulter and Judson Smallman.
 Interment was made in the cemetery at West Devon. The sympathy of the community goes out to the grief-stricken family.--O

A few potatoes were hauled to O'Leary on Monday but there was no demand for them. None are now being handled at the "potato house" as all available space has been taken up. Although large quantities have already been marketed it is reported that there remains a considerable quantity still in the farmers' cellars. It is expected that when the congestion at shipping points has been cleared up buying will be resumed.

Mr. Renford McNevin, of Brae, was a visitor to O'Leary on Monday. He has recently received a message stating that his sister, Miss Pearl and their mother, Mrs. Archibald McNevin who accompanied her to Brookline, Mass. after the death of her husband, last fall are leaving for home about the first of April.

A regrettable accident occurred here on Thursday at the home of Mr. and Mrs. W. E. Turner when their baby boy aged one and a half years fell down cellar, breaking his collar bone. Medical aid was immediately summoned and the injury promptly attended to and at latest reports the little lad is rapidly recovering from the effects of his fall.

Special services are being arranged for Good Friday and Easter Sunday

in the United Church. Services appropriate to the Easter Season will be in charge of the young folks on Good Friday evening and the Sunday services will be featured by a special Easter Song Service.

There was a fairly satisfactory attendance at the Hockey Game played in the O'Leary Rink on Saturday night between the Coleman Do-Dads and the Glenwood Beavers. The ice was in fair condition and the game was well played throughout. It was refereed by Mr. Forbes Kennedy in a manner that was approved by all. The Glenwood Beavers were apparently not up to their usual standard for the game ended with the score at 3-0 in favour of the Do-Dads. Another game is being planned for the near future.

An interesting game of Hockey was played in the O'Leary Rink on Friday, the 29th inst. between the O'Leary Sister and the Old Men. The ice was in good condition and from start to finish the game was closely contested. There was a disparity of opinion over one of the goals. However the Old Men being naturally gallant conceded the point and the score was given as 3-2 in favor of the Sisters. Another game is planned for this week which will no doubt prove equally interesting.

Line-up-Sisters-B. Campbell, J. Easter, G. Easter, E. O'Brien, R. Noonan, A. Carruthers, E. Williams, V. Phillips, E. Thompson. Old Men-G. Silliker, J. A. Matthews, S. McNeill, W. Silliker, H. Lidstone W. E. Turner, A. F. Baker, W. P. McNeill, R. McNeill.

The first litter of young foxes in this vicinity reported to date are owned by Mr Percy McPherson of Dunblane, Lot 8. There were six in this litter which arrived on Thursday, March 19th. Five of this number have lived and are a thrifty lot. Mr McPherson has always made it a regular practice to look in the fox dens daily and thus accustom the fox to having the den opened up and when the young foxes arrive the mother is not alarmed when he looks in at them. This is contrary to the rule generally followed around here which is not to disturb the vixen for three weeks after the young pups arrive. Last year this fox presented her owner with five pups, all of which were raised to maturity. For several years Mr. McPherson has met with extra good luck, both in raising the pups and in producing high quality pelts. Last fall he secured exceptionally high prices for some of his pelts which were sold through a Summerside dealer. Even with foxes selling at a comparatively low figure, as was the case last fall, such good luck as this repeated a few times would make fox-breeding a good paying proposition.

The hockey game on Saturday night was marred by a regrettable incident, when Mr. Everett McDougall, of the Glenwood Beavers, who was engaged in chasing the puck up the ice towards their goal, met up with Mr. Bruce McNaught of the Coleman Do-Dads, who was going in an opposite direction. As they met the latter player lost his balance. In the effort to regain his poise, he naturally raised his arms and his hockey stick struck the other player across his mouth, breaking three of his front teeth almost entirely off. He was im-

mediately taken to the office of Dr. Palmer, dentist, who decided that the only practical thing to do was to extract them, which was immediately done. Although the injury was very painful at the time it occurred, the removal of the teeth lessened the pain. All parties claim that the affair was entirely accidental.

The "Scotch Boys", as they are popularly referred to, who have been placed on farms in this vicinity, are winning a good name for themselves by their willingness to work and the thoroughness with which they perform the tasks which are assigned to them.

Those boys were selected by a philanthropic millionaire in Scotland, who had them trained for farm work in their native land and later on a farm of several hundred acres near Campbellton, N. B.

To the low monthly wage which the farmer is required to pay them, their benefactor adds each month a sum which makes a satisfactory total. Some unfavorable comment is made by those who maintain that the sending of those young men to the Island is unfair to native-born laborers as it will have a tendency to lessen the demand for the latter's help and to lower wages. Others justify the plan by claiming that during the busy season it is impossible to obtain capable help at a reasonable wage.

Approximately twenty-five of these youths have already been engaged by farmers in the vicinity of O'Leary and that still more will arrive later.

A message received by Mr. Charles Dymont of Springfield West on Monday the 23rd inst. conveyed the sad intelligence that his niece, Miss Mabel Dymont, 17 year old daughter of Mr. and Mrs. Levi Dymont of Tyne Valley, had that morning passed away at her home there. The deceased had been ill for the past two months and the parents' grief is enhanced by the fact that only two years have passed away since the death of their only son, Orville. The funeral was arranged for Tuesday afternoon. On receipt of the message on Monday morning, Mrs. Charles Dymont left by train for Tyne Valley and Mr. Dymont planned on going down the following day. All who have suffered the loss of loved ones, particularly those who are called away in the prime of young manhood and womanhood, will sympathize with those who are now doubly bereaved.

A large circle of friends will regret the death of Mr. Herbert Shaw, son of the late Dr. Shaw and Catherine (Moreshead) Shaw, at his home in Woodstock, Lot 6, on Monday March 16th. The deceased had been ill for several weeks previous to his death, which occurred in the 61st year of his age.

There are left to mourn their loss his sorrowing widow, (nee Dorcas Costain), and four children, Laura, Elmer, Oliver and Lena, also two brothers Joseph in Maine, Edgar in New Hampshire, and three sisters, Mrs. Oliver White and Mrs. Barbour in Boston and Mrs. Harris in Summerside.
