QUEBEC, Aug. 29 (CP) - Premier Duplessis announced today that he is ordering all 16 millimetre films shown in the Province will have to be submitted to the Provincial Board of Censors. Previously censorship applied only to 35 millimetre films such as are used in movie houses. The new regulation was provided for in an order-in-council passed Wednesday, he said. Mr. Duplessis, who foresaw ahead of the move last week by denunciation in Three Rivers, Que., of a 16 mm. film sponsored by a Labor group, made reference again today to the film which he said was "incisively revolutionary," he declined to name the film.

The announcement, made at a press conference, was accompanied by brief reference to an alleged Communist radio station which, the Premier said two weeks ago, had been found operating in the Province.

Unemployment In Maritimes Has Decreased

SAINT JOHN, N.B., Aug. 29 (CP) - Improvement in the Maritime unemployment situation in the past year was reported today by W.M. Roberts, Moncton, regional employment officer of the National Employment Service, at a meeting of the Maritime regional employment committee of the Unemployment Insurance Commission. A year ago 21,000 persons were applying for work at Maritime offices of the Employment Service and this number had been reduced to 15,346 at the corresponding date this year, he reported. Mr. Roberts gave the following figures for job applications in the three Provinces a year ago, with the total at present in brackets: Nova Scotia 12,400 (10,700); New Brunswick 7,900 (3,800); Prince Edward Island 1,278 (723). The Saint John situation was about the same as last year, 2,247 and 1,340. Figures for job vacancies a year ago and at present were: Nova Scotia 3,000 (1,500); New Brunswick 3,298 (2,969); Prince Edward Island 198 (107). Mr. Roberts pointed out that last April 30, 815 persons had been registered for jobs in the Maritimes. The improvement was largely due to seasonal and temporary work, and it was possible that next spring the unemployment rolls would be much higher than at present.

Body Not That Of Escaped Convict

PORT HURON, Mich., Aug. 29 (CP) - Assured that a murder victim whose decomposed body was found near here was not Nicholas Minille, long-term convict escaped from Kingston Penitentiary, police tonight intensified efforts to identify the slain man. Today's short-lived rumor was the second in 10 days that Minille had been murdered. Shortly after his escape from the penitentiary with Ullysses Lauzon, 26, of Windsor Ont., and Donald (Mickey) McDonald, 40, of Toronto, police investigated a report that Minille had been slain near Guelph, Ont. There was no evidence to support the rumor. Lauzon and McDonald were linked with a \$40,000 bank robbery in Windsor last Friday, and are believed by Windsor police still to be hiding in that city.

Favors Completing Quoddy Project

WASHINGTON, Aug. 29 (AP) - President Truman has told callers that he would like to see the day when the Passamaquoddy tide harness project off the Maine coast is resumed and completed. The White House confirmed this today, but did not identify the callers. The Quoddy power project, again in the news because of efforts to establish a training school for displaced persons at a village built for project workers, was abandoned years ago when Congress refused to appropriate more money for it. The President was described by a secretary as having called the project a good one and was said to have expressed the hope that someday it will be revived and completed. It was added, however, that there are no immediate plans for pushing the project.

Russia Ratifies Peace Treaties

LONDON, Aug. 29 (AP) - Moscow radio announced tonight that Russia had ratified the peace treaties with Italy, Hungary, Romania, Bulgaria and Finland - completing action by the four major powers on the treaties drafted in Paris last year. Final formal ending of hostilities against the wartime Allies of Nazi Germany will come when the instruments of ratification are deposited in Paris and Moscow. Moscow radio said the treaties were ratified by the Presidium of the Supreme Soviet of the U. S. S. R. The broadcast was heard in London by the Soviet Embassy.

HON. JOHN BRACKEN, M.P.

National leader of the Progressive Conservative Party, and Leader of the Opposition in the House of Commons, who arrives by plane in Charlottetown today at 12.55 p.m. Mr. Bracken will be guest speaker at a dinner sponsored by the Prince Edward Island Progressive Conservative Association at The Charlottetown this evening. He will remain over Sunday in the Province and will cross to Caribou, N.S. Monday morning on a tour of Nova Scotia.

U. N. Fails To Settle Anglo-Egyptian Case

Princess Elizabeth's Home Is Damaged

LONDON, Aug. 30 (Saturday) - (AP) - A wing of Sunninghill Park, the Windsor Forest mansion given to Princess Elizabeth to serve as her home after her marriage to Lieut. Philip Mountbatten, was seriously damaged by fire early today, the Press Association reported. The roof and rooms of the mansion's southern wing, unoccupied and as yet unfurnished, were considerably damaged, the report said. There was no indication of the cause of the blaze.

Fruit Crop Good

OTTAWA, Aug. 29 (CP) - The term, "pretty small apples" won't apply to Canadian production this year, for despite smaller prospects than last season, Canadian orchards are expected to produce about 15,702,000 bushels. While this is a 19 per cent decline from last year, the 1946 season produced a bumper crop, and the latest estimate of the Dominion bureau of statistics is only one per cent lower than the July estimate, despite unfavorable weather. Other fruits, too, are showing good progress, giving promise of fresh fruit and greater quantities of canned goods.

Part Of N. S. Corn Crop Total Loss

WINDSOR, N. S., Aug. 29 (CP) - The corn crop in Hants County, surrounding this shire town, is a total loss due to the infestation of the ear worm, it was learned today. In the nearby Newport area alone the weevil caused estimated damage of \$90,000.

ORANGE PEKOE

Tsaldaris Forms New Greek Cabinet

ATHENS, Aug. 29 (CP) - Constantinos Tsaldaris, leader of the Populist (monarchist) Party, tonight organized a Greek Cabinet entirely from his own followers and set himself for a confidence vote despite a solid opposition in Parliament. The all-Populist Cabinet, with the full support of Rightist Gen. Napoleon Zervas, was scheduled to be sworn in later tonight at the Royal Palace by Archbishop Damaskinos, ending a seven-day government crisis. The solution was contrary to the efforts of United States representatives who throughout tried to convince Greek leaders to get together and form a broadly representative government.

Sees No Immediate Threat Of Global War

NEW YORK, Aug. 29 (AP) - Gen. Dwight D. Eisenhower, in an address he described as "something of an official farewell," today told the American Legion he did not foresee "a global war as an immediate threat." The United States Army Chief of Staff and Supreme Commander of the Second World War, who leaves military service early next year to become head of Columbia University, declared the world at present "comprises two great camps" - one grouped around dictatorships and the other, democracy. But, he said, "no great nation is today in position deliberately to provoke a long and exhausting conflict with any hope of gain." Eisenhower's long-run view of the international situation was less optimistic, however.

Reports On Family Allowances In N. B.

SAINT JOHN, N.B., Aug. 29 (CP) - During the last year an average of 120 children a month in New Brunswick have been suspended from receiving family allowances because of unsatisfactory attendance at school. Mr. Fergusson, regional director of family allowances, said today. She said her office is constantly pressing for the recovery of overpayments of this kind. The regional office obtains its information through the city and country school superintendents, whose reports originate with the weekly attendance reports of the teachers.

AERIAL MOVING VAN

LONDON (CP) - Want to move in a hurry. An Englishman did and when moving firms told him it would take three months to have his furniture moved from France to Britain he decided to try the air route for the job. The entire removal was completed by air in 36 hours.

New Regulations For Farmers' Taxes

OTTAWA, Aug. 29 (CP) - Two groups of farmer-taxpayers have been established by the Revenue Department in new regulations extending to farmer-taxation the principle that farmers may establish basic herds for income tax purposes. The new regulations already have been drawn up and will be made public early next month. Briefly, the new principle means that a farmer may establish a basic herd of any, 100 head of cattle and will not be taxed on the proceeds of sales which reduce the herd below the figure. Sales which leave the herd above the 100 mark will be treated as taxable income. The first of the two groups established under the regulations are taxpayers who file income tax returns year-by-year and pay whatever tax may be assessed. These cattle or dairy men will decide for themselves at the end of any one calendar year the number of cattle they consider their basic herd and will advise the district office of the Taxation Division of this when filing their income tax return for the year. The second group classified under the regulations are those who have not filed income tax returns regularly. In this case it is largely a question of proof and the procedure follows:

Would Be Aimed At Saving Great Britain From Economic Ruin

Not Alarmed Over U. K. Ban On Furs

MONTREAL, Aug. 29 (CP) - Decision of the British Board of Trade to revoke the "open general licence" for importation of most types of undressed furs is not likely to affect the Canadian fur trade market to any extent, a committee of the Fur Company spokesmen said today. The Board of Trade announcement, made in London today, means Canadian skins will be banned, but, said the spokesman, "not much stuff is going over now anyway and we understand this is just a temporary embargo."

Mr. J. W. Boulter Heads Maritime Baptist Convention

WOLFVILLE, N. S., Aug. 29 (CP) - J. W. Boulter of Charlottetown was elected president of the United Baptist Convention of the Maritime Provinces here today at the annual meeting of the group. A committee, consisting of Dr. G. C. Warren of Wolfville, Rev. M. C. Brinton of Woodstock, N.B., and Dr. J. H. Clark, was appointed to discuss a Maritime union of the Disciples of Christ with a similar committee of that body. Senator John A. MacDonald of Canada, N. S., Rev. H. S. Harlan of Barrs Corners, N. S., and Ward Ginson of Harland, N. B., were named to the Board by Governors of Acadia University here.

Strike Continues

TORONTO, Aug. 29 (CP) - Negotiations aimed at settlement of the now three-day-old strike of 4,000 packhouse workers in Swift Current plants continued here tonight with no statement from either side emanating from behind the closed doors of the conference in the downtown hotel. It was expected that the talks would be suspended for the holiday week-end.

It was expected that the talks would be suspended for the holiday week-end.

LONDON, Aug. 29 (AP) - Mount Rev. Cyril Garbett, Archbishop of York and second ranking prelate of the Church of England in an unusual move, proposed today that Prime Minister Attlee call a round-table conference of all political parties to save Britain from what he termed economic ruin. The Archbishop's statement appeared in his diocesan weekly paper, as a spreading call at once, accompanied by a threat of violence to the head of the National Union of Mineworkers, spread through Yorkshire in a new threat to Britain's recovery program. The National Coal Board, which administers the nationalized pits, said 16,701 men were on strike 14 miles, but reports from the area quoted by the British Press Association put the number at 25,000 men and 16 mines. Dr. Garbett said a coalition government was "at present entirely out of the question" but that "united action by all parties" would help the national production effort and "show America that the whole nation was united in its determination" to survive the economic crisis.

Herbert Morrison, Deputy Prime Minister and head of the Government while Attlee is on vacation, declined comment on the Archbishop's proposal. A Conservative Party spokesman said that "while we cannot support a coalition, if any proposals of a national character were made, the Conservatives would support them and would send representatives to a round table conference." Clement Davies, Liberal Party leader, said that if Attlee "calls us, I am sure we shall all respond." Dr. Garbett said "ruin will fall upon the nation" if the crisis is not solved. A round table conference, he added, "would mean considerable postponement for a time of con-
