## U. S. To Send A Representative

WASHINGTON, May 7.—The United States administration has decided to accept an invitation to send an unofficial representative to the Supreme Council and Council of Ambassadors in Europe. The decision was reached after President Harding and his Cabinet had devoted virtually all today's regular meeting in discussion of the subject.

## PARLIAMENT AND PATRONAGE

(Ottawa Journal)

The so-called Spinney bill, aiming to leave to whatever Government may be in power certain appointments to the Civil Service, instead of to the Civil Service Commission, has had three significant results so far. First, it has reduced the unionist majority in the House of Commons to much the lowest point this session. Secondly, it has caused protests by important newspapers which are usually in sympathy with the present Government. Thirdly, it has produced general and strong expressions of confidence in the Civil Service Commission by those who are most conversant with the commission's work, namely civil servants themselves, culminating in the emphatic utterance by the Civil Service Federation Wednesday.

Forceful arguments exist for some features of the Spinney bill, arguments which were well put in the House by the leading speakers on the Government side. But the effect of these arguments, so far as public opinion is concerned, was destroyed by blunt advocacy of the spoils doctrine by some of the back-benchers supporting the bill.

## Baseball Prospects For This Summer

A FEW SUGGESTIONS THAT MIGHT BE GIVEN SOME CONSIDERATION.

What is Charlottetown's argument for baseball this summer? This is the popular question among the fans today and at the present time the query is a hard one to answer. Up to time of writing only one ball team has shown any sign of life and interest in the game.

A city ball league would perhaps be an impossibility this season, but there isn't any reason why another team should not be organized, as there is any amount of material in the city to pick from, that would make a fast nine.

If a second aggregation would make their appearance perhaps a real "honest-to-goodness" Prince Edward Island League could be organized as Summerside has two fast teams on the move this summer, and a four team league would and more than likely put baseball again on the map in Charlottetown.

Baseball is the only summer pastime, and is played and enjoyed with great enthusiasm in the other provinces of the Dominion, so why not have P. E. Island fall in line and make it a big baseball year.

## ASPIRIN

Only "Bayer" is Genuine

Warning! Take no chances with substitutes for genuine "Bayer" Tablets of Aspirin. Unless you see the name "Bayer" on package or on tablets you are not getting Aspirin at all. In every Bayer package are directions for Colds, Headache, Neuralgia, Rheumatism, Earache, Toothache, Lumbago and Pain. Handy tin boxes of twelve tablets cost few cents. Drugists also sell larger packages. Made in Canada. Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monocetate of Salicylic acid.

# LOSS OF APPETITE

Pimples, Boils, Eruptions, etc.—Mental and Physical Weakness. Are all very prevalent just now, and are positive proof that the blood is wanting in the power to defend the body against contagious and infectious diseases. They show conclusively that the blood needs thorough cleansing, enriching and vitalizing. Do not put off giving attention to these dangerous symptoms. Get Hood's Sarsaparilla today and begin taking it at once. This medicine has given satisfaction to three generations, as a treatment for the blood, stomach, liver and kidneys, and for catarrh, rheumatism and other common diseases. It builds up the system, makes food taste good, and helps you to eat and sleep well. For a gentle laxative or an active cathartic, take Hood's Pills. You will like them.

## Current Comment

(Continued from Page four)

OF DOLLARS, THERE IS NO RECORD OF TENDERS BEING ASKED FOR OR FURNISHED. Naturally those farmers and stock raisers gathered together, who themselves had some very fine fat cattle to dispose of, wondered why they were to be cut out of these opportunities of competition.

Now it so happened that an occasional Liberal would be present on these occasions, for while a very large number have abandoned the ranks in disgust, there are still a few, some of them tax collectors, some road inspectors and some assessors who still pretend to have faith in the party. And if a good word could be said for the aggregation they were most surely in the temper to say it, especially in the prospect a further year or two of good business. But these are not always as "wise as serpents" in the trend of their arguments. And when they ask back, "Why bother about tenders when you have a real live Commissioner of Agriculture who knows every point about a cow or 'Bull,' and when you want the very best that can be had," and when you have a Premier whose relatives are right in the heart of the best grazing and beef producing lands in the province? you are up against a question which at first sight might appear unanswerable. But after all we are in an age of economy, or at least that is the kind of thing the Bell combination preached just before they took office, and the matter of prices paid under the tender system and in good old Conservative days, with that paid to the favorites has caused some very considerable thought and argument.

In 1918, the last full year of the Arsenal Government, the price paid for beef was around about 15 cents per pound. In 1919, the year in which the Bell manipulators got in their fine work, the price got up to 18 cents. But in 1920, where the present combination had full swing for the whole year, and with the price of meats appreciably declining, our wise Government economists waltzed the prices up to 20 cents per pound. CARCASS WEIGHTS. To those of our people who have been buying fairly good cuts of beef in the retail markets at prices ranging from 15 to 25 cents, and the shanks and boiling pieces at 6 to 10 cents, in a small retail way, these fancy prices, PAID BY THE WHOLE CARCASS, will not appeal to them as being very strictly economical. And looking at it in that light the unanimous opinion of the village store parliament was, that the Guardian was fully in line with public opinion in bringing these matters to the attention of the people, and that the Patriot's invitation to the inside friends to "Come to the crib and get' your fill," was not so much out of place after all.

But getting back to the question of the Guardian, with that attaching sting known as Current Comment, there was almost a unanimity of opinion that it was one of the big safeguards of the country. Big as their blunderings and transgressions were they would have been infinitely bigger were it not for this watchdog of the people's interests. And what made the situation the more impressive was the fact that line after line and paragraph after paragraph had been carefully gone over to see if there were any flaws in the statements of fact, and this without discovering any breaches, the debates were almost wholly one sided. An amusing incident occurred when one had seen the color of Bell Government cheques, undertook to stand up in defence of his friends. His arguments partook of the character of those used by his friends in parliament, and without citation of proof or fact he declared, a la Patriot, "Its all lies," whereon a bystander asked, "If it's all lies, why don't your friends

come out with the straight fact and refute it." There was silence for a few moments and the reply came, "Do you think the members of the Government are going to answer that kind of stuff and let the country think they are a parcel of fools?" And another bystander, one who felt keenly the deception that the Bell crowd had practiced upon him, quickly answered, "No danger of that, THE COUNTRY KNOWS THAT ALL READY, and what is more THE GOVERNMENT KNOWS THAT THE COUNTRY KNOWS IT."

## THANKS GIVING MEETING

An enjoyable evening was spent in Hamilton Hall on Wednesday May 4th, when the Hamilton Auxiliary of the W. M. S. held its annual Thank-offering meeting. Rev. J. M. Murchison acted as chairman and the programme was fully enjoyed by all present.

Rev. T. W. Goodwill of Kensington gave the address which was listened to with unabated interest as he told of how Church and Nation prospered when the last command of the Master was obeyed to "Go Ye into All the World." How the Church and Nations failed to carry out the last command and of the need of the Gospel in the Nations beyond the Seas, especially in Africa.

The programme consisted of the following: Opening Field Scripture Reading Matt. 28 chapter, by the Ladies of the Auxiliary, Prayer by Mr. Murchison, Remarks by Chairman, Brief report of the year's work of the society by Mrs. Geo. Taylor, Reading—How Hazel Hetty Tithed, by Miss Hazel Ramsay, Solo—Sing of the Sunbeam by Miss Goldie Woodside, Address—Rev. Mr. Goodwill, Solo—Thy Word Have I Hid in My Heart by Rev. J. M. Murchison, Reading—Women and the Macedonian Cry by Miss Kathryn Murchison Solo—Bring Them in by Miss Goldie Woodside.

A hearty vote of thanks moved by Mrs. Geo. Taylor and supported by Rev. R. S. Sinclair and Mr. Thomas Ramsay was tendered, the Rev. Mr. Goodwill for the address given. Mr. Goodwill in his reply said he felt the vote of thanks should be fore Mr. Sinclair who had years ago laid the foundation of the Church broad and deep in Western Canada, by leaving brighter prospects at home and going West enduring many privations, "Singing of the closing chorus Sunshine All Along the Way, brought the meeting to a close. Misses Mattie Ramsay and Hazel Ramsay were the accompanists for the evening.

## FAITHFUL DOG ROUTS WOMAN'S ASSAILANT

Screams of Victim Bring Animal To Her Rescue

BELLEVILLE, Ont., May 7.—Mrs. Reid, of Cherry Valley, Prince Edward County, was attacked by an unknown man while walking along a lane to her home. Her screams attracted her dog, which attacked her assailant, making him beat a retreat. Mrs. Reid told her husband, who is master of Cherry Valley Orange Lodge, then in session. Then the lodge broke up and members with neighbors, started to hunt for her assailant. It is believed he has been surrounded in the woods near here.

# ROYAL YEAST CAKES

Good home made bread is the finest food on earth, and the wife that is a good bread maker is a real helpmate to the bread winner. Bread is the one food that perfectly combines in itself all the elements that give strength to the body. Children who eat lots of good home made bread thrive the best—they never get sick from eating good bread. Bread making is a simple operation. Bread made in the home with Royal Yeast Cakes possesses a greater degree of nourishment, and will keep fresh longer than that made with any other.

Scientists highly recommend yeast as a food and as a corrective agent for certain functional disarrangements, attributed to poor blood conditions. Soak a cake of Royal Yeast for half an hour in a cup of lukewarm water with one teaspoon sugar. Then stir well and strain once or twice through muslin and drink the liquid. BETTER results will be obtained by allowing it to soak over night and drinking half an hour before breakfast. Repeat as often as desired. Send name and address for free booklet, entitled "Royal Yeast for Better Health."

Rector of Trinity Church, today was raised to the episcopate in the great Cathedral of St. John the Divine. Dr. Manning becomes the tenth Bishop of the Diocese of New York, and was elected to succeed the late Bishop Greer.

Nearly half a hundred prelates and hundreds of other clergy took part in the ceremony of consecration, which was the most elaborate of its kind ever seen here. The Cathedral was thronged with persons of social prominence from Philadelphia, Washington, Boston, and other cities. Spacious though it is, the cathedral was unable to accommodate all who sought admittance, and hundreds of New Yorkers were forced to remain outside, contenting themselves with viewing the procession of robed prelates as it proceeded in stately dignity from the synod hall into the Cathedral for the beginning of the ceremony.

The service began with the "Holy Communion" read by the officiating bishop from in front of the altar table. The consecration sermon followed, and at its close the most solemn part of the service began. The bishop-elect, clad in long purple satin vestments, was presented. After the "laying on of the hands" the presiding bishop recited the words which made Dr. Manning a bishop.

At the consecration service the new bishop used a church book 132 years old. The book is an ordinal containing the ritual for confirmation and for the ordination of a deacon, a priest, and a

bishop. It was originally the property of Rt. Rev. Samuel Provoost, the first Episcopal Bishop of New York. Bishop Provoost was consecrated in Lambeth Chapel, London, in 1787. He received the book in 1789.

## UNIQUE PEARL ROBBERY

LONDON, May 7.—A gigantic pearl swindle, involving an amount estimated at nearly a million dollars, was uncovered here this afternoon by prominent London jewelers. Fake pearls, so nearly resembling the genuine as to make detection practically impossible, have been imported from Japan in large quantities. Hundreds of thousands of dollars' worth of the spurious gems have been thrown on the London market.

Today deputation of leading London jewelers, wholesalers and commission merchants petitioned the Board of Trade to put under importation all pearls until a test has been discovered which will reveal the spurious stones.

Hundreds of society women are thought to be wearing fake pearls because huge quantities of the gems have been sold in recent months by utilizing the live wire to cover a mother of pearl shell with a thin veneer, which exactly resembles the true Oriental pearl. Discovery of the fake pearls is impossible, except by breaking the gem which is an expensive process if the stone turns out to be genuine.
