Often Ill Health. Can be traced directly to wrong food and drink. This cause, more than any other, creates personal discomfort—often disease. Your doctor can confirm that tea and coffee contain a drug, caffeine, which is the common cause of headache, biliousness, indigestion, nervousness, heart trouble, and a long train of aches and ills that bring misery to many who might otherwise be well and happy. Anyone who values health enough to make an easy test can be free from tea and coffee ills by changing to POSTUM. This pure food-drink, made of prime wheat and the juice of southern sugarcane, is absolutely free from the drug, caffeine—the cause of tea and coffee troubles. Postum now comes in two forms: Regular Postum—must be well boiled. Instant Postum—is a soluble powder. A spoonful dissolved in a cup of hot water, with sugar and cream to taste, makes a delicious beverage instantly. "There's a Reason" for POSTUM. CANADIAN POSTUM CEREAL CO., LTD., WINDSOR, ONT.

The Delicacy of Baby's Skin. Cold Air, Rough Winds, Strong Soaps Often Bring on Chronic Eczema. More beautiful than the rose is baby's skin when in health, and so delicate that it is susceptible to anything which irritates. For this reason baby's skin troubles are many, and frequently chronic itching eczema is developed. Nothing can be better for baby's skin, when irritated, than Dr. Chase's Ointment, and when eczema is developed you can apply this preparation with the knowledge that its wonderful record as a healer of the skin is due to the success it has proven in the cure of eczema. The intense itching of eczema of the face and scalp is very hard for the little one to bear, and is a source of worry and anxiety to the mother. The itching parts are scratched, and nasty and colored scars are formed. Eczema naturally becomes chronic and spreads over the body. You can positively control eczema and cure it by the use of Dr. Chase's Ointment. What is better still is to use this ointment for all chafing and irritation of the skin and prevent eczema from getting started. 11.35. W.N. Tanton Sunnyside
