

### Enjoy a Real Tour on Gum-Dipped Tires

When you tour on Gum-Dipped Tires all roads seem equally good. There is nothing to compare with the smooth, sure performance of these big, low-pressure tires. Jolts and vibrations disappear. Stretches of rough going cannot disturb you or harm the mechanism and well-built structure of your car.

If it is slippery and muddy underfoot, Gum-Dipped Tires, having double the road contact, cling to the road and hold the car unwaveringly to a true, straight course. On grades there is extra traction; at sharp curves or in quick stops you will have perfect control of wheel and brake. Skidding is almost impossible.

Through the development of the exclusive Gum-Dipping process, Firestone has tremendously increased tire mileage in balloon tires. This insulates and impregnates every fibre of every cord with rubber, reduces internal heat and friction and delivers thousands of extra miles with added comfort and safety.

Ask any Firestone Dealer to show you the structure of Balloon Gum-Dipped Tires and to tell you their advantages. He is an authority on this type of tire and is in a position to serve you better and save you money. See him today.

BORDEN PICNIC—The meal at Borden Picnic, Aug. 24th is not a supper, it's a banquet—so hop to it. 8653-8-20-23-21.

### In Memoriam

#### THE LATE GEORGE A. PARKER

The death occurred at his home in Georgetown Royalty Thursday of Mr. George A. Parker, an aged and highly esteemed farmer of that place.

Mr. Parker had been in failing health for several years, following an attack of paralysis, and in July last his illness took a more serious turn, and he gradually grew weaker until the end came.

The late Mr. Parker was the son of the late John Parker. In the days when ship-building flourished he was engaged as a ship carpenter and worked on many of the vessels which were launched from Georgetown and vicinity. He was a skillful and faithful workman, and a man of splendid physique.

Subsequently he carried on farming successfully for many years until laid aside by illness. By his sterling character, strict integrity and genial friendly manner he made many warm friends during a long and busy life, and by his death the community loses one of its most highly respected residents.

There are left to fondly cherish the memory of a devoted husband and father, his wife, three sons, Wallace W., in the Western States, George H., in Georgetown Royalty, and Charles on the homestead, also three daughters, Miss Maggie at home, Emma, wife of John D. Knight, Georgetown, and Annie wife of John Aitken, Aitken's Farm. The funeral will be held at 2 p. m. today, Saturday.

### Eastern Guardian

EASTERN AGENT—Mr. J. W. Murdoch is Guardian agent in Montague and will be pleased to receive news items, advertising, new and renewal subscriptions.

THE LADIES OF LOWER MONTAGUE will serve supper and ice cream in the Lower Montague Hall, Wednesday August 24th, commencing at 4 p. m. Proceeds in aid of improvements of Cemetery. 8625-8-19-21.

### L. O. C. Field Day At Camp Grounds

The L. O. C. Camp Field Day took place on Wednesday afternoon at the Camp Grounds, Curley's field, Fort Augustus.

The boys looked forward to this day with great interest and were practicing every day in order to be in condition for the sports, and showed splendid results under the splendid training of William Halpenney.

In fact this was one of the best field days ever held by the camp. Every event was well filled and the competition was very keen, the boys entering into the competition with zest and enthusiasm.

The following were the officials: Rev. P. McMahon, Jas Coyle, Wm. Halpenney, W. J. Brown, Ned Chaisson, Fort Augustus.

The following is a summary of the events: 100 Yards (Open) 1st A. Connolly, 2nd E. Began, 3rd E. Larter, Time 12 seconds. 75 Yards (12 years and under) 1st R. LeClair, 2nd T. Duffy, 3rd Fred Coyle, High Jump (Open) 1st E. Larter and E. Began (tied), 3rd A. Connolly, 1st Drawn by Larter, Height—4 ft. 9 in.

Quarter Miles (Open) 1st E. Larter, 2nd A. Connolly, 3rd E. Began, Broad Jump (14 years and under) 1st J. Peters, 2nd E. Toombs, 3rd W. Brown, Broad Jump (Senior) 1st E. Larter, 2nd E. Began, 3rd A. Reardon, Distance 15 ft. 6 in.

50 Yard Dash (10 yrs. and Under) 1st Fred Coyle, 2nd R. Hennessey, 3rd A. Campbell.

### Retain Your Vigor

This Can Only be Done by Keeping the Blood Rich and Red.

If you would regain your vigor and ambition, keep your blood and nerves in good condition. Anemia, or thin blood lowers the vitality, starves the nerves and causes a general run-down condition. When the blood is thin the skin loses its color, the shoulders droop and weight is lost. The victim of anemia loses appetite, suffers from indigestion, headaches and sleeplessness, and is nervous and exhausted after slight exertion. If you have any of these symptoms do not delay but begin treatment now with Dr. Williams' Pink Pills and you will be gratified with the prompt improvement in your condition. Among the thousands who have found new health through the use of this medicine is Mrs. Hoberst Nagle, Ludlow, N. B., who says: "I had not been feeling well for some time and was gradually growing weaker. I would take dizzy spells and often faint. I was subject to severe headaches and found it hard to do my work. I took doctor's medicine for some time, but it did me no good, and I was still growing weaker. In this condition I began the use of Dr. Williams' Pink Pills and in a short time found they were helping me. I continued the use of the pills for a while longer, and found that the trouble that had bothered me was gone and I was once more a well woman."

Get Dr. Williams' Pink Pills at your druggist's or write The Dr. Williams' Medicine Co., Brockville, Ont., and the pills will be sent post paid at 50 cents a box.

## FROST FOX FABRIC

### Safety lies in quality wire

The escape of one valuable fox would cost you more than Frost Fox Fabric several times over. Can you afford to risk this loss? One break is enough! Frost Fabric is impregnable to foxes. Cannot break at the joints—each joint is flexible like a hinge, ensuring long wear. Fabric erects easily on any kind of ground without sagging or bulging. Frost Fox Fabric is now galvanized both before and after it is woven, at a slight extra cost. Made of copper bearing steel wire, too, as an extra protection against rust. We will gladly send free literature, sample and prices. Write to

B. I. RAYNER, Agent, Summerside  
Frost Steel and Wire Company, Limited.  
Winnipeg HAMILTON, Ont. Montreal

## A MARVELOUS MACHINE WHICH OPERATES AUTOMATICALLY

### The Last Word In Phonograph Production— Sensational In Its Mechanical Construction And Workmanship Can Be Heard At Miller Bros.

During the past number of years, account of its original sensational rapid progress has been made in construction it is being viewed by the production of high class phonographs. Every attention has been paid in order to place on the market a development that will fulfill all the requirements of the music lover. With the production of the Automatic Orthophonic Victrola, the last word in this form of musical entertainment has been realized and the public supplied with an instrument which is, in its mechanical construction unique and in its cabinet workmanship a product of art. This marvel of music instruments is now being demonstrated at Miller Bros. Show Rooms. On

when the machine automatically stops.

It is this device which places the instrument above all former productions, and renders it the long looked for realization of musical entertainment.

All the nuisance and bother of personal attention to the machine is eliminated. All that is necessary is the placing of the records on the magazine arm, the touching of a switch and then the machine will automatically operate for an hour without attention of any kind. No winding is necessary as it is electrically operated.

The five distinguishing features of the Automatic Orthophonic are: It changes its own records; it plays for an hour without attention; it plays a pre-selected program of one's own choosing; it rejects any record in the program at one's desire, and it stops itself at the end of the program. The Automatic Orthophonic retails for \$775 and is on sale at Miller Bros., Gt. George St., where the public can at any time visit and view this latest and greatest in phonographic production.

Spring wheel for automobiles invented by a Chicago man is claimed to permit the use of solid tires and speed up to 70 miles an hour without discomfort.

### MOST DESOLATE SPOT IN THE WORLD

(By British United Press.)

LONDON, August 19.—Life in the Marofotsy country in Madagascar—said to be one of the loneliest, wildest and most mountainous spots on the face of the globe—is vividly pictured by W. Kendall Gale, in the "Chronicle" of the London Missionary Society.

"Except on the immediate edge of a stream or river," he writes, "the valleys—in most instances—are utterly desolate, shut in, red-walled, hazy with heat and brooding with eternal stillness."

Nor are the inhabitants of this country an improvement. They are composed of escaped slaves, criminals, thieves, murderers and garrulous, who gradually formed themselves into a tribe.

They have become a race of marauders and bandits, their hands against every man's, swooping down from the heights of Ketsa upon the pastoral people of the lower levels. There, in this unexplored land, they dwell in absolute security until the French occupation in 1895. But their spirit is unbroken and terrible crimes are committed in this wild and inhospitable region.

Minard's Liniment for burns.

## A FREE BREAD KNIFE This Week
