In Case of Colic

Give your horse Dr. J. Woodbury's Horse Liment internally—and at the same time, build up the general health and digestion of the horse, with Dr. J. Woodbury's Condition Powder.

Colic in a horse comes from the same cause as colic in a baby—acute indigestion.

These remedies tone up the stomach, regulate the bowels and kidneys, help the digestion, and soon put the animal in the best possible condition.

Dr. J. WOODBURY'S Horse Liment and Condition Powder

used whenever an animal is troubled with Cough, Cold, Diarrhoea, Glanders, Splint, Curb, Spavin, Cracked Hoof, Enlargement, Cut Sore, Bunch, Fever, these two reliable remedies will give prompt relief and change the sick, lame animal into vigorous, healthy one.

Keep these standard preparations always in your stable in case of disease or accident.

ON THE SQUARE—The Market Square presented an animated appearance last night, where great crowds were attracted to the stands where the "wheels of fortune" and other catch-penny devices were in full swing with eloquent home talent for the most part presiding over the destinies of the machines. Some excitement was caused about 10.30 when a countryman and an incensed townsman had a difference of opinion about something. The countryman who was quite a giant in stature, with one good thrust gave a demonstration of the Dempsey art of self-defence and laid his opponent, in the dust. Friends gathered him up and started dragging him to his boarding place on Kent Street a huge list of mourners (?) following, hoping to see some new phase of the situation arise but nothing transpired and after a while the crowd melted away.

CATARHUS HEADNESS MAY BE OVERCOME
If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your drugist and get 1 ounce of Earmint (double strength) and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.
This will often bring quick relief from the distressing head noises. Clogged nostrils about the breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing, or who has Catarrhal Deafness or head noises should give this prescription a trial.

P. E. Island Teachers In Annual Convention

There was a large attendance at the annual convention of the Teachers Association held in Prince of Wales College Hall yesterday, about 225 responding to the roll call.

After the enrollment of members the following committees were appointed:—
Press Committee, Principals H. Johnson, W. L. Wynne, H. McGinn, Resolutions Committee, Messrs J. D. Seaman, Neil McChanel, Miss Ethel Duffy.

Finance Committee, Mr. Charles McDuff, Inspector Shaw, Mr. Frank McMillan.

The address of the President, Inspector Doyle, was a masterly one and was very favorably commented upon.
The Superintendent of Education, Mr. R. H. Rogers, who appeared before the teachers for the first time since his acceptance of office, gave an excellent address. He is a fluent and pleasing speaker and his appeal to the teachers for co-operation with the Department and for a united effort to raise the standard of education in the province was timely and effective.
The convention meets again this morning at 9.30.
