SHIPPED SATURDAY.—Mr. John Horne of Winsloe, shipped on Saturday morning one of the best Island bred stallions that has left this country for years, to parties in Nova Scotia.

RAILWAY APPOINTMENT.—Mr. P. E. Holland, Station Agent at Vernon River, has been appointed Agent at Elmira, replacing Mr. J. P. Hogan, who has gone to Summerside.

CHAPEL CAR.—The Chapel Car of the American Church Extension Society has arrived in Boston for the Missionary Congress, Mr. Geo. Hennessey formerly of Charlottetown, is in charge of this car.

C. B. AND R. E.—At the convention of the C. B. and R. E. held at Halifax last week Mr. N. McLeod, of this city, was elected Grand Vice-President, and Mr. W. N. Riggs Grand President for P.E.I. Mr. J. H. Monaghan was the delegate from Charlottetown Division, No. 20. They all arrived here on Saturday night.

LAD'S MISFORTUNE.—The 12 years old son of Mr. Peter McKinnon, Alexandria, had the misfortune Friday morning of getting his leg broken above the knee. He was setting on a load driving along the road when by some means he was jirked off, falling under the carriage, one of the wheels passing over his leg with the result as stated.

POULTRY.—Mr. T. A. Benson, Dominion Poultry Representative, will address a meeting in the Hall at Wheatley River, on Friday, October 25th. The subject of the address will be the care and marketing of eggs. Mr. Benson will be accompanied by Mr. Russell Fee of Ottawa who will give an egg candling demonstration. All interested are invited to be present, and a special invitation is extended to ladies. The meeting will commence at 7.30 sharp.

FOR THANKSGIVING.—The outgoing trains on Saturday afternoon were crowded beyond their capacity and extra cars had to be added to the three different trains to accommodate the many people going home for the holiday. The Prince of Wales College boys were out in full force and made things lively for a while. The customary bouncing of the students was engaged in with great vigor and the "college yell" was heard repeatedly throughout the afternoon.

Mr. George H. Ross of Calgary, brother of Prof. T. Ross, of the Dept of Agriculture, is on a visit to this province. He arrived in the city Friday night and left Saturday for Redegue, his former home, where he will visit old friends and relatives. Mr. Ross is a leading lawyer in Calgary and is one of the Islanders who have made good in the West. He was attending the sitting of the Supreme Court in Ottawa last week and seized the opportunity of taking a trip to the Island to visit his former home.

A NARROW ESCAPE.—Mr. Ernest Lund of Mount Herbert, had a narrow escape from death on Wednesday night. It appears that some time after dark he heard a large bull belonging to him, roving about the yard having got out of its pen. Mr. Lund went out to put the animal into safe quarters but the bull was otherwise inclined and at once made a vicious attack upon him with the result that he now lies in a painful condition from wounds inflicted about his body. According to the latest news the injured man was doing fairly well after his serious experience. Mrs. Lund played a plucky part in the rescue of her husband from his awkward situation.

ANNIVERSARY.—Despite the inclemency of the weather Thursday evening Fredericton Hall was filled to its utmost capacity when the members of Refuge Division, met to celebrate their 19th anniversary. Promptly at eight o'clock, the meeting was called to order by Mr. N.S. J. Murray and the following program was well rendered:—Chorus, by the choir; Solo, by Mr. Edward Sellick; Address, by chairman; Address, Rev. W. D. Wilson; Chorus, by choir; Solo, Miss Jane Hill; Quartette, by Misses Jane Hill and Alecia Murray and Messrs Sellick and Frank Stevenson; Solo, Miss Eva Stevenson; Solo, Miss Alecia Murray; Gramophone Selections; Solo, Fred Haslam. Short addresses were given by Messrs M. Gillis and B. H. Rackham. Special mention should be made of the splendid address by Rev. W. D. Wilson, Field Secretary of the Temperance Alliance. His subject was The Triangle of Life, taking heredity, environment and training as the base and sides of the triangle, the former being the base. His explanation of these three factors was that "heredity is what we are," environment, "where we are" and training "what we do." The speaker gave an excellent dissertation on the manner in which these three are correlated, dwelling most instructively and interestingly on the effect of alcohol on the triangle of life. A program of choruses, solos and selections on the gramophone contributed much to the entertainment, the whole making a most enjoyable meeting. Miss Annie Bagnall presided at the organ.

RELIEVING AGENT.—Mr. Frank Dougan, Relieving Ticket Agent of the I. C. R., and formerly of the P. E. I. R. is now acting Ticket Agent of the I. C. R., at St. John in the absence of the agent.

FOX NEWS.—The Prince Albert Black Fox Co., bought what is probably one of the finest male foxes in the province on Saturday from the Canada Fox Exchange. The "black beauty" is of Dalton-Gordon breeding is seven months old and is already almost perfectly furred. He is coal black with the exception of a few silver hairs on face and markings on hips. He has a magnificent brush with large glistening white tip. Altogether it would be hard to surpass "Sir Harry" in form, fur or beauty and the President, Dr. J. Warburton, the Secretary, Treasurer Dr. H. D. Johnson and Ranch Manager T. B. Woodman are quite enthusiastic over him. Of course it took a long price to land him as there were many bidders but the directors were bound to buy only the best as the company's aim is an ultimate fur basis and they have made "fur" and their breeding their standard in the selection of every fox for their company.

HUNDRETH BIRTHDAY.—The Guardian was shown, yesterday, a photograph of Mrs. Magdalen McDonald, widow of Mr. Hugh McDonald, late of Peakes Station, taken on her hundredth birthday, which auspicious event was quietly celebrated at her home a few days ago in the midst of a number of friends. Mrs. McDonald, notwithstanding her advanced age, is still comparatively young, mentally and physically, retaining to a remarkable degree all her faculties and still healthily enjoying life. Mrs. Teresa McDonald, with whom the aged lady has resided for some years, did the honors at the birthday celebration in a most pleasing manner and all enjoyed the occasion most heartily. Mrs. McDonald, one of the few centenarians living, is a descendant of a long lived race, her mother, Mrs. Mary McCormack, wife of Mr. Angus McDonald, having lived to the age of 104. The photograph above referred to was taken by one of the guests and is a remarkably good one, showing a pleasing countenance on which the years have sat lightly, and apparent strength for several more birthdays. The Guardian unites with her many friends in best wishes for many happy days yet to come.
