VIOLENT STORM ON AMERICAN COAST

Number of Vessels Wrecked and Many Lives Lost. Fears Entertained as to Safety of Others. Some Narrow Escapes Recorded.

NEW YORK, April 5.—Fears that the steamer Prins Maurits, of the Royal Dutch West Indies Company Line, has gone down, possibly with all on board, were expressed tonight in a wireless message received from the steamer Algonquin, which yesterday went to the aid of the Prins Maurits, reported in distress off Cape Hatteras.

The message from the Algonquin said the last heard from the Prins Maurits were the words: "Sinking fast." The Algonquin's message added: "No later news was received from her, but all hands are supposed to have perished."

The Prins Maurits, which left New York Thursday for West Indian ports, carried only four passengers. She was commanded by Captain H. J. Vanderboom. The steamer is of 1,328 tons, 236 feet long, 35 feet beam and about 20 feet depth. She was built in Hamburg in 1900. She carried a crew of 40 to 45 men.

NORFOLK, April 5.—Steamers which went to the assistance of the Dutch steamer Prins Maurits reported tonight they were unable to find any trace of her, and had received no response to wireless calls to her.

NORFOLK, April 5.—The tug Edward Luckenbach sank off False Cove yesterday. Sixteen of the crew of 18 men are reported lost.

LEWES, Delaware, April 4.—Ten seamen were drowned yesterday off Delaware Capes in the coast storm. They were members of the crews of the Consolidated Coal Company's barges 6 and 9, which foundered in the gale.

CHARLESTON, S.C., April 5.—The Clyde line steamer Lenape brought into port here to-day Captain Murphy and the six members of the crew of the American schooner Alice Murphy, rescued yesterday in a violent storm near the North Carolina coast.

WILMINGTON, N.C., April 5.—The Morgan Line steamer Comas, New Orleans for New York, sent a wireless message to the coast guard cutter Seminole here to-day that she had rescued the crew of the barge North-western, which broke away from the tug Wellington Friday night and foundered north-east of Cape Lookout. The tug was en route from Jacksonville, for New York.

YESTERDAY IN THE HOUSE OF COMMONS

Prorogation Likely Next Monday. Public Accounts Committee Nearing End of its Work. Evidence so far Admitted Shows that Main Difficulty the Government had to Face was Liberal Officials Convinced with Liberals and Middlemen. One Liberal Already Suspended and Others Likely to Follow. Not a Tittle of Evidence to Connect Government or Member of it with Anything that was not Straight.

(From our own Reporter.) OTTAWA, April 6.—It is beginning to look more and more like prorogation the end of this week or early next week. The general prediction now is that the House will wind up business Saturday night and formally prorogue on Monday. It all depends on the Public Accounts Committee. The Government will give the Liberals every opportunity for investigation, in fact the Government is inviting it. If there has been wrong doing the Government wants to know it, if middlemen and officials of the department have succeeded in evading the Government's orders, that transaction were to be direct with manufacturers and wholesalers, the Cabinet is anxious to find it out.

(From our own Reporter.) OTTAWA, April 6.—The Agricultural estimates were passed last night after an all-day sitting, in which Hon. Martin Burrell explained his policy in administering the department. These estimates, of Hon. Robert Rogers returned to the estimates of mutual aid, which were nearly all passed by the agricultural estimates, Sir Robert Borden made a statement as to the policy of the Government in the purchase of horses for the Canadian army. He stated that an arrangement had been made between the various Governments on the subject. This was an arrangement with which Canada could not very well interfere, although representations were being made to have a change in the policy made so that certain Government could be allowed to purchase in Canada. The Government desired to give every opportunity to the farmers of Canada to dispose of their horses at the best possible prices. The Premier denied that certain buyers had withdrawn from Canada at the request of the Canadian Government. It was true those charged with the purchase of horses for Canadian buyers had withdrawn from Canada at the request of the Canadian Government. AUSTRO-GERMAN ARMY IN FULL RETREAT

(Special to the Guardian.) ROME, April 1.—The Tribuna publishes under a Vienna date, a despatch stating that according to the latest Austrian news, the Austro-German army in the Carpathians is in full retreat.

BRITISH WARSHIPS WATCH ZEEBRUGE

(Special to the Guardian.) AMSTERDAM, April 6.—A squadron of British warships is lying off the German naval base, off Zeebrugge, to prevent submarines from entering or leaving.

BRITISH TRAWLER SUNK BY SUBMARINE

(Special to the Guardian.) BLYTH, Eng., April 6.—The trawler Agatha was attacked by a German submarine yesterday off Longstom and sent to the bottom. The crew of 13 were rescued by the Swedish steamer, Tord, and landed here to-day.

BRITISH WARSHIPS BOMBARD SMYRNA FORTS

(Special to the Guardian.) LONDON, April 6.—Reuters Telegram Co. has received a despatch from its correspondent at Athens saying that British warships again bombarded the forts at the entrance to the Gulf of Smyrna Monday. Hydro-aeroplanes of the Allies dropped bombs, and the Vaili of Smyrna ordered Europeans to leave the town.

WAR SUMMARY

(Special to the Guardian.) LONDON, April 6.—Although the French are conducting a sustained and somewhat formidable offensive in the Meuse and Moselle in an effort to dislodge the Germans from St. Mihiel, the demarcation of the Allied armies as a whole indicates a disposition to await the outcome of the Russian fighting in the Carpathians before pouring troops into Hungary even to the extent of weakening her forces in Flanders, and to-night's Austrian official communication notes the presence and recounts the success of German and Austrian troops in Laborau Valley.

(Special to the Guardian.) TOKIO, April 6.—Reports originating in Berlin that war had broken out between China and Japan was officially denied to-day by the foreign office.

(Special to the Guardian.) Lord Kitchener, Secretary for War, took an important step to-night by the appointment of a committee whose duty it shall be to round up labor sufficient to produce munitions commensurate with the tremendous demand, and the temperance agitation will doubtless have the effect of increasing the quantity of labor in general. What the liquor problem will probably not be disclosed until parliament reassembles on April 14, but the idea of a general prohibition just at present is not seriously entertained. Authorities are hoped that the desired results will be obtained by voluntary abstention coupled with further restrictions on saloons.

(Special to the Guardian.) Bulgaria and Serbia have exchanged notes which on the surface appear to end the recent border incidents but official Serbian circles in London insist that the latest outbreak was engineered from Bulgaria and that Austrians as well as Turks were found among the dead raiders.

GERMAN SUBMARINE CAUGHT IN NET

(Special to the Guardian.) PARIS, April 6.—A German submarine became securely entangled in a net specially designed for that purpose, placed off Dover, according to "Petit Journal's" Dunkirk correspondent, who adds the French naval authorities expect to capture the submarine when it comes to the surface.

GERMAN REPORT OFFICIALLY CONTRADICTED

(Special to the Guardian.) TOKIO, April 6.—Reports originating in Berlin that war had broken out between China and Japan was officially denied to-day by the foreign office.

YESTERDAY IN THE LOCAL LEGISLATURE

Number of Bills Advanced. Questions Submitted Regarding Works in Various Constituencies. Consideration of Companies Act Resumed.

Tuesday, April 6, 1915. The House resumed to-day, after the Easter holidays, at 3.30 p.m., Mr. Speaker Vival in the chair.

Mr. DOBIE presented a petition from Artemas McArthur, Thomas Adams and others, provisional directors of the Northern, Port Hill, Arlington Telephone Co., Ltd., praying for an act of incorporation. The petition was referred to a committee of three to be reported upon.

Mr. G. F. DEWAR asked the Commissioner of Public Works if a petition had been received from certain residents of Blooming Point and wharf at Tracadie Bay, and what action the Department intends taking in the matter. The Commissioner replied that the petition had been received only a few days previously and that the first step that was being taken was having the place surveyed and reported on. Until then the matter could not be brought to the notice of the Government, but it was receiving the attention of his Department.

Mr. McWILLIAMS asked the Provincial Secretary-Treasurer to lay on the table of the House an itemised statement showing how the following amounts are made up:— (1) \$406.28 on page 7 of Classification of Expenditure. (2) \$200.00 on page 7 of Classification of Expenditure. (3) \$475.52 on page 6 of Classification of Expenditure. (4) \$20.20 on page 6 of Classification of Expenditure. (5) \$1,274.84 on page 4 of Classification of Expenditure.

Hon. Mr. McKINNON replied that he would produce the information asked for.

Mr. RICHARDS asked the Hon. the Leader of the Government "whether it is the intention of the Government to survey the river of this province during the year 1915 with a view to granting leases of barren bottoms; and, if so, in what locality or localities is it proposed to make such surveys?"

The PREMIER replied that it was the intention of the Government to make certain surveys, but the places where these surveys would be made were still engaging the attention of the Government. The plan for the year's operations had not yet been completed.

Mr. McWILLIAMS asked the Provincial Secretary-Treasurer to lay on the table of the House: Returns of the Stipendiary Magistrates, under "The Prohibition Act" and amendments thereto, of the Counties of Kings, Queens and Prince for the years ending December 31st, 1912, and December 31st, 1914. Also returns of Prosecutors under aforesaid Act, for the said Counties for the years 1913 and 1914.

Hon. Mr. McKINNON stated that he would lay these returns on the table to-morrow.

Hon. Mr. McKINNON then moved a resolution to introduce a bill entitled "An Act to incorporate the Prince Edward Island Fox Breeders' Association," and to provide financial assistance to the said incorporation. In moving the resolution, Mr. McKINNON said it was not necessary for him to make any extended remarks in regard to the bill, which concerned an industry of the people of the country and the purpose of which was well known to all. It was the result of the deliberations of the three committees of 5 each which had been appointed by largely attended meetings of fox breeders in the various counties of the province. These committees had met in Charlottetown at various times and had devoted considerable time and great pains to the drafting of the bill and they deserved credit for the work they had done. He moved the adoption of the resolution.

Hon. Chas. Dalton seconded the motion, which was carried. On the motion of Mr. McKINNON, the House then resolved itself into committee. Mr. Dobie in the chair, to take into consideration the resolution, which was read and passed unanimously.

Hon. Mr. McKINNON then introduced the bill, which was read a first time. The bill was read a first time.

Mr. DOBIE, chairman of the committee on the petition of Artemas McArthur and others, asking for the incorporation of the Northern, Port Hill, Arlington Telephone Co., Ltd., then introduced a bill for the incorporation of the said company, which was read a first time.

GERMAN GOVERNMENT BLAMES BRITAIN FOR U.S. CITIZEN'S DEATH

(Special to the Guardian.) WASHINGTON, April 6.—An official statement issued to-day at the German Embassy, quoting a message from Berlin, says the German Government tried to place the responsibility for the loss of life on board the British steamer Falaba upon the British Government, reiterating Germany's warning to neutral passengers on ships crossing the war zone. Military necessity is given as a reason for the action of the submarines, which prevents them from saving lives.
