

WM. H. TAFT IS CHOICE OF REPUBLICAN CONVENTION

Sherman For Vice President-Details of the Vote A New Party For Roosevelt-350 Teddy's Men Refuse to Vote-Taft Gets 561 of 1078 Votes

(Canadian Press.) CONVENTION HALL, CHICAGO, June 23-With nearly 350 of the Roosevelt delegates declining to vote and hastening away at adjournment time to tender to Col. Roosevelt the nomination of a new party, the 5th Republican National convention, at the end of a long and tumultuous session, tonight nominated Wm. Howard Taft of Ohio for President and James S. Sherman of New York for Vice-Pres't.

to make the nomination by acclamation was declared out of order. There were many scattering votes on the roll call that ensued. The Convention, amid much confusion, adjourned since die. At no time was there an indication of a walkout of the Roosevelt delegates. As a rule they expressed their revolt by silence. The detailed vote for president was: Taft 561, Roosevelt 107, LaFollette 41, Cummins 17, Hughes 2, Not voting 344, Absent 62.

At times during the balloting the convention was in great confusion. The result of the voting for vice-president was: Sherman 597, Boral 21, Merriam 20, Hadley 14, Beveridge 12, Gillette 7, Absent 1. Present but not voting 352.

In the conclusion just before adjournment a resolution was adopted giving the National Committee power to declare vacant the seat of any man on the committee refusing to support the nominees of the regular convention of 1912.

CURED GIRL OF PARALYSIS.

ST. JOHN, June 21-A special London correspondent of the New York Sun visited Miss Margaret Otablet at her home in Northumberland and concluded after a close investigation, that there is no doubt whatever that her recovery from paralysis, from which she had long suffered and for which she visited the grotto of Our Lady of Lourdes, is genuine. Miss Stabler, who went to Lourdes with the other, English pilgrims a week or so ago, continues to improve and gain in strength. She had been suffering from paralysis for some time, was eagerly preparing for a visit to a forthcoming fête at Cowpen, a neighboring village.

Miss Stabler was 21 years old on June 8. She spent her two preceding birthdays in bed. When she undertook the journey to Lourdes at the beginning of the present month at the instance of the Catholic Women's League with some personal friends she reclined in an ambulance stretcher and was practically dead from her waist to her feet. Her left arm was also palsied. She had fits of insomnia and periodical loss of speech with attacks of paralysis and pains in the back from which she was greatly exhausted.

"I attributed my cure to our blessed Lady of Lourdes," she told the Sun reporter, who watched her doing some embroidery. She afterwards stood up to have her photograph taken. Dr. Fothergill, her physician, declared his belief that her cure was permanent, and the Rev. Father Kershaw, who has been with her through her whole illness, believes her recovery is due to a supernatural agency.

OVER 80 WALKS 20 MILES.

NORTH ADAMS, June 21-Hot sun and dusty roads didn't bother O. W. Snow, eighty-five years old, when it came to a matter of walking a mere twenty miles. I may not be as good as Weston, said the old man, whose hair is white as his name, but when it comes to a mere score of miles it's a mere trifle. Snow lives in Adams. Word came from his birthplace at West Cummington, thirteen miles up in the mountains, that the town was celebrating Old Home Day. Snow decided to go. A friend gave him a ride as far as Savoy, six miles. Seeing no other wagon handy, the old man decided to hoof it. Late in the afternoon, after enjoying himself to his fill, Snow went over to Charley Hathaway's place in West Cummington. Hathaway drives the daily stage. Going over now queried Snow. Not yet, was the reply. I've got to finish milking. All right, I'll walk home, said Snow.

MORAL EARNESTNESS FOR YOUNG GIRLS.

CLEVELAND, Ohio, June 20-That the dress of our young girls has never been less modest since the days of Louis XVI, was the startling charge made by Miss Beulah E. Kennard in an address before the National Conference of Charities and Correction here this morning. "Young girls were once sheltered, restrained by family life," said Miss Kennard. "They had violent emotions but no expression for them except in harmless forms of poetry or music or the explosive form of hysteria. The present freedom of girls from parental control and inner-restraint necessary to their safety. They are sophisticated to some extent that for us than their confident manner would indicate, and are too young to regulate their emotions. The continuance of the race and its welfare, which is the man business of life is left in the hands of careless children without any preparation or guidance whatever. The safeguarding of our dance halls and places of amusement against the more obvious dangers is well, but not enough. Training must be given in the homes, developing moral earnestness; in the schools, giving safe channels for emotion through art and music, and social centres by vigorous games, folk dances, and other emotional safety valves."

SUN, MOON TIDES, AND LENGTH OF TODAY

The tide will be high this evening at 7:01 and tomorrow at 8:06; it will be high tomorrow morning at 6:48 and Wednesday at 7:33. The sun sets this evening and tomorrow at 7:55; it rises tomorrow morning and Wednesday at 4:10. The moon sets tomorrow morning at 1:17. The full moon will be at 9:34 a.m. on June 29. The length of today will be fifteen hours and forty-six minutes.

MANY ENTRIES ARE RECORDED IN OLYMPICS

(Canadian Press.) STOCKHOLM, June 23-The number of entries in the Olympic games is greater than on any previous occasion. Seventeen heats and two qualifying rounds will be necessary to reduce the field of 95 entries for the 100 metre dash to six men entitled to compete in the final. One hundred men are entered for the 200 metre dash, 28 will contest in the 400 metre event and 71 in the 800 metres. For 1500 metres 88 men are entered and for the 500 metre 80. The 10,000 metre run has attracted 82.

HOW LONDON DISPOSES OF CANADIAN ISSUES

LONDON, June 20-The glut in underwriting attracts much attention in financial circles. The past three months has seen an almost unprecedented list of what are called here "added issues."

The largest include Canada, £5,000,000 sterling in 3 1/2 per cents, of which the public took only 30 per cent.; City of Winnipeg, £960,000 fours, of which the public took 26 per cent.; Quebec and Lake St. John, £875,000, of which the public took only 5 per cent.; Algoma Steel Corporation, £1,113,000 fives, of which the public took 7 per cent.

This of the eight largest issues in the past three months amounting to £21,750,000 sterling, the underwriters were left with an average of 75 1/2 per cent.

The public asks what can they be doing with this vast mass of undigested issues. The fact that insurance companies now form an important class of underwriters suggests a partial answer. They sell out consols and other gilt-edged stocks, underwrite for good issues, getting them at actual cost, namely, issue price, less commission, and lock them up.

All the same there is no blinking the fact that the investment market badly needs a rest.

EIGHT YEAR OLD CHILD KILLED NEAR OXFORD

(Special to The Guardian.) HALIFAX, June 23-The eight year old son of I. C. R. Inspector Colburn of Macaan was run over by the freight Saturday morning two miles from Oxford.

The driver of the Maritime Express observed the child lying by the side of the track and when the train stopped the men went back and found the child had been run over by the previous train.

Portions of the right leg and the left arm were severed and both legs and the right arm were broken. He told the trainmen he was picking strawberries.

The boy was brought to Oxford Jet, and when the train reached Windsor Jet a telegram stated the boy was dead.

LONGBOAT TO RACE

TORONTO, June 20-After a dispute as to their respective running powers, Tom Longboat, the Indian, and Charlie Kerrie, manager of the Tochemeh lacrosse team, were matched to a foot race at the Saturday night professional meet for 500 yards, for a side bet of \$25.

MONTREAL INN MANAGER HELD RESPONSIBLE FOR WAITERS PECULIAR DEATH

LACROSSE GAMES OF YESTERDAY

(Canadian Press.) MONTREAL, June 23-The Montreal Lacrosse team was the only local team to score a victory today, defeating the Capitals of Ottawa in the N. L. U. fixture by the close score of 3-2. In the Dominion Lacrosse Association game the visiting Toronto twelve defeated the Irish-Canadians 2-1 while the East End team of the Nationals journeyed to Toronto and were there defeated by the Tecumsehs in the D. L. A. match by a similar score. At Cornwall the home team retained the leadership of the N. L. U. by winning a 7 to 3 victory over the Shamrocks of this city.

CONVICT'S AWFUL DEATH

ATLANTA, Ga., June 19-In his attempt to escape, hindered by double shackles, John Wallace, a convict serving a term at the city stockade, was scalded to death today in a sewer. Wallace was working with the road gang when he approached a manhole. Seeing an opportunity to get away from servitude, he waited until the guard's back was turned and then dropped into the hole, and in a minute was out of sight in its windings. Ten minutes after he entered, and while the guards were standing over all manholes waiting, gun in hand, for him to attempt to get out, 10,000 gallons of boiling water were let loose in a raging torrent by the factory of the Fulton Bag and Cotton Mills.

Hoping to rescue the convict, Guards Mander, from whom he made his escape, volunteered to enter the sewer, but the superintendent of the works told him that it was useless and refused to allow the sacrifice. The convict was only a short distance in the sewer when the flood of boiling water struck him, and it is believed by the officers that he was literally cooked to death.

APPLE CROP IS SHORT.

BRIDGETOWN, June 19-The apple crop prospect of the Annapolis Valley at the present time is inclined to be a checked one, more particularly at the western end. In some sections, where praying has been carefully carried on, another fairly large crop is assured. Again in other orchards in Annapolis county, where spraying has been neglected, there will not be a quarter of a crop owing to the fungus working such ravages upon the foliage during the past wet weather, which has been very favorable for the growth of such low form of plant life.

Unfortunately, this is not the only pest getting in its deadly work to shorten up the apple crop with those who have neglected spraying. Probably this latter is manifest to a greater extent in the vicinity of Bear River than elsewhere. On the Annapolis side of this town, where the Clarke Bros. have been carefully spraying their orchards, the foliage is in the pink of condition, whereas, on the opposite the Digby side of the river, there are thousands of otherwise healthy apple trees denuded of their leaves.

As one observer expressed himself, there are between 4,000 and 5,000 apple trees without a single unbroken leaf on them, having been stripped by the ravages of the forest tent caterpillar, canker worm, etc. Many fruit growers have become disheartened over spraying by the neglect of their neighbors encouraging such breeding pest holes.

THE WEATHER AND TEMPERATURES

(Special to The Guardian.) TORONTO June 24-Moderate to fresh westerly winds, fair and quite warm. The temperature at three o'clock this morning by the "Reaxall Store" Tested Thermometer with a northern exposure was sixty degrees above zero. The lowest temperature recorded yesterday was sixty-six degrees above zero and the highest was seventy-six above. The lowest recorded the previous night was fifty-six above, at nine a. m., yesterday it was sixty-seven above and at nine p. m. it was sixty-six above. The lowest temperature recorded Saturday was sixty-one degrees above zero and the highest was seventy-one above. The lowest recorded the previous night was fifty-two above, at nine a. m. Saturday it was sixty-five above and at nine p. m. it was sixty-one above.

The first handicap, mixed foursome match of the season, was played on Belvidere links, on Saturday afternoon. Mrs. Arthur Leake and H. W. Longworth with the best net score, being the prize-winners. Tea was served by Mrs. Longworth and Mrs. Rosborough. The following are the scores of the different teams: Mrs. Arthur Peake and H. W. Longworth-Total score 88, handicap 32, net 56. Miss Haviland and Sydney Hopkirk-Total score 87, handicap 30, net 57. Mrs. J. O. Hynndman and Arthur W. Weeks-Total score 76, handicap 18, net 58. Mrs. W. W. Clarke and W. E. Bentley-Total score 92, handicap 30, net 62. Miss Grant and A. A. McLean-Total score 96, handicap 34, net 62. Mrs. Bagnall and Mr. Claxton-Total score 95, handicap 33, net 62. Miss McLeod and Dr. Jenkins-Total score 97, handicaps 34, net 63. Miss Rogers and Mr. Jenkins-Total score 88, handicap 25, net 63.

Died In Hospital From Effects of Knife Wound -Weapon Not Found- No Witness To Deed

WILL ARBITRATE SEAMENS TROUBLE

(Canadian Press.) MONTREAL, June 23-The Coroner's jury this afternoon brought in a verdict to the effect that W. A. Biles, a waiter who died in the hospital last night after being stabbed, died from the effects of a knife wound in the heart and that Wentworth Moseley, assistant manager of the Riverside Inn, Dominion Park is responsible for his death. Moseley will be arraigned Monday morning on a charge of manslaughter.

DELEGATES ON THEIR UPPERS.

CHICAGO, June 21-The high cost of living in Chicago during convention week today made itself felt with delegates to the Republican National Convention. Collections and subscriptions were started by the National Committee of those delegates to defray expenses of those delegates on whose purses the extended session was telling. It is the first time in many years members of the committee said that this situation had intruded on a national convention. Some of the delegates, it was learned today, had planned to leave for home tomorrow, their funds having become so far depleted they were unable to remain longer. Less than a dozen already have surrendered their seats in the convention to their alternates, and to prevent a general depopulation of the voting delegates' seats, those in better financial circumstances began today the collection of a Tide over fund.

AN EXPENSIVE GAME.

ST. LOUIS, June 20-How the late King Edward VII. of England lost \$80,000 to J. J. O'Toole, a big East St. Louis gambler, in a poker game and presented a gold purse to O'Toole in recognition of his superior ability at the game, was told before Justice of the Peace William Bell in East St. Louis. According to the testimony O'Toole won the \$80,000 and King Edward's admiration as well by beating a "pat" set of fours held by King Edward with a set of four eights.

WILL ARBITRATE SEAMENS TROUBLE

(Canadian Press.) PARIS, June 23-The Executive of the Seamen's Union has accepted the proposal of the government to submit the striking seamen's grievances to a Board of Arbitration. The King has received a very interesting letter from the Emperor of Germany in which the latter suggests that one of the King's sons should be allowed to complete his education in Germany. The King has not yet come to any discussion in the matter, but about the Court it is regarded as highly probable that Prince Albert in due course will be sent to one of the German universities for a time, and Heidelberg is spoken of as likely to be selected. King George spent some time at this university as a young man, and he still retains very happy memories of these days. Prince Albert will complete his studies at the Royal Naval College, Dartmouth, this year, and is then to be sent to sea on board one of the battleships of the home fleet for a time. It is unlikely, therefore, that the young Prince will be sent to Germany before the autumn of next year. When he goes he will have been created Duke of York by the King and will be entered under that name.
