BON-TONE DID MY BOY A WORLD OF GOOD SAYS HAPPY MOTHER

"Donald Really Never Looked So Well Before" States Mrs. Frost

What sufferers want is FACTS—not mere words and promises. The name of Bon-Tone is based on deeds—not mere empty promises. Right

who tells about her little 9 year old son, Donald, a student at Victoria school. M's. Frost says: "Ever since he was a baby, Donald has been sick. His bowels always gave him a lot of trouble and his stomach was not working right. Often these past two years he has complained of terrible headaches, pains in his stomach and dizzy spells and frequently he would have to come home from school on this account. His appetite was poor, he was weak and listless and seemed to have no ambition at all. Last spring he had the mumps and when he was getting better the doctor told me to give him a good tonic. I had noticed the statements of local people about Bon-Tone so I decided to try it for Donald. It wasn't long before he started to pick up and now he is fine—never has looked so well in his life. His appetite is good, he doesn't complain of his stomach any more and has no more headaches. Constipation is a thing of the past. He has plenty of life and pep now and has put on weight and really looks like a different boy. I am so happy over the results he has obtained from this great herbal tonic that I want everyone to know how good this medicine is and advise any mother who has a child not up to par in health to lose no time in starting the Bon-Tone treatment."

Bon-Tone is sold in Charlottetown by the Ross Drug United and by all first class druggists.

Drama And Comedy In "Call Of The Flesh"

RAMON NOVARRO SCORES IN COLORFUL OPERATIC ROMANCE AT THE PRINCE EDWARD

The rise of a young Spanish singer to take the heights of operatic fame as the result of a vivid love affair is the theme of Ramon Novarro's latest all-talking picture, "Call of the Flesh," now playing at the Prince Edward Theatre.

The production is undoubtedly the best in which the talented Mexican star has been seen since the advent of the talkies. The story sustains a high pitch of interest from the first reel to its spectacular climax while the scenes set a new note for picturesque backgrounds.

However, one of the outstanding attractions of the new Metro-Goldwyn-Mayer vehicle is its musical detail of which the talented Novarro takes full advantage, singing not only a variety of popular songs but for the first time giving movie audiences the treat of hearing him in operaticarias.

The acting is uniformly excellent, Novarro bringing an impetuous warmth to his role and again revealing his flair for light comedy, while supporting roles played by Dorothy Jordan, Ernest Torrence, Nancy O'Neil, Renee Adoree, Mathilda Compton and Kismet Hopton leave nothing to be desired.

"Call of the Flesh" is Novarro's best. Don't Miss It.

MURRAY HARBOR NORTH AND VICINITY

A few of our people from here were in attendance at the Thanksgiving service in the Peters Road Church on Sabbath evening, the 9th inst. A large and attentive congregation was present.

Thanksgiving Day was observed in many different methods by our residents here mostly in the routine of duties.

The Women's Missionary Society of the Presbyterian Church here held their monthly meeting at the home of their secretary, Mr. Geo. W. McClure on Tuesday evening, the 10th inst. A large number of members were present and some new members were enrolled. Routine work was transacted and an address on missions was given by the pastor, the Rev. P. Watson Currie. A dainty lunch was served by the hostess. The work of the society is flourishing and the year should show a favorable report for the advancement of the cause.

Two Schooners have been loading bags of potatoes from Clow's Wharf during the past week and a large quantity has been received though farmers declare prices too low in view of the high cost of other things.

Messrs. Herb. Llewellyn and George Graham have been employed shingling the roof of Harry Reid's dwelling house and have completed a satisfactory job in spite of some severe weather.

PERSONALS

Miss Grace Billingsley is visiting Miss Hazel Baker, Dartmouth, Nova Scotia.

Mr. Clifford and Master Billy MacGuigan, sons of Dr. J. D. MacGuigan, and Mrs. MacGuigan, of Charlottetown, spent Thanksgiving very pleasantly at the home of Mr. and Mrs. H. B. Haslam, Springfield, Lot 67, E.

IN MEMORIAM

MR JOHN GORMLEY

The death occurred at his home in this city yesterday afternoon of John Gormley, an old and highly respected resident of this city.

Passing the allotted span of four score years, the late Mr. Gormley, through ill health had been confined to his home for a number of years and for the past year had been confined to his bed.

In the early days when wooden pumps dotted Charlottetown's streets it was the late John Gormley who saw to it they were in working order and in this line he was an adept.

He was also in those days a member of the Fire Department, being attached for years to the Rollo Hose Company.

The late Mr. Gormley was an active member of the Laborers' Protective Union since its organization until illness compelled him to retire.

His wife predeceased him about two years ago. He leaves to mourn two sons and two daughters, viz: James in New York, and John W. at home. Mrs. John Marks, Miami, Fla., and Mrs. Walter Brown, Providence, R. I., to whom the Guardian extends heartfelt sympathy.

THE BOOK OF THE YEAR

The GOLDEN FUTURE of PRINCE EDWARD ISLAND

Read What the Halifax Star Says:

PRINCE EDWARD ISLAND

THE Charlottetown Guardian has recently issued a souvenir edition published in book-size form, with the optimistic title of "The Golden Future of Prince Edward Island."

It is an interesting edition. It is one that the native of Prince Edward Island, far from home, will read with a special glow of pleasure, for in poem, and story, in attractive illustration, and advertisement, it tells of the Island's glory, of its progress, and of its contribution to the life of this continent.

There are many excellent articles, but one of the best is the impression of an American journalist who visited the "Garden of the Gulf," and who tells vividly his impressions of its people, their traditions, the well kept homes, the splendid churches, and his amazement at the practical absence of divorce and crime.

His observations are worth noting. "This same little Province, which has no divorce problem, is also without a crime problem. Its crime rate, as indicated by convictions for serious offenses, is less than one-tenth the rate for Canada as a whole, and the Canadian rate is low. The Island hasn't had an execution in forty years!"

"Unemployment? There isn't any on the Island.

"Poverty? It is almost non-existent there.

"This Island has, per square mile, twice as many people, four times as many cattle, and eight times as much poultry, as any other Province of Canada. It has more railroads per square mile, more post offices, more telegraph lines, and more churches, and its people have more money in the savings banks, per capita, than have those of any other Canadian Province."

The publication is one worthy of that enterprising daily newspaper, The Charlottetown Guardian. Price 25 Cents.

A MILLION FAT FOLKS CAN'T BE WRONG

And that's a low estimate of the number taking Kruschen to keep down superfluous fat.

When you take vitalizing Kruschen Salts for a few days that old indolent, arm-chair feeling deserts you—it doesn't matter how fat you are—the urge for activity has got you—and you're "stepping lively."

And best of all you like this activity—you walk a couple of miles and enjoy it—you thought you'd never dance again, but you find you're getting as spry as ever—the old tingling, active feeling reaches even your feet.

Kruschen is a combination of the six salts Nature has already put into your body to keep you alive—if it were not for these vital salts you could not live.

One bottle is enough to prove to you that Kruschen will make you feel younger—spryer—more energetic—you'll enjoy life—every minute of it.

A half teaspoonful in a glass of hot water every morning is all you need to keep healthy—keep your stomach, liver, bowels and kidneys in a splendid condition—free your system from harmful toxins and acids.
