A Correspondent to the Guardian writes—Miss Minnie Hume of Boston, Mass, formerly of Iris, left here on the 4th after spending a pleasant vacation with her father, Capt W. Hume, and her aunt Mrs W. W. Walker, of Caledonia. Miss Hume was accompanied to Boston by Miss Mary E. Bane of Wood Island.

Do not send communications to individual members of staff. Everything should be addressed "The Charlottetown Guardian, Charlottetown, P.E. I," and on the left hand corner at the bottom of the envelope should "Advertising," "Subscription," "Editorial," or "News" according to the contents.

The marriage took place on Sept. 15, of Miss Margaret McInnis, youngest daughter of Mrs J. R. McInnis of Bayfield St, to W. T. Soule of Boston by Rev R. T. Flewelling, 176 Prospect Street, Cambridge, Mass. The bride who was attended by her sister May, was gowned in a delightful princess dress of white silk, with white hat to match, and carried a bouquet of bridal roses. The happy couple received many beautiful and costly presents.

The schooner Effie Howard, Captain Heather, Pugwash, is in port. This trim little vessel of twenty three tons is shortly to be improved by the addition of two gasoline engines, of 8 h. p. each and will be fitted with twin screws. The work will be done by Bruce Stewart & Co who are at present installing two of their famous Imperials which will in future act as auxiliary engines. Capt Heather decided some time ago to make this addition to his vessel and commenced to look around for a satisfactory and reliable gasoline engine. He inspected several of the mainland makes and had practically decided on an engine, which seemed to fill his requirements. Happening to be in the city, he paid a visit to Bruce Stewart & Co and after seeing and having the Imperial demonstrated to him he changed his choice and made arrangements with Messrs Stewart & Co which have resulted in the installation of their engines. Capt Heather has a neat and trim vessel, practically new, which was built some time ago for cruising, coasting and fishing, in fact for almost all purposes. She will become much more valuable now to her owner and will be always available for any trip without being dependent on conditions of wind or tide. This is an evidence of the widespread reputation which the firm of Bruce Stewart & Co enjoy here and on the mainland, and an assurance that their build of Marine engines can more than favorably compete with all other makes.

Miss Katie B. Moore, Pownal, has gone on a visit to friends in Brockton and other cities of the U. S.

The postponed praise service will be held in St. Andrew's church, Orwell, next Sabbath evening at seven o'clock. Free to all.

Rev Wm McLeod, Hampton, who has gone to attend the Synod in St John, will be absent until Oct 12th. He will conduct the usual divine services at Bonshaw on the 17th at 11, Hampton at 3 and Tryon at 7 p.m.

we believe are equal in mechanical construction, to the best pen made.

In addition to this, they have the following undeniable advantages.

1 They are self-filling, filled in a twinkling.

2 As there is no joint they cannot leak and soil the fingers as many good pens do.
