MEETING OF BIBLE SOCIETY LAST NIGHT

Large Attendance At Annual Session In St. James Church—Mr. W. G. Hogg Elected President.

The annual meeting of the Charlottetown Branch of the British and Foreign Bible Society was held last evening in St. James Presbyterian Church. Dr. Moonhead Legate, Pastor of St. James Church, led the service of worship and the address was delivered by Rev. E. R. Woodside, B. A., of Cornwall, P. E. I. Other assisting in the service were Rev. G. C. Webster, Adjt. Lynch, Rev. S. C. Cooper and Rev. A. E. McKenzie.

The subject of Mr. Woodside's address was "The Church and the Book" and his text Psalm 119, verse 130: "The entrance of Thy words giveth light." He began by quoting the words of John A. Paton, found in the Preface to the Report of British and Foreign Bible Society for 1937, "With us being pessimists we are all bound to admit that there are many clouds hanging over the world today—clouds of war and hostility, jealousy and misunderstanding, clouds of poverty and unemployment, ignorance and irreligion; and in no part of the globe is the sun shining from a clear sky. Lighten our darkness, we beseech Thee, O Lord; is the prayer of Christian people everywhere." Mr. Woodside went on to sketch where trouble is to be found today and its nature. He indicated the power for good that "The Word of God," the Scriptures, or "The Bible" is in the world. He referred to the annual report of the Society which states that over 11,000,000 copies of the Scriptures, in whole or in part, were distributed last year—six new languages were added to the already large list. He told of the joy there is among people who receive copies of the Bible for the first time in their own language.

Mrs. Keith Rogers presided at the organ and the choir sang as an anthem "There is a Blessed Home" by J. Christopher Marks. The business meeting of the local Branch of the Bible Society was conducted with Mr. J. M. McFadyen in the chair. The minutes of the last annual meeting were read and adopted. The Secretary, Mr. Warren, then read the list of names of those who canvassed during the past year in the interests of the Society. Both he and the President expressed hearty thanks to these ladies and gentlemen.

The financial report as presented by the Secy. Treasurer was an encouraging one, showing an increase in collections this year of approximately \$285.00. The balance on hand exceeds \$82.00 and \$850.00 was sent to the Dominion Branch of the Bible Society. The President spoke briefly on the absence, and while the collection for the Society's funds was still in progress, someone had stolen some \$49.00 from the P. E. I. Travel Bureau where it had been arranged to leave the money as a convenience to canvassers. He had himself replaced this sum in order that the Society might not be short. Later in the meeting Rev. G. C. Webster voiced the thought of many that this loss should not be a personal one for Mr. McFadyen.

The report of the nominating committee (which the President had previously appointed) was then received, and on motion duly seconded and carried, adopted. It was as follows:
 President, W. G. Hogg;
 Vice President, R. R. Hurst;
 Sec. Treas., A. J. Haslam.
 Executive Committee:—

 St. Paul's—W. V. Purdie,
 Central Christian—W. H. Stevenson.
 St. James—W. R. Burnett,

 The service was closed with the Benediction being pronounced by Rev. G. C. Webster.

The Week of Prayer Services continue this evening when the service will be held in Zion Presbyterian Church commencing at 7:30 p. m. The speaker will be Rev. J. A. Nicholson of York.

Will Attack Social Credit As Illegal

Opposing Claims In Dominion—Alberta Controversy To Be Heard Next Week.

(C.P. By Guardian's Special Wire)
 OTTAWA, Jan. 5—An attack on the whole plan for establishing Social Credit in Alberta as illegal and an invasion of the jurisdiction of the Federal Parliament was disclosed today as the central feature of the Dominion Government's case in next week's reference to the Supreme Court of Canada on Alberta legislation.
 Opposing this claim the Alberta Government takes the position that the lieutenant-governor of a province to reserve bills passed by the legislature for the approval of the Federal government and the validity of three reserved bills dealing with taxation of banks, credit regulation and newspapers.
 Facts were filed in the court on behalf of the Dominion Government, the Alberta Government and the Alberta daily and weekly newspapers. Other facts are expected from the banks and Canadian newspapers generally.
 The Dominion seeks court rulings upholding the Federal power of disallowance and the lieutenant-governor's power of reservation. Alberta seeks rulings to the effect these powers have ceased to exist. The Dominion seeks a declaration the three bills are unconstitutional, Alberta declaring they are constitutional.

The Alberta newspaper factum seeks a declaration the press bill is unconstitutional. The Canadian newspaper factum will have the same object and the banks' factum will be an attack on the credit regulation and bank taxation bills. Alberta bases its claim that the powers of the Dominion to disallow and of the lieutenant-governor to reserve have disappeared on the constitutional convention which has affected the powers of the Imperial government to disallow Federal legislation and of the Governor General to reserve Federal bills. It points out the two sets of powers are linked in the British North America Act.
 The Dominion, however, claims the B. N. A. Act has never been amended with respect to these powers and the only power to amend it rests with the Imperial Parliament. The powers in question are expressly provided for and statutory powers can never lapse through disuse.
 The bank and credit legislation is attacked by the Dominion on the ground it interferes with Federal control over banks, banking and currency. It is defended by Alberta with the claim it is within the province's powers over property and civil rights and the imposition of direct taxation.
 Property and civil rights are also relied upon by Alberta as justification for the press bill but the Dominion claims it infringes its jurisdiction covering criminal law, peace, order and good government and communications between provinces. The Alberta newspapers argue on a similar line with an added suggestion the measure impinges upon fundamental rights of Canadian citizenship.

CROCHET CAME INTO PROMINENCE LONG BEFORE WRITTEN WORD

Although crochet came into popularity long before the written word was ever recorded, it is still a vital force in the decoration of millions of homes. This everpopular art found its inception centuries back when primitive women were first forced to provide shelter and protection for herself with womanly ingenuity, she set to weaving strands of fiber and grass to fashion the clothing and shelter she so desperately needed. It was only natural that she first attempted this with single strands—and in so doing, she laid the foundation for our present-day crochet, knitting, and embroidery.
 An old dinner fork is so useful for keeping your brows clear of just turn it up the bristles once or twice and you'll be getting the dust and fluff you collect.
