LEAGUE WARNS AGAINST ACTION BEFORE DEC. 4

SEEKS FURTHER MEASURES TO PREVENT WAR

Italian Delegates Refrain From Taking Part in Discussions.

(By Wade Werner, Associated Press Foreign Staff) (A. P. By Guardian's Special Wire)

GENEVA, Sept. 26.—The Council of the League of Nations solemnly warned Italy and Ethiopia today against war.

At the same time it constituted itself into a committee to draft a report with recommendations for settlement of the East African conflict and to consider if "anything further can be done to safeguard peace."

Should either country start hostilities before Dec. 4, the League indirectly warned, it will be considered to have committed an act of war against all League members. This would automatically call for punitive steps.

Rousing Conservative Rally At Vernon River

Flies Atlantic

Felix Waitkus, former U.S. army flier, whose attempt to fly from New York to Kaunas, Lithuania, ended when he was forced down in Ireland.

Messrs. McLure And Myers I Brilliant Form. Meeting Enthusiastically Indorses Record Of Candidates And Policies Of Bennett Government.

Bringing the welcome news that definite arrangements had been made for Premier Bennett to speak in Charlottetown on Saturday night, October 5, Messrs. W. Chester S. McLure and J. H. Myers, Queens County Conservative standard bearers, addressed their second campaign meeting at Vernon River last night and were received with enthusiastic applause.

Notwithstanding an error in early press notices advertising the meeting for Vernon instead of Vernon River, the attendance was considerably larger than that which greeted the Liberal candidates in the same hall a few nights before, and the keenest interest and appreciation was manifested in the speeches delivered by the Conservative candidates.

The meeting was capably presided over by Mr. J. A. O'Keefe, excellent order being maintained throughout the proceedings, which closed with the National Anthem.

MR. J. H. MYERS

Emphasis on the need of this Province having greater independence in the matter of railway management was laid by Mr. Myers, the first speaker, who said, amid applause, that both he and his colleague, Mr. McLure, purposed, if re-elected, making this one of their chief concerns. "We want to stand on our own feet in this matter," he declared. A great deal of repair work now being done at Moncton could be done right in the railway shops in Charlottetown, giving employment to local people. As evidence of the fact that this pledge was no empty assurance, Mr. Myers reviewed the successful efforts made during the past few years in obtaining transference of car ferry expenditures from C.N.R. accounts to the Consolidated Revenue Fund, and of a substantial year round reduction in the excessive automobile rates on the car ferry—concessions based on recommendations of the Duncan Report of 1926, which remained unfulfilled until the Bennett Government took office.

In his opening remarks Mr. Myers explained that this is the only Province for many years past that has held joint debates which have been discontinued in Queens County this year. In the present campaign there are six candidates running in the county which would mean unnecessarily long joint meetings. This was one very good reason for holding separate meetings.

Liberal Obstruction Tactics

The world depressions made it easy for the Opposition at Ottawa, said the speaker. All they had to do was criticise and oppose every remedial legislation, and blame the effects of the depression on the Government.

"We have been charged by our opponents with having restricted world markets for Canadian products because of our tariff policies," Mr. Myers continued. "With this contention I will deal at some length and I think I can prove conclusively that such criticism has no foundation in fact."

He then proceeded to review the high tariff barriers erected against Canada in the period 1922 to 1930, before the Bennett Government assumed office, citing first the long list of tariff increases imposed on Canadian agricultural products by the United States. The post-war tariff increases of France, Germany, Czechoslovakia, the Argentine, Mexico, Cuba and other countries were cited.

"We are not blaming our opponents for the tariff increases imposed by the United States and European and other countries in their time," said Mr. Myers. "World conditions were responsible. What I do blame them for is the attempt to mislead the people by claiming that we were responsible for the imposition of these tariffs against us."

The Dunning Budget of 1930, Mr. Myers pointed out, imposed the highest tariffs ever placed by Canada against the United States. "Yet Mr. King complains about the Bennett tariffs."

PREMIER MITCHELL HEPBURN OF ONTARIO

LIBERAL RALLY IN STRAND THEATRE

Premier Hepburn Of Ontario Makes Plea On Behalf Of Liberal Cause.

Nearing the close of his cross Canada speaking tour on behalf of his federal leader, the Hon. W. L. Mackenzie King, Premier Mitchell Hepburn of Ontario at a Liberal rally in the Strand Theatre yesterday afternoon appealed to the electors for support of the local Liberal candidates in the coming federal election. In a double-barrelled verbal attack he charged that the high tariff protectionist policy of the Conservative Government, under Prime Minister Bennett, was under extended to agricultural areas and doubted the sincerity of Mr. H. H. Stevens, who he believed, although leader of the Reconstruction Party, was "still a Conservative."

Mr. Hepburn was introduced to the audience by Mr. R. C. Chandler, President of the local association, who acted as chairman of the meeting. Addresses of welcome were extended the Ontario Premier by Premier Lea, Mrs. J. A. Lawson, President of the Women's Liberal Club, and Dr. I. J. Yeo, President of 5th District Liberal Association. Mr. Wishart Campbell, well known Canadian radio artist and travelling companion of Mr. Hepburn, favored the audience with several vocal selections.

COAL STRIKE AT AN END

(A. P. By Guardian's Special Wire) WASHINGTON, Sept. 26.—Edward F. McGrady, assistant Secretary of Labor, reported to President Roosevelt tonight that the Appalachian wage negotiation committee had reached an agreement that would end the soft coal strike.

Only the formality of ratification by the full joint wage conference remained necessary to make the agreement final. This was to be given at a meeting at nine p. m. tonight.

Terms of the settlement were not made public immediately. The reported agreement followed four almost solid days of negotiations since the strike was declared last Sunday at midnight. At sun-down today, however, signs appeared that the end was near. At that time McGrady reported that "it looks good."

Anxiety for Josephine Nickerson of St. Peter's Bay, P. E. I., arose when letters addressed to her here were returned to her mother, Mrs. Frank H. Nickerson, as uncalled for. The girl had been here since spring.

James Cameron of New Aberdeen, N. S., was the third missing person. He left home July 15 to visit relatives in Pictou County, but he failed to turn up there, and since then he has been unreported.

Lithuanian Revolt Reported As Memel Election Nears

By Melvin K. Whiteleather, Associated Press Foreign Staff (By Guardian's Special Wire) BERLIN, Sept. 26.—Reports of an army mutiny and a farmers' strike in the Memel territory were highlighted in the German press today as part of the alleged unrest preceding Sunday's elections there.

Death and injury were headlined. The Memel balloting for members of the Landtag, the territorial Legislative Assembly, was set upon by the press as an incident analogous to the Saar plebiscite. Germans have held an overwhelming majority in the Landtag.

The mutiny and strike were reported in official news agency dispatches from Eydtkuhnen, on the Memel border, "trouble has even out elections"

Liberals Under Heavy Fire Retreat In Disorderly Fashion At Souris

In a short but powerful and decisive speech, Dr. W. J. P. MacMillan, outside Conservative speaker at the Souris meeting last night, exposed Liberal misrepresentations and effectively nailed many of Dr. Grant's pet arguments showing them to be inconsistent and inaccurate.

Dealing briefly with provincial politics, Dr. MacMillan pointed out that the speech from the Throne at a recent special session of the Legislature contained inaccuracies. Authority for borrowing money to pay for the repairs on the Provincial Building and the Rocky Point ferry was granted at the last session of the Legislature, he pointed out.

He discussed also Federal politics effectively taking Dr. Grant to task for several of his statements.

Dr. A. A. MacDonald, Conservative Federal candidate, was given a warm reception and an excellent hearing by the large audience which filled to capacity the large hall.

Dr. T. V. Grant, Liberal candidate, was supported by Premier W. M. Lea.

Mr. George Leslie, newly nominated Reconstruction candidate, also delivered a short address. It was his first appearance on the platform.

Mr. John Ryan presided.

Mr. Premier MacMillan who followed Premier Lea took the Premier's last words "beware of promises" and told the audience to think back two or three months to the promises that were made during the provincial campaign all over the country. He was satisfied, Dr. MacMillan said, with the verdict of the people but did not think it a good idea to have the absolute control of the affairs of the Province in the hands of any one party. To end proof of that, the speaker pointed out, one had to look at the result of the legislation passed at the special session Wednesday. The attorney-general's salary was increased and the Prohibition Commission abolished and so it is probably the first step towards Government Control. So they start, said the Doctor, but it is surprising that they put misstatements in

the mouth of the governor of the Province. The speech from the Throne stated that during the past season large expenditures have been incurred on behalf of the Province to meet the cost of the hard surfaced road between Borden and Charlottetown and to provide for the extensive repairs to the Provincial Building and the construction of the new ferry for the Rocky Point service and so on. Paragraph eight states that, no legislative provision was made for these expenditures, and that, said Dr. MacMillan, is the misstatement. For at the last session of the legislature authority was given to borrow \$200,000 for the purpose of paying for repairs to the Provincial Building, the new ferry, and for this Province's share of the portion of the Borden highway constructed last year. And so, said the speaker, you have a statement in the speech from the Throne that is not correct, and unless you have more men like Mr. Dennis and Mr. Cox you will see what will happen in the next few years.

Dealing then with Federal issues Dr. MacMillan pointed out in an address to the platform that third parties always appear under the Conservative government that for the nine years Mackenzie King held office from 1921 to 1930 that he could not have carried on without the aid of the third parties in the House. During that time he did not have a clear majority over all parties.

In regard to Dr. Grant's promise to abolish, if elected, all levies on King's County, Dr. MacMillan pointed out that he would have to consult the Provincial Government as it must bear part of the cost. The Federal Government bears part and the Canadian National Railway part, and the Provincial Government part of the cost.

Dr. MacMillan also dealt briefly but powerfully with such questions as soldiers and old age pensions
